explores the history of the rock musical which has since evolved to become one of the most important cultural influences on American musical theater and a major cultural export. Despite the genre's influence and fame, there are still some critics who claim that the term rock musical is an oxymoron. The relationship between rock and the musical theater has been stormy from the start, and even the comparatively recent success of *Rent* has done little to convince theater producers that rock musicals are anything but highly risky ventures. Elizabeth L. Wollman explores the reasons behind these problematic connections and looks at the socioeconomic forces that underlie aesthetic decisions. She weighs the influence on the rock musical by mass media, sound, and recording technology, and the economic pressures that have affected New York theater in general over the past three decades. Finally, Wollman offers a meditation on the state of the musical, its relation to rock, and ultimately its future. Packed with candid commentary by members of New York's vibrant theater community, *The Theater Will Rock* traces the rock musical's evolution over nearly fifty years in popular productions such as *Hair*, *The Who's Tommy*, *Jesus Christ Superstar*, *The Rocky Horror Picture Show*, *Little Shop of Horrors*, *Rent*, and *Mamma Mia*, and in notable flops such as *The Capeman*. Elizabeth L. Wollman is Assistant Professor of Music at Baruch College of the City University of New York.

**Focus On: 100 Most Popular American Rock Songwriters** Wikipedia contributors, **Twenty Thousand Roads** Virginia Scharff, 2003 Virginia Scharff's wonderfully readable account of women in motion complicates and enriches our understanding of the nineteenth and twentieth century West. Her gendered remapping of the regional landscape explodes traditional notions of western movement. All students of women and gender travel and place the West and America would do well to read this excellent book. David M. Wrobel, author of *Promised Lands: Promotion, Memory, and the Creation of the American West*. Virginia Scharff claims for women what has long been central to the masculine mythology of the West: free movement and its many gifts, real and imagined. Her book is as exhilarating and as intellectually and emotionally expansive as our enduring dream of flight across the American land. Elliott West, author of *The Contested Plains: Indians, Goldseekers, the Rush to Colorado*. Brilliant is not a word that is often a part of my critical vocabulary, but brilliantly is how *Twenty Thousand Roads* begins. When writing of Sacagawea and Susan Magoffin, Virginia Scharff shows vividly how a single life can be a source of sophisticated cultural analysis without becoming an academic artifact or an object of condescension. Richard White, author of *It's Your Misfortune and None of My Own: A New History of the American West*. **Within the Lights Shadow** Kenneth Kirkwood, 2024-07-12 After Captain Johnstone becomes president, he is adamant that he must visit Pakistan. He ignores all the warning signs and contacts George and his team to prepare for his trip to Pakistan. As he is searching for the light at the end of the tunnel, hoping that his statement will show terrorists that they cannot control his narrative, he hopes to establish a long-lasting peace between Pakistan and the United States. **Women in Rock, Women in Romanticism** James Rovira, 2022-10-07 *Women in Rock, Women in Romanticism* is the first book-length work to explore the interrelationships between contemporary female musicians and eighteenth and nineteenth-century art music and literature by women and men.
