Dark Kingdom Firestar, 2007-12 The year following my diagnosis of breast cancer having a total mastectomy and chemotherapy I felt as if I was out at sea in the midst of a storm The faster I ran from the darkness and turmoil the closer it came I was frightened but learned to depend on the energy of the Universe Accepting my new body image was very difficult Due to my insecurities low self esteem and self confidence I placed my marriage in jeporady I had to learn to trust in the positive energy of the Universe to help me heal I needed to allow God and His angels to take me in their hands and carry me Depending on the power of the Universe established inner strength and courage to be a survivor We have a choice in how we react and respond to situations the lessons that life presents to us Learning to let go of certain feeling and situations is difficult but it makes each day more peaceful and comfortable Everything happens for a reason and it is up to us to learn from the lessons which are presented to us You can be a survivor when you accept that being a survivor is a state of mind which is dictated by you and not others I realized that guilt and shame are wasted energy and I was loved and can love others Everyone s path in recovery and rediscovery will be different We cannot compare ourselves to others We are individuals with different childhood experiences different backgrounds personalities and with different support systems I hope that Journey to New Beginnings gives you a sense of comfort and hope Each year will be another path of learning experiencing the joys of living and life enjoying the extraordinary in the ordinary

Memoirs of My Scars De'Jon Simons, Life's Punctuated Immortality Robert Woods, 2016-01-26 This glorification of nature in general incorporates themes of Darwinian evolution through natural selection extending to investigation of the origin of life from elements made in the stars to contemplation of consciousness self awareness laws of nature physics and probabilities of exact duplication of life forms including man over stretches of time and planetary realms our punctuated immortality Overall there is celebration of the gift of life through each incarnation of birth death and rebirth in view of science and thoughts of spirituality The subsuming principle throughout is love from its haven in the light of dreams to magnanimous configurations that sustain the ethos of humanity And life's summation can be visualized in the dream light from the poem Rainbow The wave of color binds our sentiments before it fades For each emotion is a subtlety in hue expressed And through life's noble journey may we add these tints and shades To vivid cast a rainbow in prismatic lightbeams blessed Ephemeral are the tones of life bestowed on halcyon skies When heralded by the rainbow arched above its golden eyes Or from dreams in the creation of legacy and ultimately a consummation of the human species How privileged we are with self awareness To momentary glean the cosmic splendor As part of visions doubts and thoughts of fairness Of how the human species may engender A code of ethics and historic render Our consummation carbon based which cast Unto the void of time and space would tender Ethos and quintessence of our past And future legacies should dreams survive steadfast from Enlightenment of Mankind
