France Richard Bonney,2024-10-28 This selection of articles is organized around three broad themes the nature of the governing system in France Absolutism the political crisis of the mid 17th century the Fronde and the development of royal finance The author first considers the growth of the French state in its ideological and institutional aspects then the opposition such developments provoked much centred on the figure of Cardinal Mazarin In the last section particular attention is given to fiscal history including a comparison of mid 18th century France with the other states of Europe Professor Bonney would argue that the fiscal imperative the increased requirements posed by the costs of war and the long term consequences of fiscal growth may be seen as one of the decisive factors in the development of the modern state

Entity With the Cross and the Sword A true story that surpasses any novel by John le Carré El País Spain An investigation worthy of a Pulitzer Frattini puts all the secrets of the Vatican out on the table Diário de Notícias Portugal A devastating book Valeurs France A must read El Universal Mexico      The Red Sphinx Alexandre Dumas,2017-01-03 In 1844 Alexandre Dumas published *The Three Musketeers* a novel so famous and still so popular today that it scarcely needs introduction Shortly thereafter he wrote a sequel *Twenty Years After* Later toward the end of his career Dumas wrote *The Red Sphinx* another direct sequel to *The Three Musketeers* that begins a mere twenty days afterward Picking up right where the *The Three Musketeers* left off *The Red Sphinx* continues the stories of Cardinal Richelieu Queen Anne and King Louis XIII and introduces a charming new hero the Comte de Moret a real historical figure from the period Dumas wrote seventy five chapters of *The Red Sphinx* but never quite finished it and the novel languished for almost a century While Dumas never completed the book he had earlier written a separate novella *The Dove* that recounts the final adventures of Moret and Cardinal Richelieu Now for the first time in one cohesive narrative *The Red Sphinx* and *The Dove* make a complete and satisfying storyline a rip roaring novel of historical adventure heretofore unknown to English language readers by the great Alexandre Dumas king of the swashbucklers      *Some Lies and Errors of History* Reuben Parsons,2021-08-31 In *Some Lies and Errors of History* Reuben Parsons embarks on a meticulous examination of historical narratives challenging widely accepted truths and exposing the distortions that have permeated collective memory Written in a compelling accessible prose style the book navigates through a range of significant events revisiting the historical record with both rigor and curiosity Parsons not only questions the veracity of well known historical accounts but also sheds light on the cultural and political biases that have colored their interpretation thus situating his work within a broader discourse on historiography and the fluidity of truth in history Reuben Parsons a noted historian with a keen interest in the interplay between power and narrative draws on a diverse academic background in both history and philosophy His previous works have demonstrated a commitment to uncovering the nuances of historical interpretation influenced by a lifetime of questioning accepted narratives This dedication to examining the past through a critical lens has culminated in this timely and thought provoking exploration of how history is often shaped by the lies we believe and the errors we perpetuate This book is a must read for anyone intrigued by the complexities of historical interpretation and the nature of truth Parsons skillfully invites readers to reconsider their understanding of history prompting critical reflection on how societal narratives are constructed and preserved *Some Lies and Errors of History* not only enriches our comprehension of the past but also equips readers with the tools necessary to analyze contemporary historical narratives      *Publications of the American Jewish Historical Society* ,1907      *Publications of the American Jewish Historical Society* American Jewish Historical Society,1906      *Outlines of French History ...* Henry Ince,1856      **This is Not Just a Painting** Bernard Lahire,2019-04-15 In 2008 the Musée des Beaux Arts de Lyon acquired a painting called *The Flight into Egypt* which was attributed to the French artist Nicolas

Poussin Thought to have been painted in 1657 the painting had gone missing for more than three centuries Several versions were rediscovered in the 1980s and one was passed from hand to hand from a family who had no idea of its value to gallery owners and eventually to the museum A painting that had been sold as a decorative object in 1986 for around 12 000 euros was acquired two decades later by the Mus e des Beaux Arts de Lyon for 17 million euros What does this remarkable story tell us about the nature of art and the way that it is valued How is it that what seemed to be just an ordinary canvas could be transformed into a masterpiece that a decorative object could become a national treasure This is a story permeated by social magic the social alchemy that transforms lead into gold the ordinary into the extraordinary the profane into the sacred Focusing on this extraordinary case Bernard Lahire lays bare the beliefs and social processes that underpin the creation of a masterpiece Like a detective piecing together the clues in an unsolved mystery he carefully reconstructs the steps that led from the same material object being treated as a copy of insignificant value to being endowed with the status of a highly prized painting commanding a record breaking price He thereby shows that a painting is never just a painting and is always more than a piece of stretched canvass to which brush strokes of paint have been applied this object and the value we attach to it is also the product of a complex array of social processes with its distinctive institutions and experts that lies behind it And through the history of this painting Lahire uncovers some of the fundamental structures of our social world For the social magic that can transform a painting from a simple copy into a masterpiece is similar to the social magic that is present throughout our societies in economics and politics as much as art and religion a magic that results from the spell cast by power on those who tacitly recognize its authority By following the trail of a single work of art Lahire interrogates the foundations on which our perceptions of value and our belief in institutions rest and exposes the forms of domination which lie hidden behind our admiration of works of art

Barbieri, Jr.,2012-10-01 This book rewrites the history of Christian peace ethics Christian reflection on reducing violence or overcoming war has roots in ancient Roman philosophy and eventually grew to influence modern international law This historical overview begins with Cicero the source of Christian authors like Augustine and Thomas Aquinas It is highly debatable whether Augustine had a systematic interest in just war or whether his writings

were used to develop a systematic just war teaching only by the later tradition May Christians justifiably use force to overcome disorder and achieve peace The book traces the classical debate from Thomas Aquinas to early modern age thinkers like Vitoria Suarez Martin Luther Hugo Grotius and Immanuel Kant It highlights the diversity of the approaches of theologians philosophers and lawyers Modern cosmopolitanism and international law thinking it shows are rooted in the Spanish Scholastics where Grotius and Kant each found the inspiration to inaugurate a modern peace ethic In the 20th century the tradition has taken aim not only at reducing violence and overcoming war but at developing a constructive ethic of peace building as is reflected in Pope John Paul II s teaching
