Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love
Love and Sexuality in Social Theory Emiliano Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27 Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions
The Transformation of Intimacy Anthony Giddens, 1992 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life more generally In answering these questions the author disputes many of the dominant interpretations of the role of sexuality in modern culture The author suggests that the revolutionary changes in which sexuality has become caught up are more long term than generally conceded He sees them as intrinsic to the development of modern societies as a whole and to the broad characteristics of that development Sexuality as we know it today is a creation of modernity a terrain upon which the contradictory tendencies of modern social life play themselves out in full Emancipation and oppression opportunity and risk these have become a part of a heady mix that irresistably ties our individual lives to global outcomes and the transformation of intimacy We live today in a social order in which for the first time in history women are becoming equal to men or at least have lodged a claim to such equality as their right The author does not attempt to analyze the gender inequalities that persist

in the economic or political domains but instead concentrates on a more hisdden personal area in which women ordinary women in the course of their day to day lives quite apart from any political agenda have pioneered changes of greate and generalizable importance These changes essentially concern an exploration of the potentialities of the pure relationship a relaitonship that presumes sexual and emotional equality and is explosive in its connotations for pre existing relations of power The author analyzes the emergence of what he calls plastic sexuality sexuality freed from its intrinsic relation to reproduction in terms of the emotional emancipation implicit in the pure relationship as well as women s claim to sexual pleasure Plastic sexuality is decentered sexuality freed from both reproduction and subservience to a fixed object It can be molded as a trait of personality and thus become bound up with the reflexivity of the self Premised on plastic sexuality the pure relationship is not exclusively heterosexual it is neutral in terms of sexual orientation The author speculates that the transformaion of intimacy might be a subversive influence on modern institutions as a whole for a social world in which the dominant ideal was to achieve intinsic rewards from the company of others might be vastly different from that which we know at the present

Love & Eroticism Mike Featherstone,1999-09-20 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture

Love, Sex & Eroticism in Contemporary Latin American Literature Alun Kenwood,1992 The Contradictions of Love Lena Gunnarsson,2014-01-03 The Contradictions of Love Towards a feminist realist ontology of sociosexuality offers a robust and multifaceted theoretical account of how in contemporary western societies women continue to be subordinated to men through sexual love The book defends and elaborates Anna G J nasd ttir's thesis that men tend to exploit women of their love power by means of an innovative application of critical realism dialectical critical realism and the philosophy of metaReality Gunnarsson also offers a critique of the state of affairs of contemporary feminist theory The author demonstrates that the meta theoretical framework of critical realism offers the tools that can counter the poststructuralist hegemony still prevailing in feminist theory On a general level The Contradictions of Love attempts at reconciling theoretical positions which tend to appear in opposition to one another In particular it offers a way of bridging the gap between the notion of love as a locus of exploitation and that of love as a force which can conquer oppression This book is a unique and timely contribution in the field of feminist theory in

that it offers the first elaborate assessment and development of J nasd ttir s important but relatively sidestepped work and in that it counters poststructuralist trends from the point of view of a robust critical realist framework that has hitherto been spectacularly absent in feminist theory although it offers solutions to metatheoretical problems at the forefront of feminist debates in the field of critical realism broadly defined in that it elaborates on crucial ontological themes of dialectical critical realism and the philosophy of metaReality via a discussion of the issues of love sexuality gender and power and finally in the field of love studies in that it offers a sophisticated account of how gender asymmetries prevail in love despite norms of gender equality and reciprocity and in that it reconciles feminist conflict oriented perspectives on love with notions of love as transcending conflict

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world s best thinkers have brought and continue to bring to the study of love

Erotic Love in Sociology, Philosophy, and Literature Finn Bowring, 2019 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day Erotic Love shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life Erotic Love recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love

Love and Sexuality in Dystopian Fiction. An Analysis of "Brave New World" and "Nineteen Eighty-Four" Lena Gräf, 2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2 3 language English abstract This term paper is supposed to deal with how love and sex are depicted in Brave New World and 1984 and if there are any similarities between them Furthermore we will take a brief look at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the role of love in all of that After this we will then hopefully be able to identify what love and sex in dystopian fiction means Ever since Thomas More s Utopia love and sex have been a part of dystopian novels In Thomas More s times his depictions were ground breaking Women were not allowed to marry until they

were 18 In the past this was highly unusual since most women married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love relationships and sex

Passion in Philosophy Randolph Wheeler, 2016-10-26

Among the first and foremost of American continental philosophers Alphonso Lingis refines his own thought through a topic usually deemed unworthy of philosophical examination passion Lingis criticizes traditional scientific accounts of the emotions as dividing or disrupting our lives and argues for passion as a unifying force a concept which invites philosophical exploration The book s structure is twofold First it offers an examination of Lingis s most recent developments through the topic of passion with essays from some of the most established

commentators on the work of Lingis Second it offers a substantial retrospective on Lingis s thought in relation to some of the major figures in continental philosophy namely Levinas Kant Heidegger Butler Foucault and Nietzsche all interweaving the theme of passion Written to celebrate the eightieth anniversary of Lingis s birth these essays show how Lingis s thought has not only endured over so many productive decades but also remains vital and even continues to grow
