Love Seeking Understanding Michael Altenburger, Jacob W. Wood, 2024-06 As Catholic theology emerged from the crisis of modernity theologians turned to both patristic and medieval sources to recover lost wisdom from the theological tradition and adapt it to the challenges of an age that separated reason from faith the practice of theology from the spiritual life In time Thomas Aquinas and Hans Urs von Balthasar became the patrons of two very different approaches to this challenge St Thomas Aquinas offering contemporary theologians an approach rooted in the patristic medieval Latin synthesis of Augustine and Aristotle that also draws on the East and von Balthasar offering contemporary theologians a patristic modern approach rooted in the Eastern theological synthesis of Maximus the Confessor and Erich Przywara that also draws on the West Although Aquinas and Balthasar together with their contemporary followers sought to unite reason and faith theology and prayer contemporary Thomists and Balthasarians have tended to diverge widely from one another

often with a polemical spirit How should one understand the theological genius of St Thomas Aquinas and Hans Urs von Balthasar today How can two of the greatest theologians in the Catholic tradition be brought together in more fruitful and peaceful dialogue This edited volume comprises contributions from a range of scholars who elucidate the depth and breadth of two of the most prominent figures of the Catholic tradition today A scholar from each school of thought contributes an essay on a particular theme Metaphysics Trinity Revelation Christology Anthropology Evil and Eschatology By presenting the two essays side by side this volume provides the contemporary reader with an opportunity to better engage both thinkers and understand disagreements and areas for constructive movement forward The tone of the volume is intentionally irenic seeking points of constructive dialogue and opening new pathways to the renewal of sapiential theology through a fruitful synthesis of Thomistic and Balthasarian thought

Contemplations and meditations on the passion and death of ... Jesus Christ, according to the method of saint Ignatius, tr. from [Méditations selon la méthode de st Ignace] by a sister of mercy, revised by a priest [F. Hathaway]. Frederick Hathaway, 1881

Social Work and the Third Way Bill Jordan, 2000-10-23 This lively book critiques New Labour assumptions and implementation of policies related to citizenship communities and welfare reform and the implications of current developments for social work Focusing explicitly on the UK the book nevertheless draws on examples and comparisons from other countries including notably Australia and the US but also countries in the EU and Central and Eastern Europe and some of the concerns and arguments will be appreciated by readers elsewhere

International Social Work This book is a well written contribution to both the British Third Way debate and the welfare state literature The book will appeal to upper level undergraduates as well as scholars of British politics and the welfare state

Political Studies Jordan begins by establishing New Labour's suspicion of local government framing its policy on welfare Fundamentally there exists a need for social workers to educate themselves as to the nature of this social experiment which New Labour has embarked upon It challenges social workers to be aware This is an interesting and at times challenging book reiterating the history and roots of current ideology within government The work is grounded in a contemporary context of social services and social work practice challenging the withdrawal of social work behind a barrier of managerialism budget control form filling into office based assessment and rationing Finally it offers a satisfying critique to the dominant hegemonic of evidence based practice arguing for research at the level of means rather than the technical Jordan similarly argues in his conclusion that all of the government white papers guidelines etc indicate a lack of clarity of purpose and method social work should retain its belief in a human and creative activity which engages with people's emotions as well as their rights and obligations

British Journal of Social Work The New Labour government in the UK is committed to a programme of reform of the welfare state that will pull away safety nets and replace them by trampolines to bounce citizens back into active participation Its regime of tough love will make more demands on those claiming benefits and services as well as clamping down on dependence fraud and crime This will be done by changing the culture of welfare agencies

towards promoting achievement and independence as well as meeting genuine need In *Social Work and the Third Way* Bill Jordan provides an accessible and lively analysis of the tensions between toughness and love in the Third Way's political philosophy and the problems of implementing New Labour's programme He looks at the government's reliance on face to face methods for activating citizens and changing their behaviour in many of its initiatives On the one hand New Labour places a surprising amount of faith in the ability of counsellors and advisers to bring about the changes it requires yet it is highly suspicious of the public sector in general and local authorities in particular as part of the forces of conservatism in the UK Hence it spawns new agencies and projects often with a strong enforcement ethos and regulates the whole implementation process through strict top down surveillance In all this professional social work and local authority social services are relegated to a tightly circumscribed role in social care The author argues for a new more generous and expansive approach to practice which can do justice to the challenges of change under New Labour's regime and in doing so *Social Work and the Third Way* provides an important and topical contribution to the debate on the future of the Welfare State and will be essential reading for students and researchers in social work social policy and politics **Luke** Mary H. Schertz, 2023-06-27 Luke is a gospel of joy amazement and warmth From the jubilant birth narrative and Magnificat at the beginning to the wonder of the ascension at the end Luke offers a matchless portrait of Jesus Christ of Nazareth and those who followed him In the 36th volume in the Believers Church Bible Commentary series New Testament scholar Mary H Schertz helps readers inhabit the pages of the third gospel replete with parables and paradoxes and ministries of mercy In vibrant writing and with careful exegesis Schertz invites readers to investigate for themselves the surprise light and awe of the kingdom of God in which people find healing the marginalized find welcome and the poor find flourishing Schertz traces the motifs of holy warrior and suffering servant that confronted every first century Jew including Jesus and that still shape the church today Through it all Luke demonstrates both the cost of the kingdom and the exuberance of a life lived in loyalty to Jesus and the strength of the Spirit About the Believers Church Bible Commentary series This readable commentary series is for all who seek more fully to understand the original message of Scripture and its meaning for today Sunday school teachers members of Bible study groups students pastors and other seekers From the Series Forward **Religious Book Review**, 1978 Contemplations and meditations on the Passion and Death, and on the Glorious Life of Our Lord Jesus Christ, according to the method of Saint Ignatius.
