Frank Jacob,2024-08-06 Emma Goldman's life and work offer countless perspectives for study and analysis As an anarchist activist she always attacked any form of inequality and was a lifelong agent for freedom Goldman who lived a transnational life in her writings and actions offers a kaleidoscopic image of the injustices of her time while they emphasize her hopes and dreams for a better future at the same time The present book which is a collection of essays about this transnational life of an important anarchist consequently offers a glimpse into Goldman's personal and political kaleidoscope It shows how she thought about revolutions in general and the Russian Revolution in particular while it also highlights that even an anarchist had to work according to capitalist rules to survive In addition Goldman's activities to criticize gender norms and her perception as a female radical are elements that are discussed as well The collection thereby offers a critical insight into the many facets of Emma Goldman's life and impact in the late 19th and early 20th centuries **Emma Goldman's**

**No-Conscription League and the First Amendment** Erika Pribanic-Smith,Jared Schroeder,2018-12-07 Emma Goldman's Supreme Court appeal occurred during a transitional point for First Amendment law as justices began incorporating arguments related to free expression into decisions on espionage and sedition cases This project analyzes the communications that led to her arrest writings in *Mother Earth* a mass mailed manifesto and speeches related to compulsory military service during World War I as well as the ensuing legal proceedings and media coverage The authors place Goldman's Supreme Court appeal in the context of the more famous Schenck and Abrams trials to demonstrate her place in First Amendment history while providing insight into wartime censorship and the attitude of the mainstream press toward radical speech [The Applicant](#) Anthony Steyning,2004 **The Works of the British Poets** Ezekiel Sanford,1819

*Shaksperian Anthology: Comprising the Choicest Passages and Entire Scenes; Selected from the Most Correct Editions; with a Biographical Sketch ...* William Shakespeare,1830 **Emma Goldman and the Russian Revolution** Frank Jacob,2020-11-23 What impact did Bolshevik rule have on Emma Goldman's perception of the Russian Revolutions of 1917 and why did she change her mind going from defending the Russian Revolution to becoming a crusader against Bolshevism The Russian Revolution changed the world and determined the history of the 20th century as the French Revolution had determined the history of the 19th century Left wing intellectuals around the world greeted the February Revolution with

enthusiasm as their hope for a new world and social order and the end of capitalism seemed close. However, the joy did not last long as the ideals of February 1917 were replaced by the realities of October 1917 and Lenin crushed the revolution. During the following Civil War, Emma Goldman, a famous Russian-born American anarchist, was one of the intellectuals whose admiration for the revolution turned into frustration about its corruption. Emma Goldman and the Russian Revolution discusses her evolving perception of the revolution between 1917 and the early 1920s. The analysis of such an intellectual transformation process provides a case study of intellectual and revolutionary history alike, adding a closer reading to the research about the famous American anarchist Emma Goldman, her transnational life, and her role as a revolutionary intellectual.

Sex Radicals and the Quest for Women's Equality Joanne Ellen Passet, 2003. Passet shows that the majority of correspondents who participated in the sex radical movement resided in the Midwest and the Great Plains states, where ideas of individual freedom and sovereignty resonated particularly strongly.

Making Marriage Modern Christina Simmons, 2009-04-10. The nineteenth-century middle-class ideal of the married woman was of a chaste and diligent wife focused on being a loving mother with few needs or rights of her own. The modern woman, by contrast, was a partner to a new model of marriage, one in which she and her husband formed a relationship based on greater sexual and psychological equality. In *Making Marriage Modern*, Christina Simmons narrates the development of this new companionate marriage ideal, which took hold in the early twentieth century and prevailed in American society by the 1940s. The first challenges to public reticence to discuss sexual relations between husbands and wives came from social hygiene reformers who advocated for a scientific but conservative sex education to combat prostitution and venereal disease. A more radical group of feminists, anarchists, and bohemians opposed the Victorian model of marriage and even the institution of marriage. Birth control advocates such as Emma Goldman and Margaret Sanger openly championed women's rights to acquire and use effective contraception. The companionate marriage emerged from these efforts. This marital ideal was characterized by greater emotional and sexual intimacy for both men and women, use of birth control to create smaller families, and destigmatization of divorce in cases of failed unions. Simmons examines what she calls the flapper marriage, in which free-spirited young wives enjoyed the early years of marriage postponing children and domesticity. She looks at the feminist marriage, in which women imagined greater equality between the sexes in domestic and paid work and sex. And she explores the African American partnership marriage, which often included wives' employment and drew more heavily on the involvement of the community and extended family. Finally, she traces how these modern ideals of marriage were promoted in sexual advice literature and marriage manuals of the period. Though male dominance persisted in companionate marriages, Christina Simmons shows how they called for greater independence and satisfaction for women and a new female heterosexuality. By raising women's expectations of marriage, the companionate ideal also contained within it the seeds of second-wave feminists' demands for transforming the institution into one of true equality between the sexes.
