Love Death And The Changing Of The Seasons:

Love, Death, and the Changing of the Seasons Marilyn Hacker, 1995-03-17 This critically acclaimed sonnet sequence is the passionately intense story of a love affair between two women from the electricity of their first acquaintance to the experience of their parting

Forms of Expansion Lynn Keller, 1997-08-04 Expanding the boundaries of both genre and gender contemporary American women are writing long poems in a variety of styles that repossess history reconceive female subjectivity and revitalize poetry itself In the first book devoted to long poems by women Lynn Keller explores this rich and evolving body of work offering revealing discussions of the diverse traditions and feminist concerns addressed by poets ranging from Rita Dove and Sharon Doubiago to Judy Grahn Marilyn Hacker and Susan Howe Arguing that women poets no longer feel intimidated by the traditional associations of long poems with the heroic public realm or with great artistic ambition Keller shows how the long poem's openness to sociological anthropological and historical material makes it an ideal mode for exploring women's roles in history and culture In addition the varied forms of long poems from sprawling free verse epics to regular sonnet sequences to highly disjunctive experimental collages make this hybrid genre easily adaptable to diverse visions of feminism and of contemporary poetics

Lesbian Utopics Annamarie Jagose, 2017-09-29 In *Lesbian Utopics* Annamarie Jagose surveys the construction of the lesbian and finds her in a cultural space that is both everywhere and of all places nowhere The lesbian in other words is symbolically central yet culturally marginal

Lives of the Sonnet, 1787-1895 Marianne Van Remoortel, 2016-05-06 In a series of representative case studies Marianne Van Remoortel traces the development of the sonnet during intense moments of change and stability continuity and conflict from the early Romantic period to the end of the nineteenth century Paying particular attention to the role of the popular press which served as a venue of innovation and as a site of recruitment for aspiring authors Van Remoortel redefines the scope of the genre including the ways in which its development is intricately related to issues of gender Among her subjects are the Della Cruscans and their primary critic William Gifford the young Samuel Taylor Coleridge and his circle Elizabeth Barrett Browning's *Sonnets from the Portuguese* George Meredith's *Modern Love* Dante Gabriel Rossetti's *House of Life* and Augusta Webster's *Mother and Daughter* As women became a force to be reckoned with among the reading public and the writing community the term sonnet often operated as a satirical label that was not restricted to poetry adhering to the strict formalities of the genre Van Remoortel's study in its attentiveness to the sonnet's feminization during the late eighteenth century offers important insights into the ways in which changing attitudes about gender and genre shaped critics' interpretations of the reception histories of nineteenth century sonnet sequences

Questions of Possibility: Contemporary Poetry and Poetic Form David Caplan, 2006-09-26 *Questions of Possibility* examines the particular forms that contemporary American poets favor and those they neglect The poets' choices reveal both their ambitions and their limitations the new possibilities they discover and the traditions they find unimaginable By means of close attention to the sestina ghazal love

sonnet ballad and heroic couplet this study advances a new understanding of contemporary American poetry Rather than pitting closed verse against open and traditional poetry against experimental Questions of Possibility explores how poets associated with different movements inspire and inform each other s work Discussing a range of authors from Charles Bernstein Derek Walcott and Marilyn Hacker to Agha Shahid Ali David Caplan treats these poets as contemporaries who share the language not as partisans assigned to rival camps The most interesting contemporary poetry crosses the boundaries that literary criticism draws synthesizing diverse influences and establishing surprising affinities In a series of lively readings Caplan charts the diverse characteristics and accomplishments of modern poetry from the gay and lesbian love sonnet to the currently popular sestina

Laugh Lines Carrie Conners, 2022-04-19 Humor in recent American poetry has been largely dismissed or ignored by scholars due in part to a staid reverence for the lyric Laugh Lines Humor Genre and Political Critique in Late Twentieth Century American Poetry argues that humor is not a superficial feature of a small subset but instead an integral feature in a great deal of American poetry written since the 1950s Rather than viewing poetry as a lofty serious genre Carrie Conners asks readers to consider poetry alongside another art form that has burgeoned in America since the 1950s stand up

comedy Both art forms use wit and laughter to rethink the world and the words used to describe it Humor's disruptive nature makes it especially whetted for critique Many comedians and humorous poets prove to be astute cultural critics To that end Laugh Lines focuses on poetry that wields humor to espouse sociopolitical critique To show the range of recent American poetry that uses humor to articulate sociopolitical critique Connors highlights the work of poets working in four distinct poetic genres traditional received forms such as the sonnet the epic procedural poetry and prose poetry Marilyn Hacker Harryette Mullen Ed Dorn and Russell Edson provide the main focus of the chapters but each chapter compares those poets to others writing humorous political verse in the same genre including Terrance Hayes and Anne Carson This comparison highlights the pervasiveness of this trend in recent American poetry and reveals the particular ways the poets use conventions of genre to generate and even amplify their humor Connors argues that the interplay between humor and genre creates special opportunities for political critique as poetic forms and styles can invoke the very social constructs that the poets deride
