Love Survival Simple Choices Powerful Changes:

Library Journal ,1998-05 **C.H.O.I.C.E.S. Model: Choosing Love Instead of Fear** John L. Stone,2023-12-05 C H O I C E S Model Choosing Love Instead of Fear is a self empowerment book which was 35 years in the making and based on extensive research That research distilled down to its essence demonstrates that stress is not as is often portrayed in popular culture the enemy Data from two separate fields academia and industry while having opposing views on who is responsible for reducing felt stress both agree that the primary mitigator of harmful distress is locus of control LOC Internal LOC locates the control within the individual whereas external LOC locates the control from outside forces The consensus by academia and industry is the more LOC is internal the less distress is felt Chosen versus imposed stressors yield less harmful impacts from the distress This research becomes a powerful tool to help reduce distress by restoring control to the individual Life can be so overwhelming that automatic knee jerk reactions are used to fend off a constant barrage of stressors The CHOICES Model provides a way to be proactive The more this is done consciously the greater the sense of wellbeing The book presents seven life areas which give purpose and meaning The areas include Community Health Occupation Investment Creativity Education and Spirituality Each is essential to a quality life The premise of this book is that an individual s perception of their own personal power increases with every small success and one area of success gives the individual confidence to believe in themselves enough to attempt challenges in the other domains There s a chapter for each of these seven equally important domains Each area is defined along with the rationale and tools necessary for personal development Community is important because we are social beings with needs for belonging Letting someone know you care allows joy to spring through both your hearts No matter our physical or mental condition health matters to all of us Our personal level of wellbeing sets the limits for what can be our personal best Build strength and immunity when feeling well and be gentle with yourself when you re not Occupation is important because we all have a need to be part of something bigger than ourselves a calling to make a difference and a desire to leave a meaningful legacy This needn t be one s vocation It is literally what occupies our time and energy It may be an avocation or volunteer service work However we spend our time let our life s work lift our hearts and move us all into better days Investment is not limited to finances This area is all about how we spend our resources Besides money it includes our time energy and level of commitment Let s be generous and give of ourselves without expecting anything in return In this way we all have the power to be superheroes Creativity is important because it defines who we are We build a life We express who we are We make something that only we can imagine Expressions from our hearts are never wasted When we bring something new into this world we give birth to something that will survive us Education is something we do naturally and have done since we took our first breath Lifelong learning helps us make our way in the world We know that reading to a child instills curiosity and ignites intelligence Let s read to a child tonight and if that s not possible let s all continue reading to our inner child Finally spirituality provides transcendence to see and feel beyond our limitations and

provides love when facing the void Namaste The light within me bows to the light within you Let s spread this message and celebrate the sacred in each other **WTIU.** ,1998 **The Library Journal** ,1998-04 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Savannah's Choices* Donna Ketchbaw,2008-10-16 AN EXCITING NOVEL ABOUT AN ILLICIT AFFAIR WEALTH CORPORATE POWER AND REVENGE BOOK AWARDS NATIONAL INDIE EXCELLENCE AWARDS The May 2009 National Indie Excellence Awards competition selected Savannah s Choices as one of three Finalist in the Romance Category 2010 Savannah s Choices took first in Romance category for BEST BOOKS OF THE YEAR 2010 Choices pave our destiny and Savannah Le n was forced to make some desperate choices to survive her past Heart broken and in utter despair she flees Texas in search of a new beginning far away from Tom P Hackett a ruthless and wealthy married man she loved with all her heart Savannah finds her new beginning in the majestic beauty of Jackson Hole Wyoming Here she is introduced to Mrs Clarissa Winthrop and her two loyal household employees Odie and Hoak three unforgettable characters which leave an indelible mark on the heart of the reader A ghost in Mrs Winthrop s past provides Savannah a new romantic interest the ruggedly handsome cattle baron Jake Morris Savannah finds herself torn between her love for Jake and the painful memories of her past which continue to haunt her Without warning Savannah is suddenly propelled into a life of intrigue and unexpected wealth Interwoven in this gripping story are themes of corporate power romance and revenge which Savannah wields with deadly force Tom P Hackett could not begin to imagine what it would cost him when he broke Savannah Le n s heart His betrayal and Savannah s Choices alter both their lives forever Man's Fate and God's Choice Bhimeswara Challa,2021-06-29 Stagnate as a creepy caterpillar or transform into a beauteous butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man s rightful place in the cosmos and his manifest destiny on earth Why are we so self righteously self destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self sustained momentum for transformation through consciousness change And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author s understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping
