Integralism Altruism and Reconstruction Essays in Honor of Pitirim A Sorokin presenta el soci leg de nacionalitat russa Pitirim A Sorokin 1889 1968 des de la perspectiva del pensament sociol gic contemporani Els nou autors que participen en aquest llibre originaris de diverses universitats nord americanes i espanyoles reflexionen sobre els per odes brillants i obscurs de la traject ria acad mica de Sorokin Despr s d haver experimentat una vida pol tica molt activa a R ssia Sorokin emigr als Estats Units durant els anys 30 on esdevingu una figura acad mica de gran prestigi Arrib a ser director del departament de sociologia de la Universitat de Harvard de 1930 a 1944 fund el Harvard Research Center in Creative Altruism el 1949 i fou nominat com a president de la American Sociological Association el 1964 Ara b malgrat la seua distingida i prol fica carrera acad mica moltes de les seues obres han estat ignorades en gran manera per la sociologia convencional Aquest llibre descriu les raons per les quals el dest de Sorokin prengu una direcci tan desafortunada i posa en relleu l exist ncia avui mateix d un creixent grup d acad mics interessats a revitalitzar aquest important te ric i autor **Sociology of Altruism** Koji YOSHINO, 2024-10-11 This book is an exploration of altruism from a sociological perspective P A Sorokin addresses contemporary issues presents a framework for studying altruism and delves into the sociological and psychological underpinnings of altruistic behavior Through a combination of theoretical analysis and practical examples Sorokin makes a compelling case for the transformative power of altruism in society This book is a significant contribution to the field of sociology offering deep insights into the nature of altruism and its potential to shape a more compassionate and peaceful world *Pitirim A. Sorokin* Barry V. Johnston, 1995 Pitirim A Sorokin 1889 1968 was one of the most original important and

controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus *Social and Cultural Dynamics* and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals

Altruistic Personality Samuel P. Oliner,1992-04-01 An enlightening and powerful exploration of those who risked their lives to help others during the Holocaust and those who did not and what we must do to ensure that such a tragedy never occurs again Why during the Holocaust did some ordinary people risk their lives and the lives of their families to help others even total strangers while others stood passively by Samuel Oliner a Holocaust survivor who has interviewed more than seven hundred European rescuers and nonrescuers provides some surprising answers in this compelling work Samuel Oliver delves into the profound acts of altruism that emerged during one of history s darkest periods Each interview provides a unique insight into the types of personalities that answer a call to action and those that do not By comparing these

rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil Offering both a historical perspective and a roadmap for a more compassionate future *Altruistic Personality* is not just a historical account it is a call to action and a beacon for moral education Relevant when it was first published and even more relevant today Oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity Killer Instinct Nadine Weidman,2021-10-26 In the 1960s biologists and social scientists engaged in a public debate about human nature The question whether humans are innately aggressive or cooperative eventually receded but the oppositional nature nurture binary created in the course of the debate left a lasting legacy that would underpin subsequent discussions of human behavior 12 Steps to True Love & Long-Lasting Peace and Intimacy Dr. Malick Kouyate,2021-04-20 Dear spouses do you want to know why and how to enjoy and share true and long lasting love for each other peace with each other intimacy with each other If Yes is your answer you then need also to know why and how to enjoy and share the healthy and fully alive innocent Inner Child within both of you true and long lasting Fulfillment of both of you true and long lasting Inner Peace so vital to your Peace with each other Meaningfulness Mindfulness Forsightedness the more than Need love the more than Gift love the more than Mature love Healthy Self love Spiritual love Unconditional love True Love and Peace and Intimacy in marriage require Oneness with full Self awareness oneness with your own true transcendent infinite Self oneness with each other s true transcendent infinite Self oneness with everyone else s true transcendent infinite Self *Good News* Clifford G. Christians,John P. Ferré,P. Mark Fackler,1993-06-03 Mass media ethics and the classical liberal ideal of the autonomous individual are historically linked and professionally dominant yet the authors of this work feel this is intrinsically flawed They show how recent research in philosophy and social science together with a longer tradition in theological inquiry insist that community mutuality and relationship are fundamental to a full concept of personhood The authors argue that persons in community provides a more defensible grounding for journalists professional moral decision making in crucial areas such as truth telling privacy organizational culture and balanced coverage With numerous examples drawn from life as well as from theory this book will interest journalists editors and professionals in media management as well as students and scholars of media ethics reporting and media law **Social and Cultural Change** Jay A. Weinstein,2005 This book includes a comprehensive survey of the theories and principles employed by sociologists anthropologists and other social scientists in the study of sociocultural change Employing these tools the later chapters examine the major trends and challenges that face today s rapidly globalizing world Students are asked to consider how they can participate actively in shaping the events that affect their lives Among the book s pedagogical features are well over one hundred Web sites organized by chapter and topic which connect the text with contemporary events and commentary Visit our website for sample chapters *Renewal* Colbert Rhodes,2017-07-11 Offering a deep look into the moral uncertainty in the contemporary social sciences and American society

this book explores an in depth solution This solution as articulated by Pitirim A Sorokin in the 20th century is the theory of Integralism a perspective dating back to Plato Aristotle and Aquinas Sorokin initially applied Integralism by locating and analyzing three dominant super socio cultural systems over 2500 years of Graeco Roman and Western history Each super system was unified by a central philosophical principle based either on materialism the senses or the rational or the supersensory super rational A super system declines when it reaches the limits of its potential to achieve its true reality and value to be replaced by another super system Sorokin described a trendless rotation of the three super socio cultural systems The current dominant super socio cultural system in the West is a materialist version emphasizing science and technology with little thought given to supersensory super rational reality Sorokin asserted contemporary materialist culture was in a state of collapse due to the breakup of its moral values As a consequence he saw a struggle for power occurring between egoistic individuals and groups often resulting in revolutions wars and inter human strife In response to the one sided materialist view of reality the goal of Integralism is to unify all three forms of reality into an integral culture that harmoniously balances materialist and supersensory super rational orientations A solution to the contemporary moral confusion Sorokin argued can be found in the application of supra conscious intuition that would enable a human to know what is eternal in the ordinary and reach the transcendent an experience not accessible to the senses or the rational intellect alone The supra conscious is the source for reaching the supreme moral value creative unselfish altruism which can be shared by all cultures to produce peace and harmony in the world

Dear Parents Dr. Malick Kouyate,2014-05-09 This book is written for parents who are willing to help their teens to love all those who love them forgive all those who hurt them be peaceful culture consumers re align their learning to their true calling treasure their priceless inner treasure sing out loud and share constructively their lifelong most favorite love song

Bibliography On World Conflict And Peace Elise Boulding,2019-04-24 This book presents more than 1 000 entries organized in twenty six major categories in the fields of conflict and peace studies It focuses on global systems and covers the structures and processes of conflict and peacemaking as they apply at every level from interpersonal to international

Social Change Jay Weinstein,2010-06-16 This introduction to social change covers the momentous and relatively recent changes that have occurred in the human condition examining not only the major causes and conditions underlying our current situation but also the main choices and options we face as we strive to shape our individual and collective futures This edition of Social Change has been thoroughly updated and revised Building on previous editions the book introduces a social scientific approach to change discusses the components of change and the factors driving them examines change on the macro level then looks toward the future with a discussion of planned change Most chapters explore societies of yesterday today and tomorrow and include comparative dimensions especially along First Second and Third World lines The engaging narrative traces several themes such as the rise of capitalism and the socialist alternative or civil rights movements in the United States and elsewhere throughout the book

Social Change Third Edition features a new discussion of the recent economic crisis and the interconnectedness of the global economy new empirical data on globalization and updated discussions of the concepts of evolution and altruism It also incorporates the dramatic changes in India and China throughout the book Southern Baptist Periodical Index ,1981

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1976 **Journal of the History of Philosophy** ,1976 **Handbook of Public Sociology** Vincent Jeffries,2009-07-16 Public sociology an approach to sociology that aims to communicate with and actively engage wider audiences has been one of the most widely discussed topics in the discipline in recent years The Handbook of Public Sociology presents a comprehensive look at every facet of public sociology in theory and practice It pays particular attention to how public sociology can complement more traditional types of sociological practice to advance both the analytical power of the discipline and its ability to benefit society The volume features contributions from a stellar list of authors including several past presidents of the American Sociological Association such as Michael Burawoy a leading proponent of public sociology The first two sections of the Handbook of Public Sociology look at public sociology in relation to the other three types of practice professional policy and critical with an emphasis on integrating the four types into a holistic model of theory and practice Subsequent sections focus on issues like teaching public sociology at various levels case studies in the application of public sociology and the role of public sociology in special fields in the discipline The concluding chapter by Michael Burawoy a past president of the American Sociological Association and a leading proponent of public sociology addresses current debates surrounding public sociology and presents a constructive vision for the future that embraces and improves upon all four types of sociology The Handbook of Public Sociology with its examination not only of public sociology but also of how it can enhance and complement other types of practice transcends differences in the field and will appeal to a wide range of academics students and practitioners
