## Love In Shadow:

**Love's Shadow** Paul A. Bové, 2021-01-12 A case for literary critics and other humanists to stop wallowing in their aestheticized helplessness and instead turn to poetry comedy and love Literary criticism is an agent of despair and its poster child is Walter Benjamin Critics have spent decades stewing in his melancholy What if instead we dared to love poetry to choose comedy over Hamlet's tragedy or to pursue romance over Benjamin's suicide on the edge of France of Europe and of civilization itself Paul A Bov challenges young lit critters to throw away their shades and let the sun shine in Love's Shadow is his three step manifesto for a new literary criticism that risks sentimentality and melodrama and eschews self consciousness The first step is to choose poetry There has been since the time of Plato a battle between philosophy and poetry Philosophy has championed misogyny while poetry has championed women like Shakespeare's Rosalind Philosophy is ever so stringent try instead the sober cheerfulness of Wallace Stevens Bov's second step is to choose the essay He praises Benjamin's great friend and sometime antagonist Theodor Adorno who gloried in writing essays not dissertations and treatises The third step is to choose love If you want a Baroque hero make that hero Rembrandt who brought lovers to life in his paintings Putting aside passivity and cynicism would amount to a revolution in literary studies Bov seeks nothing less and he has a program for achieving it

Wyndham** William Shakespeare,1898      *Shakespeare's Use of the Arts of Language*

Sister Miriam Joseph, 2008-09 Grammar school students in Shakespeare's time were taught to recognise the two hundred figures of speech that Renaissance scholars had derived from Latin and Greek sources from amphibologia through onomatopoeia to zeugma. This knowledge was one element in their thorough grounding in the liberal arts of logic, grammar and rhetoric known as the trivium. In *Shakespeare's Use of the Arts of Language*, Sister Miriam Joseph writes: 'The extraordinary power, vitality and richness of Shakespeare's language are due in part to his genius, in part to the fact that the unsettled linguistic forms of his age promoted to an unusual degree the spirit of creativeness, and in part to the theory of composition then prevailing. The purpose of this study is to present to the modern reader the general theory of composition current in Shakespeare's England. The author then lays out those figures of speech in simple understandable patterns and explains each one with examples from Shakespeare. Her analysis of his plays and poems illustrates that the Bard knew more about rhetoric than perhaps anyone else. Originally published in 1947, this book is a classic.' [Love; A Curious History](#)

Edward Brooke-Hitching, 2023-10-26 From the author of the critically acclaimed *The Phantom Atlas* and *The Madman's Library*, Sunday Times Literature Book of the Year, comes a magnificent new illustrated work. From prehistoric carvings and ancient Egyptian statues to medieval spell books and Victorian code writing, this unique collection gathers a wealth of curious objects and surprising stories to trace the story of love through the ages. Discover the royal marriage that crossed the boundary of death in 14th century Portugal; the judicial duels between husbands and wives in Early Modern Europe; the love spells found in medieval manuscripts and the romantic codes hidden in some of art's greatest masterpieces. Meet the feared ancient Greek army regiment comprised entirely of male couples; the French pirate queen avenging her murdered husband; the first woman to sail around the world; and the quack sexologist who conned 18th century London with his musical mechanical bed. Here are ancient gods, mythical monsters, the Elizabethan portraits of smiling men on fire, and the erotic paintings hidden beneath the ash of Pompeii, as well as Nigerian wedding chains, Welsh love spoons, cryptic postcards, and the centuries-old cartographic tradition of mapping the heart. A curiosity cabinet of romantic treasure, *Love: A Curious History in 50 Objects* draws on a wide range of sources to form a collection perfect for fans of beautiful illustrated works and curious history, while also forming the ideal romantic gift. **London Society**, 1874
