Film Adaptation and Its Discontents Thomas Leitch, 2007-06-15 Most books on film adaptation the relation between films and their literary sources focus on a series of close one to one comparisons between specific films and canonical novels This volume identifies and investigates a far wider array of problems posed by the process of adaptation Beginning with an examination of why adaptation study has so often supported the institution of literature rather than fostering the practice of literacy Thomas Leitch considers how the creators

of short silent films attempted to give them the weight of literature what sorts of fidelity are possible in an adaptation of sacred scripture what it means for an adaptation to pose as an introduction to rather than a transcription of a literary classic and why and how some films have sought impossibly close fidelity to their sources After examining the surprisingly divergent fidelity claims made by three different kinds of canonical adaptations Leitch s analysis moves beyond literary sources to consider why a small number of adapters have risen to the status of auteurs and how illustrated books comic strips video games and true stories have been adapted to the screen The range of films studied from silent Shakespeare to Sherlock Holmes to The Lord of the Rings is as broad as the problems that come under review **The Congregationalist** ,1922

Character as Form Aaron Kunin, 2019-03-07. What if the Renaissance had the right idea about character? Most readers today think that characters are individuals. Poets of the Renaissance understood characters as types. They thought the job of a character was to collect every example of a kind in the same way that an entry in a dictionary collects definitions of a word. *Character as Form* celebrates the old meaning of character. The advantage of the old meaning is that it allows for generalization. Characters funnel whole societies of beings into shapes that are compact, elegant, and portable. This book tests the old meaning of character against modern examples from poems, novels, comics, and performances in theater and film by Shakespeare, Molière, Austen, the Marx Brothers, Raul Ruiz, Denton Welch, and Lynda Barry. The heart of the book is the character of the misanthrope who, in Shakespeare's phrase, banishes the world. *Puck*, 1877.
