Hayes, 2012-12-06 Buddhist philosophy in India in the early sixth century C E took an important turn away from the traditional methods of explaining and systematizing the teachings in Sutra literature that were attributed to the Buddha The new direction in which several Indian Buddhist philosophers began to move was that of following reasoning to its natural conclusions regardless whether the conclusions conflicted with traditional teachings The central figure in this new movement was Dignaga a native of South India who found his way to the centre of Buddhist education at Nalanda studied the treatises that were learned by the Buddhist intellectuals of his day and eventually wrote works of his own that formed the core of a distinctly new school of Buddhist thought Inasmuch as virtually every Indian philosopher after the sixth century had either to reject Dignaga's methods or build upon the foundations provided by his investigations into logic epistemology and language his influence on the evolution of Indian philosophy was considerable and indeed some familiarity with Dignaga's arguments and conclusions is indispensable for anyone who wishes to understand the historical development of Indian thought

Ren Descartes' famous maxim 'I think therefore I am' considers the world in terms of dualism, division and separation. Yet the Sanskrit dictum 'So Hum' is well known across India but not in the West and can be translated as 'You are therefore I am'. A journey of the mind 'You are Therefore I am' examines the sources of inspiration which formed child monk, peace pilgrim, ecological activist and educator Satish Kumar's understanding of the world as a network of diverse yet interconnected relationships. Written in four parts, the book begins with Satish's memories of conversations with his mother, his teacher and his Guru, all of whom were deeply religious. The second part recounts his discussions with the Indian sage Vinoba Bhave, J. Krishnamurti, Bertrand Russell, Martin Luther King and E. F. Schumacher. These five great activists and thinkers encouraged him to engage with social, ecological and political issues. In the third part, Satish narrates his travels in India which have continued to nourish his mind and reconnect him with his roots. The final part brings together Satish's world view which is based in relationships and the connections between all things. 'You are Therefore I am' is an inspiring and deeply moving look at how we can reconnect with the world and find peace within ourselves by embracing Satish's emergent world view. **A Dictionary in Sanskrit and English; Translated,**
