## Love Tangle:

Love Triangle Matt Parker, 2025-08-19 AN INSTANT NEW YORK TIMES BESTSELLER An ode to triangles the shape that makes our lives possible Trigonometry is perhaps the most essential concept humans have ever devised The simple yet versatile triangle allows us to record music map the world launch rockets into space and be slightly less bad at pool Triangles underpin our day to day lives and civilization as we know it In Love Triangle Matt Parker argues we should all show a lot more love for triangles along with all the useful trigonometry and geometry they enable To prove his point he uses triangles to create his own digital avatar survive a harrowing motorcycle ride cut a sandwich fall in love measure tall buildings in a few awkward bounds and make some unusual art Along the way he tells extraordinary and entertaining stories of the mathematicians engineers and philosophers starting with Pythagoras who dared to take triangles seriously This is the guide you should have had in high school a lively and definitive answer to Why do I need to learn about trigonometry Parker reveals triangles as the hidden pattern beneath the surface of the contemporary world Like love triangles actually are all around And in the air And they re all you need

**The Jamesons** Mary Eleanor Wilkins Freeman, 1899 This work is narrated in the first person by a character named Sophia The story she tells began six years before and takes place in a small New England town often referred to as a village named Linnville The town is set in the country and is composed of a small community where people are by no means rich but are able to live comfortably The Jamesons are a very wealthy family from New York City who come to Linville for the summer and eventually buy a permanent summer home there

*My Heartfelt Love Poems* Shanae Jones, 2014-12-30 In my way of my heart I thought that this would be the time to show the way I love poetry so much so I decided to write an all poetry book with love sonnets This book expresses my love that I have inside of me The love that I want to give and have Some are dark inspiring funny and memorable I speak in the words that my heart felt and that my mind could express Some poems are even fictional but all from my heart So please let this book touch your heart like my heart felt when she poured out

**The Seven Basic Plots** Christopher Booker, 2005-11-11 This remarkable and monumental book at last provides a comprehensive answer to the age old riddle of whether there are only a small number of basic stories in the world Using a wealth of examples from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today it shows that there are seven archetypal themes which recur throughout every kind of storytelling But this is only the prelude to an investigation into how and why we are programmed to imagine stories in these ways and how they relate to the inmost patterns of human psychology Drawing on a

vast array of examples from Proust to detective stories from the Marquis de Sade to E T Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years and why so many stories have lost the plot by losing touch with their underlying archetypal purpose Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives and will be a talking point for years to come *Zentangle 11* Suzanne McNeill CZT,2015-04-01 Discover how to tangle with quotes sentiments and uplifting words Give your drawings a voice by combining letters with inspirational Zentangle art Text inspired tangling can be anything you want it to be from classic tiles to expressive shapes and words You can make your letters fun and casual or formal and flowery with messages that are personal social reverential or whimsical Use them to create motivating and meaningful note cards bookmarks gifts fine art and more You don't need to be a calligrapher to create awesome art with the elegant letters and 28 original new tangles inside Use the bonus workbook to explore sample alphabets learn new techniques and practice tangling British Drama Mr. Rohit Manglik,2023-08-21 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **Yusuf's Fragrance** Mahmud Gaami; tr. Mufti Mudasir,2022-12-05 It can be said of the 19th century Kashmiri poet Mahmud Ga mi that he was a pioneer in introducing the Persian genres of the ghazal nazm masnavi and na t into Kashmiri Mahmud Gami's contribution to Kashmiri poetry is unique in both scope and depth Not only is he the first truly prolific poet who has written entirely in the Kashmiri language but much of his poetry also stands out for its beauty of expression and depth of thought such as in the lyrical romance of Shireen Khusrau Yusuf Zulaikha and Layla Majnun Yusuf's *Fragrance* is both a celebration as well as an homage to Gami's oeuvre Through these beautiful verses we explore themes of love both physical and metaphysical philosophy folklore and tradition through different narrative devices such as nazms masnavis and vatsuns **The Librarian and Book World** ,1928 **The English Romance in Time** Helen Cooper,2004-06-17 *The English Romance in Time* is a study of English romance across the Middle Ages and the Renaissance It explores romance motifs quests and fairy mistresses passionate heroines and rudderless boats and missing heirs from the first emergence of the genre in French and Anglo Norman in the twelfth century down to the early seventeenth This is a continuous story since the same romances that constituted the largest and most sophisticated body of secular fiction in the Middle Ages went on to enjoy a new and vibrant popularity at all social levels in black letter prints as the pulp fiction of the Tudor age This embedded culture was reworked for political and Reformation propaganda and for the writing of England as well as providing a generous reservoir of good stories and dramatic plots The different ways in which the same texts were read over several centuries or the same motifs

shifted meaning as understanding and usage altered provide a revealing and sensitive measure of historical and cultural change The book accordingly looks at those processes of change as well as at how the motifs themselves work to offer a historical semantics of the language of romance conventions It also looks at how politics and romance intersect the point where romance comes true The historicizing of the study of literature is belatedly leading to a wider recognition that the early modern world is built on medieval foundations This book explores both the foundations and the building Similarly generic theory which previously tended to operate on transhistorical assumptions is now acknowledging that genre interacts crucially with cultural context with changing audiences and ideologies and means of dissemination The generation into which Spenser and Shakespeare were born was the last to be brought up on a wide range of medieval romances in their original forms and they could therefore exploit their generic codings in new texts aimed at both elite and popular audiences Romance may since then have lost much of its cultural centrality but the universal appeal of these same stories has continued to fuel later works from Bunyan's *Pilgrim's Progress* to C S Lewis and Tolkien
