Love Is The Motive:

Love Is the Motive Carol Amen, 1977 **An Analysis of Human Motive** Frank Carrel, 1905 *The Complete Opera Book* Gustave Kobbé, 1919 **Wagner's Music-dramas Analyzed, with the Leading Motives** Gustav Kobbé, 1904 **The Science of Compassionate Love** Beverley Fehr, Susan Sprecher, Lynn G. Underwood, 2009-01-26

The Science of Compassionate Love is an interdisciplinary volume that presents cutting edge scholarship on the topics of altruism and compassionate love. The book adopts a social science approach to understanding compassionate love. Emphasizes positive features of social interaction. Encourages the appropriate expression of compassionate love both to those in intimate relationships and to strangers. Includes articles by distinguished contributors from the fields of Psychology, Sociology, Communication Studies, Family Studies, Epidemiology, Medicine, and Nursing. Is ideal for workshops on compassionate love, Positive Psychology, and creating constructive interactions between health professionals and patients.

The Dark Side of Relationship Pursuit Brian H. Spitzberg, William R. Cupach, 2004-04-12

Authors William R. Cupach and Brian H. Spitzberg synthesize the expanding multidisciplinary base of knowledge about obsessive relational intrusion (ORI) and stalking, presenting a comprehensive scholarly consideration of these behaviors. Their inclusive approach is reflected in the breadth of research represented, including social, clinical, and forensic psychology, psychiatry, counseling, communication, criminal justice, law enforcement, sociology, social work, threat assessment and management, and family studies. The work also draws upon the multidisciplinary scholarship on social and personal relationships. The chapters in this volume provide historical and definitional frames for studying unwanted relationship pursuit and consider the role of such sources as the media, law, and social science research in shaping the contemporary, multifaceted and multifarious conceptualizations of stalking. Elaborate the authors' assumption that much unwanted relationship pursuit owes to complications inherent in the processes of constructing and dismantling relationships. Examine the factors that conspire to create slippage between two persons' conceptions of their shared relationship and explore the cultural practices associated with relationship dissolution that tend to reinforce persistence in unwanted pursuit. Chart the topography of unwanted pursuit, offering a unique and comprehensive synthesis of relevant research bearing on several issues and a review of the temporal stages and characteristics of stalking. Consider promising theories and variables for explaining the occurrence of unwanted pursuit and discuss the issues pertinent to threat assessment, managing unwanted pursuit, and offering a comprehensive typology of victim consequences of pursuit. The volume concludes with thoughts about correcting courtship. Drawing on the interpersonal competence literature, Cupach and Spitzberg speculate on ways in which enhancing relationship management skills could help diminish the incidence and debilitating consequences of ORI and stalking. With this work, the authors provide a clearer picture of the current state of knowledge about stalking and, in so doing, identify productive paths for scholarly inquiry and ultimately bolster the effectiveness of prevention and intervention efforts. The volume is destined to promote and publicize the multidisciplinary

nature of stalking research such that cross fertilization of interested fields might yield new and better insights It will be required reading for the cross disciplinary community of academics and professionals who are committed to understanding and responding to unwanted relationship pursuit and stalking

Making Marriage User Friendly Russ Holloman Ph. D.,2012-05-16 Why are some marriages more successful more satisfying and more enduring than others The answer to this question is perhaps the most widely studied and best known part of our marriage and family therapy literature although arguably it is the least understood and certainly the least followed in terms of avoiding the pitfalls that lead to unsuccessful marriages What this book proposes as an answer to this question is the nearest thing we have to a manifesto for marriage and family living It provides us with a clear description of what married life should be like No words or ideas sum up the intention of this manifesto better or indicate more clearly its challenge to contemporary marriages than the words making marriage user friendly

by Gustav Kobb Forming a Global Community Joseph de Rivera, 2022-10-18 To address global problems such as pandemics warming economic inequality mass migration and widespread terrorism Joseph de Rivera argues that we must form a global community A community of eight billion humans is difficult to conceive However it can be imagined and created if we transform our understanding of who humans are and what community entails We can understand who persons are how they are motivated and how a community can be conceived in a way that offers an alternative to individualism and collectivism The mutualism that is proposed provides a moral compass for navigating the challenges that confront us and encourages specific governing structures political economies and rituals that will further the formation of a global community Based on the philosophical analysis of John Macmurray the author s argument relies on an extensive review of the current literature on self personhood emotional motivation social identity forms of community and religious and secular rituals Interdisciplinary in nature it aims to direct philosophy and the social sciences to the challenges of globalism and the creation of a global community **The Power of the Mind to Heal** Joan Z. Borysenko, Ph.D., 1995-03-07 The authors have intergrated their considerable knowledge of medicine metaphysics spirituality and alternative forms of healing into a beautiful book that reveals how we can use the amazing power of the mind to heal the physical and emotional ailments that afflict us This is truly a transformational work Ways & Power Of Love Pitirim A. Sorokin, 2015-10-22 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin s genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done **The Practical Works of Richard Baxter** Richard Baxter, 1838 **The Practical Works of the Late Reverend and Pious Mr. Richard Baxter**, Richard Baxter, 1707 The Influence of the World Upon the Church. The Circular Letter from the Elders and Messengers of the Several Baptist Churches of the East and North Riding Association, Assembled at Hull, 1st & 2nd of June, 1847, Etc. [By W. B. Davies.] Baptists (England). East and North Riding Association, 1847 Music, Sexuality and the Enlightenment in Mozart's Figaro, Don Giovanni and Così fan tutte Charles Ford, 2016-04-29 Music Sexuality and the Enlightenment explains how Mozart s music for Le nozze di Figaro Don Giovanni and Cos fan tutte sounds the intentions of Da Ponte s characters and their relationships with one another Mozart by way of the infinitely generative and beautiful logic of the sonata principle did not merely interpret Da Ponte s

characterizations but lent them temporal musical forms Charles Ford's analytic interpretation of these musical forms concerns processes and structures in detail and at medium to long term levels He addresses the music of a wide range of arias and ensembles and develops original ways to interpret the two largely overlooked operatic genres of secco recitative and finales Moreover Ford presents a new method by which to relate musical details directly to philosophical concepts and thereby the music of the operas to the inwardly contradictory thinking of the European Enlightenment This involves close readings of late eighteenth century understandings of man and nature self and other morality and transgression and gendered identities and sexuality with particular reference to contemporary writers especially Goethe Kant Laclos Rousseau Sade Schiller Sterne and Wollstonecraft The concluding discussion of the implied futures of the operas argues that their divided sexualities which are those of the Enlightenment as a whole have come to form our own unquestioned assumptions about gender differences and sexuality This along with the elegant and eloquent precision of Mozart's music is why Figaro Giovanni and Cos still maintain their vital immediacy for audiences today
