Hydrogen Sonata It explores the development of Banks's political philosophical and literary thought arguing that the Culture offers both an image of a harmonious civilisation modelled on an alternative socialist form of globalisation and a critique of our neo liberal present As Joseph Norman explains the Culture is the result of an ongoing utopian process attempting through the application of technoscience to move beyond obstacles to progress such as imperialism capitalism the human condition religious dogma patriarchy and crises in artistic representation The Culture of The Culture defines Banks's creation as culture a utopian way of doing of being of seeing an approach an attitude and a lifestyle that has enabled and is evolving alongside utopia rather than an image of a static end state
