## **Love Liberation The Law:**

*The Anarchist Dimension of Liberation Theology* Linda H. Damico, 2012-07-01 While other studies of liberation theology have shown a close connection to Marxism none have probed its anarchistic dimensions This original study reveals that in many of the most prominent themes of Latin American liberation theology there are close parallels to the ideas found in nineteenth century European anarchism These themes include an ethical concern with freedom justice equality and love a denunciation of political and economic structures of domination an emphasis on action a championing of all oppressed peoples a realistic consideration of the issue of violence and the vision of a future free from servitude These common concerns along with historical connections to both religious and secular anarchist sources show a revolutionary theology deeply indebted to its anarchist roots

**Liberation and the Cosmos** Barbara A. Holmes, 2023-02-28 The rich legacy of black critical thought creative expression and religious reflection come together in these creatively imagined conversations between the elders about the shape and conditions of Black liberation Barbara A Holmes has defined key issues of freedom and identity hypothesizing a meeting of the ancestors assembled on the other side to discuss them Imagine a conversation between Barbara Jordan and Thurgood Marshall on what freedom looks like in relation to law and politics Or between Tupac Shakur Nina Simone and James Baldwin on art culture and liberation Malcolm X and Harriet Tubman discuss freedom and wholeness while Audre Lorde Fannie Lou Hamer and George Washington Carver talk about liberated bodies These imagined dialogues open up rich reflection and insight and offer a unique vantage point for understanding the luminaries of liberation down through the generations An important resource for the contemporary task of Black liberation

**Liberation Theology and the Message of Salvation** Eugen Rosenstock-Huussy, 1978 Pittsburgh Theological Monograph Series General Editor

Dikran Y Hadidian *Freedom in Christ* Cindy Casalis, John S. Knox, 2022-09-14 Modern Christian apologists and evangelists employ a variety of tools designed to aid communities in their understanding of God and salvation via Christ's atonement One of the ways that defenders of the faith add to their field is in discerning the real significance of the treasures found in Christ This work begins by dissecting the true meaning of freedom in Christ from a Judeo Christian viewpoint Building on that foundation it then evaluates the sociological phenomenon of postmodernism in many of its characteristics and approaches both positive and negative The goal is to find pathways through which the apologist can respond to postmoderns in pointing them to Christ Finally the work closes by discussing how a newfound understanding of freedom in Christ adds to the three main branches of apologetics classical reformed and presuppositionalism

**Love, Liberation, and the Law** J. Vernon McGee, 1995 The Ten Commandments are central to the Bible because they reveal to us how we are to obey the Greatest Commandment to show our love for God and each other World renowned preacher McGee uses his distinctive style to explain the Ten Commandments and tells how to apply each in a practical and unpretentious way *American Protestant Ethics and the Legacy of H. Richard Niebuhr* William Werpehowski, 2002-09-20 In this careful analysis and evaluation of the monumental

influence of Niebuhr Werpehowski traces four streams that flow from Niebuhr's theology particularly as it deals with ethics In a tightly knit and comprehensive investigation of the work of four contemporary ethicists important in their own right Paul Ramsey Stanley Hauerwas James Gustafson and Kathryn Tanner Werpehowski explores how the legacy of Niebuhr has made an impact on their thought and work He presents a clear concise nuanced analytical criticism of the development of the four ethicists construction of ethics and does it in a way that interweaves and puts the four into a dialogue and conversation with Niebuhr and each other Addressing a number of substantive issues including the viability of just war tradition and the relationship between church and world American Protestant Ethics and the Legacy of H Richard Niebuhr demonstrates that Christian ethics operates within a set of polar tensions and that such conversations as are developed within need to be a part of moral discourse inside and between a variety of communities of faith **Littell's Living Age** ,1893 **God--The**

**World's Future** Ted Peters,2015-08-01 God The World's Future has been a proven textbook in systematic theology for over twenty years Thoroughly revised and expanded this third edition is explicitly crafted to address our postmodern context and explains the whole body of Christian historical doctrine from within a proleptic framework Peters skillfully deploys this concept not only to organize the various theological areas or loci but also to rethink doctrines in light of key postmodern challenges from ecumenism critical historical thinking contemporary science and gender and sexuality issues **On**

**Romans** C. E. B. Cranfield,2001-11-01 Professor Charles Cranfield takes a fresh look at some important questions currently in debate Several of these essays are previously unpublished Subjects include for example what Paul meant by the works of law whether his meaning in the words pistis Christou was faith in Christ or Christ's faith whether the old Testament law has a continuing place in the life of the Christian church In Sanctification as Freedom the author attempts to draw out the significance of the apostle's affirmation that the law of the Spirit has freed the believer from the law of sin and of death Cranfield does not lose sight of the relevance of theology and of New Testament studies in particular to the life of the Church and of the Christian individual today **How To Get a Life, Vol. 1: Empowering Wisdom for the Heart and Soul**

