Wishart, Jan Peter Laurens Loovers, 2018-06-13 Dogs in the North offers an interdisciplinary in depth consideration of the multiple roles that dogs have played in the North Spanning the deep history of humans and dogs in the North the volume examines a variety of contexts in North America and Eurasia The case studies build on archaeological ethnohistorical ethnographic and anthropological research to illuminate the

diversity and similarities in canine human relationships across this vast region The book sheds additional light on how dogs figure in the story of domestication and how they have participated in partnerships with people across time With contributions from a wide selection of authors *Dogs in the North* is aimed at students and scholars of anthropology archaeology and history as well as all those with interests in human animal studies and northern societies 'We Are Still Didene' Thomas McIlwraith,2012-10-15 Detailing the history of the aboriginal village of Iskut British Columbia over the past 100 years We Are Still Didene examines the community's transition from subsistence hunting to wage work in trapping guiding construction and service jobs Using naturally occurring extended transcripts of stories told by the group's hunters Thomas McIlwraith explores how Iskut hunting culture and the memories that the Iskut share have been maintained orally McIlwraith demonstrates the ways in which these stories challenge the idealized images of Aborigines that underlie state sponsored traditional ecological knowledge TEK studies McIlwraith instead illuminates how these narratives are connected to the Iskut Village's complex relationships with resource extraction companies and the province of British Columbia as well as their interactions with animals and the environment *Encyclopedia of World Cultures* Melvin Ember,Carol R.
