The Search for the Self Heinz Kohut,2018-05-08 The re issuing of the four volumes of the author s writings is a major publishing event for psychoanalysts who are interested in both the theoretical and the therapeutic aspects of psychoanalysis These volumes contain the author s pre self psychology essays as well as those he wrote in order to continue to expand on his groundbreaking ideas which he presented in *The Analysis of the Self* *the Restoration of the Self* and in *How Does Analysis Cure* These volumes of *The Search for the Self* permit the reader to understand not only the above three basic texts of psychoanalytic self psychology more profoundly but also to appreciate the author s sustained openness to further changes to dare to present his self psychology as in continued flux influenced by newly emerging empirical data of actual clinical practice The current re issue of the four volumes of *The Search for the Self* would assure that the younger generation of psychoanalysts would be exposed to a clinical theory that

could contribute greatly to solving the therapeutic dilemmas facing psychoanalysis today This is Volume one **The Edge of Yesterday** CJ Birch,2021-11-16 Easton Gray is sent from the future to prevent the end of the human race after nanotechnology spreads rapidly leading to danger and disaster As an operative for the Ministry of Discourse Easton s only goal is to eradicate the technology Dr Tess Nolan is alone except for the company of her rescue dog Lou It s not until a stranger shows up in town and her life is turned upside down that she realizes the love she s been missing Easton is everything Tess didn t know she wanted but her warning bells are sounding There s something too convenient about Easton s arrival Caught between her need to follow orders and her growing feelings for the beautiful doctor Easton begins to question everything she knows leading her on an investigation that will change not just her life but the future as well When forced to target Tess can Easton do what s needed to save humanity Or will finally finding the one person who feels like home prove impossible to ignore *Poems of Sidney Lanier, ed. by his wife [M. Lanier].* Sidney Clopton Lanier,1891 The Erotic Phenomenon Jean-Luc Marion,2024-07-12 While humanists have pondered the subject of love to the point of obsessiveness philosophers have steadfastly ignored it One might wonder whether the discipline of philosophy even recognizes love The word philosophy means love of wisdom but the absence of love from philosophical discourse is curiously glaring So where did the love go In The Erotic Phenomenon Jean Luc Marion asks this fundamental question of philosophy while reviving inquiry into the concept of love itself Marion begins his profound and personal book with a critique of Descartes equation of the ego s ability to doubt with the certainty that one exists I think therefore I am arguing that this is worse than vain We encounter being he says when we first experience love I am loved therefore I am and this love is the reason I care whether I exist or not This philosophical base allows Marion to probe several manifestations of love and its variations including carnal excitement self hate lying and perversion fidelity the generation of children and the love of God Throughout Marion stresses that all erotic phenomena including sentimentality pornography and even boasts about one s sexual conquests stem not from the ego as popularly understood but instead from love A thoroughly enlightening and captivating philosophical investigation of a strangely neglected subject The Erotic Phenomenon is certain to initiate feverish new dialogue about the philosophical meanings of that most desirable and mysterious of all concepts love **Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments** ,1966 **The French Immortals Series (Complete)** Various, A Woodland Queen; 'Reine des Bois' André Theuriot,2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **From Phenomenology to Thought, Errancy, and Desire** B.E. Babich,2013-04-17 For both continental and analytic styles of philosophy the thought of Martin Heidegger must be counted as one of the most important influences in contemporary philosophy In this book essays by internationally noted scholars ranging from David B