Lawrence Baines, Ph.D.,Daniel McBrayer, Ph.D.,2003-04 Presented in an easy to digest format with an uplifting message How to Get a Life offers individual chapters on the life views of some of the most important and powerful people in history Written in an engaging style by college professors Lawrence Baines and Daniel McBrayer each chapter contains a brief biographical sketch with that luminary's advice for daily living Take a trip on How to Get a Life and learn easy to understand advice from some of the world's greatest thinkers on The importance of relationships How to get over misunderstandings How to rise above mediocrity What to do when things go wrong Along with topics ranging from God and the universe to conceptions of love sex and death historical figures featured include Martin Luther King Jr Joseph Campbell Bill Wilson Gerda Weissmann Klein Albert Schweitzer Oprah Winfrey Buddha Leo Buscaglia Jane Goodall the Dalai Lama Muhammad Confucius and Richard of St Victor **Secular Nations under New Gods** Willem H. Vanderburg,2018-01-01 The ongoing

political muscle flexing of diverse Christian communities in North America raises some deeply troubling questions regarding their roles among us Earlier analyses including Herberg s Protestant Catholic Jew showed that these three branches of the Judaeo Christian tradition correspond to three forms of the American way of life while Kruse s One Nation Under God showed how Christian America was shaped by corporate America Willem H Vanderburg s Secular Nations under New Gods proceeds based on a dialogue between Jacques Ellul s interpretation of the task of Christians in the world and Ellul s interpretation of the roles of technique and the nation state in individual and collective human life He then adds new insight into our being a symbolic species dealing with our finitude by living through the myths of our society and building new secular forms of moralities and religions If everything is political and if everything is amenable to discipline based scientific and technical approaches we are perhaps treating these human creations the way earlier societies did their gods as being omnipotent without limits Vanderburg argues that until organized Christianity becomes critically aware of sharing these commitments with their societies it will remain entrapped in the service of false gods and thereby will continue to turn a message of freedom and love into one of morality and religion Christian Realism and Liberation Theology Dennis P.

McCann,2001-08-30 Christian Realism and Liberation Theology provides the best interpretation and critique we have of liberation theology Equally important however is McCann s interpretation of Reinhold Niebuhr For it is McCann s contention that Niebuhr is best appreciated as attempting to provide a form of spirituality sufficient to sustain the frustrations of political struggle By bringing Niebuhr and liberation theology into creative contrast McCann not only illuminates the contributions and shortcomings of each but helps us better understand the issues confronting the development of an adequate Christian social ethic This is a book that has needed writing for some time We are in McCann s debt Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Divinity School Duke University “To Recover What Has Been Lost”: Essays on Eschatology, Intertextuality, and Reception History in Honor of Dale C. Allison Jr. Tucker Ferda, Daniel Frayer-Griggs, Nathan C. Johnson,2020-11-30 Over the course of his career Dale Allison has enriched our understanding of Jewish and Christian hopes about the end of history advanced nuanced readings of ancient texts in light of their scriptural and cultural conversation partners and deepened our knowledge of the history of biblical interpretation throughout the ages In all of these ways he has sought in the words of T S Eliot to recover what has been lost In To Recover What Has Been Lost Essays on Eschatology Intertextuality and Reception History in Honor of Dale C Allison Jr leading biblical scholars and historians offer ground breaking studies on Jewish and Christian eschatology intertextuality and reception history three areas particularly evident in Allison s scholarship These essays reconstruct the past advance fresh readings and reclaim overlooked exegetical insights In so doing they too recover what has been lost The Subversive Gospel Tom Hanks,2009-01-19 What do the New Testament writers actually teach about 1 the poor 2 women and 3 sexual minorities Why do traditional commentaries and introductions so often ignore or treat superficially such burning questions churches grapple with today

