Espinola, 2013 Catherin Alexander Love on the Internet is about two romantically driven people that have been for the greatest part of their lives unlucky in love They see the romance in the rose opening its bloom for the world to see the beauty held within as well as in the ability for two people with romantic hearts to find each other enjoying the poetic beauty of the world around them However each feels disappointed in the fact that they have not found the person that brings love's star into focus Catherin a hopeful romantic is a woman that craves romance enjoys being a woman and loves being feminine She envisions herself in romantic scenarios with a man that can hold her heart in his hands capable of loving her for the rest of her life On the other hand Alexander is not only a man of action an individual that has always enjoyed adventure never missing an opportunity to feel the adrenaline run through his veins but also a true romantic and a Southern gentleman He believes strength is best found in the way in which a man loves the woman in his life and in the way he lives his life as an example for others to follow After experiencing another bad date he decides to follow the advice of a friend and join an Internet dating site Catherin experiencing a similar situation over six thousand miles away does the same allowing them both to find a love that bridges two completely different worlds uniting their hearts forever together **When True Love Came to China** Lynn Pan, 2015-11-01 The Guardian's Best Books of 2015 Most people suppose that the whole world knows what it is to love that romantic love is universal quintessentially human Such a supposition has to be able to meet three challenges It has to justify its underlying assumption that all cultures mean the same thing by the word love regardless of language It has to engage with the scholarly debate on whether or not romantic love was invented in Europe and is uniquely Western And it must be able to explain why early twentieth century Chinese writers claimed that they had never known true love or love by modern Western standards By addressing these three challenges through a literary historical philosophical biographical and above all comparative approach this highly original work shows how love's profile in China shifted with the rejection of arranged marriages and concubinage in favour of free individual choice monogamy and a Western model of romantic love This book Lynn Pan's best to date adds a wonderful new angle by encouraging us via comparison to better appreciate how unusual even in some ways exotic a part of the Western past we take for granted as

though it were natural actually is While the reader will learn a great deal about Chinese literary and cultural traditions from this book if read with an open mind the Western reader may end up rethinking things about his or her tradition just as deeply Jeffrey N Wasserstrom Chancellor s Professor of History University of California at Irvine Nobody writes about China quite as brilliantly as Lynn Pan who in this new illuminating work on love showcases her trademark erudition entwined with a novelist s sensibility Pan s rare skill makes the book a treat from start to finish a sumptuous deft and moving analysis of China s relationship with love Mishi Saran author of Chasing the Monk s Shadow A Journey in the Footsteps of Xuanzang and The Other Side of Light **A Bitter Heritage: A Modern Story of Love and Adventure** John Bloundelle-Burton,2020-09-28
