The Turn Around Religion in America Michael P. Kramer, 2016-02-24. Playing on the frequently used metaphors of the turn toward or turn back in scholarship on religion, *The Turn Around Religion in America* offers a model of religion that moves in a reciprocal relationship between these two poles. In particular, this volume dedicates itself to a reading of religion and of religious meaning that cannot be reduced to history or ideology on the one hand or to truth or spirit on the other but is rather the product of the constant play between the historical particulars that manifest beliefs and the beliefs that take shape through them. Taking as their point of departure the foundational scholarship of Sacvan Bercovitch, the contributors locate the universal in the ongoing and particularized attempts of American authors from the seventeenth century forward to get it whatever that it might be right. Examining authors as diverse as Pietro di Donato, Herman Melville, Miguel Algarín, Edward Taylor, Mark Twain, Robert Keayne, Nathaniel Hawthorne, Paule Marshall, Stephen Crane, Ralph Waldo Emerson, and Joseph B. Soloveitchik among many others and a host of genres from novels and poetry to sermons, philosophy, history, journalism, photography, theater, and cinema, the essays call for a discussion of religion's powers that does not seek to explain them as much as put them into conversation with each other. Central to this project is Bercovitch's emphasis on the rhetoric, ritual, typology, and symbology of religion and his recognition that with each aesthetic enactment of religion's power we learn something new.

Spoken Word Joshua Bennett, 2024-05-28. A rich hybrid of memoir and history, *The New Yorker* of the literary art form that has transformed the cultural landscape by one of its influential practitioners, an award-winning poet, professor, and slam champion, Bennett transports us back to the city blocks, bars, cafes, and stages these artists traversed and inhabited. An instructive text for young poets, artists, or creative entrepreneurs trying to find a way to carve out a space for themselves, *Shines* with a refreshing dynamism. *The New York Times*. In 2009, when he was twenty years old, Joshua Bennett was invited to perform a spoken word poem for the Obamas at the same White House Poetry Jam where Lin-Manuel Miranda declaimed the opening bars of a work in progress that would soon revolutionize American theater. That meeting is but one among many in the trajectory of Bennett's young life as he rode the cresting wave of spoken word through the 2010s. But in this book, he is not a memoirist so much as a participant-historian who goes back to the roots of the spoken word form, considering the Black Arts Movement and the prominence of poetry and song in Black education, the origins of the famed Nuyorican Poets Cafe in the Lower East Side living room of the visionary Miguel Algarín who hosted verse gatherings with

legendary figures like Ntozake Shange and Miguel Pi ero the rapid growth of the slam format that was pioneered at the Get Me High Lounge in Chicago the perfect storm of spoken word s rise during the explosion of social media the stories and perspectives of many others on this journey as they helped shape spaces dedicated to literature as practiced with urgency by people of color and to the pursuit of human freedom A celebration of voices outside the dominant cultural narrative who boldly embraced an array of styles and forms and redefined what and whom the mainstream would include Bennett s book illuminates the profound influence spoken word has had everywhere melodious words are heard from Broadway to academia from the podiums of political protest to caf s schools and rooms full of strangers all across the world