Must we seek out specialized monographs to get adequate information and satisfactory answers in each area At last in a single volume Tom Hanks brings together the fruit of decades of study examining each New Testament book in each of these three crucial areas which often overlap in human experience Latin American male liberation theologians often forget that the option for the poor may involve solidarity with a lesbian of color who wants to be ordained Building on his pioneering study on oppression and poverty in Biblical theology Orbis 1984 Wipf 2000 and his Anchor Bible Dictionary article on Poverty in the New Testament which the New York Times review commended for its balance Hanks analyzes the teaching of each New Testament book regarding the main cause of poverty oppression and the variety of liberating Christian responses Feminist and womanist studies are mined to highlight the presence absence and role leadership of women in each New Testament book The remarkable absence of modern notions of family and family values in the New Testament books is emphasized along with the prominence of sexual minorities as authors and subjects of the New Testament books L William Countryman comments regarding the poor women and sexual minorities Tom Hanks has brought these issues to the exegesis of the New Testament in a sustained and orderly fashion He demonstrates beyond question that most of the New Testament authors were not interested in maintaining the household structures of the ancient Mediterranean and that indeed most of the individuals presented in the New Testament documents would not have seemed to be models of family values either in their time or today The works of Hanks and Theodore W Jennings with their detailed and careful argumentation show that excellent work is being done in this vein However surprising their conclusions may be to casual readers or offensive to readers protecting what they conceive as orthodoxy they are in fact deeply grounded in attentive scholarly work Dirt Greed Sex Minneapolis Fortress 2007 p 251 252      **Theological Dictionary of the New Testament** Gerhard Kittel, Geoffrey William Bromiley, Gerhard Friedrich, 1964 One of the most widely respected theological dictionaries put into one volume abridged form Focusing on the theological meaning of each word the abridgment contains English keywords for each entry tables of English and Greek keywords and a listing of the relevant volume and page numbers from the unabridged work at the end of each article or section      Desire for God and the Things of God Wyndy Corbin Reuschling, 2012-09-21 For many Christians spirituality and ethics are in separate mental and experiential compartments Spirituality may be understood as an inner experience while ethics is focused on decisions or positions on issues Both of these views reduce spirituality and morality in Christian faith and practice and ignore the centrality of desire for God and the things of God as key focal points for spiritual and moral formation These aspects of Christian formation must be located in their scriptural and theological contexts in order to understand more fully what God desires for human life This focus on desire provides content and context to Christian spirituality and morality We are drawn outward to focus on God and the good of others while we learn to embody virtues such as compassion courage self control gratitude humility and hope Practices are crucial ways by which we learn to incarnate our ultimate desire of love for God and for what God desires in the pursuit of justice and goodness for all creation

In so doing practices enable us to more fully integrate spiritual and moral growth in the processes of our desire for God and the things of God

**Humanist Christology of Paul** Juan L. Segundo, 2007-09-01 Segundo's groundbreaking exegesis focuses chiefly on Paul's treatment of sin, faith, and the impact of their intersection on human existence. In a brilliant concluding chapter, Segundo rejects liberation theology's reading of Paul as apolitical and shows how Paul's thought opens up for us a humanizing political realm that no repression can control or render useless. This profound and passionately written study will fascinate advanced students and scholars for years to come.

*A Pastoral Proposal for an Evangelical Theology of Freedom* Albert J.D. Walsh, 2013-04-30 In concluding the series of lectures given while he made his first and only visit to the U.S., Dr. Karl Barth expressed his hope to see a theology of freedom for humanity originating from the U.S. As a respectful response to the expressed hope of Karl Barth, Albert Walsh presents this essay as a pastoral proposal on the subject of freedom from the point of view of the Judeo-Christian tradition. Walsh presents both biblical and theological foundations for a theology of freedom which he calls "graced freedom," contending that this is that transcendent freedom that God alone confers and sustains as a freedom for humanity.

*The Perilous Sayings* Amos Winarto Oei, 2017-04-30 Dr. Amos Winarto Oei brings fresh clarity and understanding of the antitheses of Jesus from the Sermon on the Mount. Providing a thorough evaluation of key historical and contemporary interpretations of Matthew 5:21-48 from notable theologians, Oei illustrates the unity surrounding the teachings of Jesus even among disparate denominational traditions. Dr. Oei also addresses whether the ethics Jesus set out in the antitheses are for Christians only or whether they are demands for all individuals and also the state. This book is the product of extensive theological research and sound exegesis and presents a clear argument of the universal nature and individual scope of the ethics and morality of the most famous sermon ever preached.

**Theology for a Liberating Church** Alfred T. Hennelly, 1989 Freedom is a fundamental Christian theological category as much a challenge to construct a new way of seeing oneself and others as it is an announcement of what Christ has already done for us in his death and resurrection. Liberation theology is most simply the effort to spell out what such freedom means for Christians in the twentieth and twenty-first centuries. This book has as its principle premise the conviction that if we are to construct a North American liberation theology, we must begin listening to and understanding Latin American theology not so much as a model to be slavishly followed but as a challenge to our own cultural, political, and even religious assumptions. The focus thus is not so much on the theoretical meaning of Christian freedom but on its practice and more exactly its praxis, that is to say, the dialectic between theory and practice. After focusing on the creation and development of liberating theological methods and sources and above all the revitalization and renewal of structures that will contribute to the development of a liberated and liberating church, Fr. Hennelly ends with an analysis of the most recent and the most important Vatican document on liberation theology, *The Instruction on Christian Freedom and Liberation*, which he sees as an acknowledgement by the universal church that the theme of liberation is central to the meaning of Christian

theology
