words have to do with political theory These are the underlying questions that animate Jean Bethke Elshtain s fascinating engagement with the thought and work of Augustine the ancient thinker who gave no political theory per se and refused to offer up a positive utopia In exploring the questions Why Augustine why now Elshtain argues that Augustine s great works display a canny and scrupulous attunement to the here and now and the very real limits therein She discusses other aspects of Augustine s thought as well including his insistence that no human city can be modeled on the heavenly city and further elaborates on Hannah Arendt s deep indebtedness to Augustine s understanding of evil Elshtain also presents Augustine s arguments against the pridefulness of philosophy thereby linking him to later currents in modern thought including Wittgenstein and Freud
