Amor Mundi and Overcoming

Modern World Alienation Justin Pack,2019-10-17 Love in many premodern cultures extended to and permeated the world or even the cosmos but love in contemporary consumerist society tends to be sexualized romanticized and individualized As a result ancient visions of ethical love are difficult for moderns to comprehend especially those rooted in premodern Western thought or Native American thinkers that describe a love of the natural world that would help us live more responsibly on the Earth This volume retrieves the significant narratives of love of the world and the concomitant ethical ramifications of those visions and argues that our age of science and technology has destroyed the ancient living cosmos of previous visions and replaced it with a mechanical universe This shift has resulted in various forms of destruction diminishment and forgetfulness Overcoming modern world alienation requires recovering a sense of what it means to love the world and changing our practices to reflect our interconnection with it and our interdependency on it

Love's fate ,1885

Love's Fate Tracey Smith,2012-01-14

Connected by Tragedy Consumed By Love Do you believe in Fate Do you believe in soul mates What if there was just one man out there who was meant for you Would you know him if you saw him Would he know you Katherine didn t believe in soul mates she wasn t even sure if she believed in love until the night she saw him There was something oddly familiar about his dark blue eyes but she was sure she d never seen him before The only thing more confusing than the overwhelming attraction she felt toward this mysterious stranger was the way he was staring right back at her with that same look of curious fascination Then suddenly he leaves and she s left with nothing but the haunting memory of his beautiful eyes and the strange connection they seem to have with her recurring nightmares The day Michael s mother died was one of greatly mixed emotions He would miss his mother but her passing meant that he would finally be free of his oppressive father He was leaving and nothing was going to stop him But why couldn t he stop thinking about the beautiful woman he had seen the night he got the call about his mother Why had she seemed so familiar More than once their paths will cross but will they ever find each other Will Fate ultimately bring them together or keep them apart

Becoming Divine M. David Litwa, 2013-10-30 Some have called it the essence of sin others the depth of salvation Regardless of one's evaluation of it however deification throughout Western history has been a part of human aspiration From the ancient pharaohs to modern transhumanists people have envisioned their own divinity These visionaries include not only history's greatest megalomaniacs but also mystics sages apostles prophets magicians bishops philosophers atheists and monks Some aimed for independent deity others realized their eternal union with God Some anticipated godhood in heaven others walked as gods on earth Some accepted divinity by grace others achieved it by their own will to power There is no single form of deification indeed deification is as manifold as the human conception of God but the many types are united by a set of interlocking themes achieving immortality wielding superhuman power being filled with supernatural knowledge or love and through these means transcending normal human or at least earthly nature
