between social movements and their countermovements is an underrepresented research topic given the bulk of social movement studies that have been published to date. Moreover, empirical research on this topic primarily covers certain geographic areas of the world, specifically what is commonly called the global North. The mobilization of religious and women's movements against social change, which strive for a preservation of the status quo and can be held responsible for a delayed expansion of reform-oriented interest articulation, is a rare topic of social movement literature too. The authors of this volume address the issue of women's movements and countermovements in countries of Southeast Asia and the North African part of the MENA region. They arrive at interesting constellations of coalition and competition between state and non-state actors and religious and secular movements as well as within women's movements. Covering case studies from Egypt, Indonesia, Malaysia, Morocco, and Tunisia, the pattern of Islamist movements countering the goals of Muslim women's movements emerges as dominant. Puberty, Sexuality and the Self Karin Martin, 2018-12-07. Puberty, Sexuality and the Self considers the effects of puberty and teenage sexuality on adolescents. By analyzing interviews with 55 teenagers, Karin Martin finds that girls' self-esteem drops significantly more than boys' does at adolescence. While this finding is supported by previous studies, Martin picks up where these earlier studies leave off by focusing on girls' development and considering different experiences of puberty and sex as an explanation for girls' greater drop in self-esteem. Puberty, Sexuality and the Self examines voice change, breast development, shaving, expectations of sex, the decision to have sex, experiences of sex, and how boys and girls manage their emotions and selves throughout all of these new experiences. Comparing boys and girls at adolescence, Martin takes a qualitative look at puberty and sexuality, supporting her theory in the words of the adolescents themselves. *Live the Best Life Possible by Surviving Marriage* R. Harper Mason, 2011-12-16 *Sexuality and Islamic Spirituality in Early Malay Writings* Maznah Mohamad, Syahirah Rasheed, 2025-07-24. It is argued here that before the extensive formalization of sharia laws from the late nineteenth century onwards, Islam was prominently influenced by elements of enchantment and mysticism mirrored in its textual portrayal of passionate and sexual relations. This book's analysis is based on Malay manuscripts and texts about the body, sex, and sexuality. These include religious guidebooks on sexual techniques and etiquette, of which some are translated from the original Arabic or Persian but almost all of which have been adapted for local Malay relevance. Also analyzed are collections of Malay erotic poetry from the sixteenth to nineteenth centuries and the only known female-authored early twentieth-century text on sex and women's sexual pleasure. Over the centuries, changing sexual norms and attitudes in the Malay world have disengaged sex and sexuality from being a crucial component of faith and spirituality, gradually receding into the discreet margins of contemporary discourse on gender relations. **Unchaining the Lion** Caleb Eissler, 2015-10-16. Does God exist? How can a good God allow pain and suffering? Can we trust the Bible? Is Jesus a copy of earlier pagan gods? Is Jesus the only way to God? What does the Bible actually say about homosexuality, transgenderism, and

abortion Did Jesus actually rise from the dead After living as a strong Christian for most of his life Caleb Eissler began to seriously doubt the very beliefs he had so tightly held to When he entered college he began wrestling with these very questions Eissler realized that Christianity had to answer these questions and more if it was to be taken seriously Ready to walk away from his faith if Christianity was found to be false he embarked on a journey to find the truth After years of research Eisslers faith wasnt just sustained but transformed He not only found the claims of Christianity to be true but also to be even more amazing than he had ever imagined Eisslers doubt research and soul searching fueled a new passion to help others rationally think through the same questions he had encountered Unchaining the Lion is the culmination of Eisslers research and passion Unchaining the Lion sets out to bridge the gap of misunderstanding between Christianity and secular culture by laying out the claims and evidence for Christianity while addressing countless objections and questions along the way To non believers Eissler provides a coherent and easy to follow explanation of the beliefs and the defenses of Christianity while challenging them on their presuppositions about the world the Bible and God To Christians he provides a solid and deep defense of the claims of their faith that will surely help any believer Unchain yourself from the shackles of doubt towards Christianity as Eissler shares a truth that the world must hear **Birth Control Review** Margaret Sanger,1918
