Monuments and Memory, Made and Unmade Robert S. Nelson,Margaret Olin,2003 Examining how monuments preserve memory these essays demonstrate how phenomena as diverse as ancient drum towers in China and ritual whale killings in the Pacific Northwest serve to represent and negotiate time Through Holland in the Vivette Edward Keble Chatterton,1913 The Morning of Joy Horatius Bonar,2024-08-01 The morning That is our watchword Our evening prayers and songs are filled with hope The morning adds hue to life imparting color to that which is colorless and freshening that which is faded It is the essence of our hopes and dreams Stars may help to make the sky less gloomy but they are not the sun and besides clouds have now covered them so they are no longer visible Torches and beacon lights do not help Our own lights make no impression upon the darkness it is so deep so real so unmistakable We might give up all for lost if we were not assured that there is a sun and that it is hastening to rise and we are watching for it The church s pilgrimage is nearly complete yet she is no less a pilgrim as its end draws near The last stage of the journey might be the dreariest for her Her path lies through the thickest darkness that the world has yet felt It is the sound of falling kingdoms that is guiding us onward It is the fragments of broken thrones lying across our path that assure us that our route is the true one and that its end is near Then comes the morning with its songs and in that morning a kingdom and in that kingdom glory and in that glory the everlasting rest the Sabbath of eternity We belong to the day and the day belongs to us as our true heritage and when it comes we will not be ashamed for having zealously awaited that great day **Herman Melville** John Bryant,2020-10-26 A comprehensive exploration of Melville s formative years providing a new biographical foundation for today s generations of Melville readers Herman Melville A Half Known Life Volumes 1 and 2 follows Herman Melville s life from early childhood to his astonishing emergence as a bestselling novelist with the publication of Typee in 1846 These volumes comprise the first half of a comprehensive biography on Melville grounded in archival research new scholarship and incisive critical readings Author John Bryant a distinguished Melville scholar editor critic and educator traces the events and

experiences that shaped the many stranded consciousness of one of literature's greatest writers. This in depth and innovative biography covers Melville's family history and literary friendships, his father's longing for God, hunger, and search for the hidden nature of Being, the genesis of his liberal politics, his empathy for African Americans, Native Americans, Polynesians, South Americans, and immigrants. Original perspectives on Melville's earliest identities: orphaned son, sibling, farmer, teacher, debater, lover, actor, sailor, provide the context for Melville's evolution as a writer. The biography presents new information regarding Melville's reading, his early orations and acting experience, his life at sea and on the road, and the unsettling death of his older rival brother from mercury poisoning. It provides insights on experiences such as Melville's trauma at the loss of his father, his learning to write amidst a coterie of siblings, his struggles to find work during economic depression, his journey West, his life in whaling and in the navy, and his vagabondage in the South Pacific during the moment of American and European imperial incursions. A significant addition to Melville scholarship, this important biographical work explores the nature and development of Melville's creative consciousness through the lens of his revisions in manuscript and print. Assesses Melville's sexual growth and exploration of the spectrum of his masculinities. Highlights Melville's relevance in contemporary democratic society. Discusses Melville's blending of dark humor and tragedy in his unique version of the picturesque. Examines the replaying of Melville's life traumas throughout his entire works, from *Typee*, *Omoo*, *Redburn*, *White-Jacket*, *Moby-Dick*, *Pierre*, *Israel Potter*, and *The Confidence-Man* to his shorter works including *Bartleby*, his epic *Clarel*, his poetry, and his last novella *Billy Budd*. Covers such cultural and historical events as the American revolution, of his grandparents, the whaling industry, New York slavery, street life, and theater in Manhattan, the transatlantic slave trade, the Jacksonian economy, Indian removal, Pacific colonialism, and westward expansion. Written in an engaging style for scholars and general readers alike.

Herman Melville: A Half Known Life Volumes 1 and 2 is an indispensable new source of information and insights for those interested in Melville, 19th century and modern literature and culture, and readers of general American history and literary culture.
