the Youth Aliyah movement who immigrated to the United States during the war to reunite with their families those designated as Friendly Enemy Aliens at the war's outbreak who were later deported to Australia and Canada and Orthodox refugee children who faced unique challenges attempting to maintain religious observance when placed with Gentile foster families who at times even attempted to convert them Based on archival sources and follow up interviews with refugee children both forty and seventy years after their flight to Britain this book gives a unique perspective into the political bureaucratic and human aspects of the Kindertransport scheme prior to and during World War II **Legends Live On R.** Samuel Baty,2013-08-29 Jennifer Haraldsson Sherman is now a Wife and Mother She is also an Army Nurse serving in the Washington DC area With Vietnam heating up she is uncomfortable thinking of the young Americans who will be going there to fight and die She feels an obligation to once again serve her country but she knows she will have to get the approval of her family first In Eastern Germany Jennifers old flame Otto Bruner is working hard for German reunification He has to be careful though as his bosses in East Germany believe Communism is the way to go Underneath Otto strongly disagrees One only has to compare the standard of living between East and West Germany to know that Ottos secret feelings are correct In this fascinating and hair raising story the author lays out the many challenges that are inherent in one of the most exciting periods in the history of the United States As he did with previous novels in the series the author ties the challenges faced by the leading characters with the most powerful people of the era The novel includes U S Presidents from John F Kennedy to George Herman Walker Bush The result is a thriller with many twists and turns which brings the key surviving characters together in what can truly be considered the end of an era This book is a must read for all those who love a gripping story

Grainger,2020-11-26 The Tenth Cruiser Squadron of the Grand Fleet had the task of patrolling the seas between Scotland and Greenland to intercept enemy ships trying to escape into the ocean and merchant ships who could be carrying goods destined for Germany This was a task of great political sensitivity since almost all the ships intercepted were neutrals and requiring great physical endurance from ships and men in the violent North Atlantic The Maritime Blockade of Germany in the Great War is a comprehensive collection of the records of the Northern Patrol It consists of regular reports of the admirals in command to which are added other relevant official records and more informal

documents There are the chatty letters of Captain Vivian and HMS Patia the appalling experiences of young officers placed in barely seaworthy sailing ships to see that they went into port for examination the pathetic mutiny by a bored distressed and underpaid black gang the diary of Able Seaman Style demonstrating the tedium of the patrol and the self satisfied diary of Dr Shaw There are also the casualties ships overwhelmed by storms sunk by enemy action torpedoed The ships of the Patrol were perhaps the most constantly active Royal Navy vessels in the Great War a barely acknowledged yet vital component in the eventual Allied victory
