The Crisis of Connection Niobe Way,Alisha Ali,Carol Gilligan,Pedro Noguera,2020-01-07 A collection of essays that examine the causes of and provide solutions to the widespread alienation and disconnection that beset modern society Since the beginning of the 21st century people have become increasingly disconnected from themselves each other and the world around them A crisis of connection stemming from growing alienation social isolation and fragmentation characterizes modern society The signs of this crisis of connection are everywhere from decreasing levels of empathy and trust to burgeoning cases of suicide depression and loneliness The astronomical rise in inequality around the world has contributed to the critical nature of this moment To delve into the heart of the crisis leading researchers and practitioners draw from the science of human connection to tell a five part story about its roots consequences and solutions In doing so they reveal how we in modern society have been captive to a false narrative that takes individualism as a universal truth The new story now emerging from across the human sciences underscores our social and emotional capacities and needs The science also reveals the ways in which the privileging of the self over relationships and of individual success over the common good as well as the perpetuation of dehumanizing stereotypes have led to a crisis of connection that is now widespread Finally the practitioners in the volume present concrete solutions that show ways we can create a more just and humane world This profoundly important book suggests that our innate human determination to bridge differences and live in vulnerable loving relationships is the antidote to rising fear and anxiety Lyn Mikel Brown author of *Powered by Girl* *Including Children and Young People with Special Educational Needs and Disabilities in Learning and Life* Rob Webster,2019-01-14 Marking the 40th anniversary of the Warnock Enquiry 1978 into special education in the UK and capturing the coverage of a public

debate on special educational needs and disabilities SEND hosted by the University College London Institute of Education 2018 this volume explores the legacy of the Enquiry considering how it has impacted on policy and practice relating to SEND and inclusion and how it will continue to do so Offering historical perspectives and drawing on professional and personal experiences high profile contributors including practitioners researchers campaigners and parents reflect on the approaches taken during the Warnock Enquiry and consider how successfully recommendations have been implemented Reviewing conceptual and practical territory covered by the Warnock committee and assessing the current state of the inclusion and education of young people with SEND in the UK the text sets out broad evidence based principles for rethinking inclusive practice and explores topics including the purposes contribution and impacts of the Warnock Enquiry rights based approaches to the education of children with SEND past and present dialogue between mainstream and specialist settings challenges faced by parents of children with SEND implications of the Enquiry for initial teacher training perceptions of SEND in the media the relevance of the Enquiry to policy and practice in the years ahead This invaluable text will widen current debates by exploring how persistent problems relating to inclusion and the education of children and young people with SEND might be resolved It is an essential read for researchers educationalists practitioners and families involved in the education of children with SEND
