The Country House Revisited Tereza Topolovská, 2017-08-01 This monograph provides an insight into English country house fiction by twentieth and twenty-first century authors with a focus on the works of E M Forster Evelyn Waugh Iris Murdoch Alan Hollinghurst and Sarah Waters The country house is explored within the wider social and cultural contexts of the period including contemporary architectural development The variety of literary depictions of the country house reflects the physical diversification of buildings which can be classified as such from smaller variants to formerly grand residences on the brink of physical collapse Within the scope of contemporary fiction architecture and poetics of space the country house given its uniquely integrating and exceptionally evocative qualities accentuates different conceptions of dwelling Consequently literary portrayals of the country house can be seen as both prefiguring and reflecting the contemporary practice of living

Claude Rains David J. Skal, Jessica Rains, 2008-11-07 The first full-length biography of the actor known for his roles in *The Invisible Man* *Casablanca* and other classics based on newly released interviews Given his childhood speech impediments and his origins in a destitute London neighborhood the ascent of Claude Rains to the stage and screen was remarkable Rains's difficulties in his formative years provided reserves of gravitas and sensitivity from which he drew inspiration for acclaimed performances in *The Invisible Man* *Mr. Smith Goes to Washington* *Casablanca* *Notorious* *Lawrence of Arabia* and other classic films In this book noted Hollywood historian David J. Skal draws on more than thirty hours of newly released Rains interviews to create the first full-length biography of the man nominated multiple times for an Academy Award for Best Supporting Actor Skal's portrait also benefits from the insights of Jessica Rains who provides

firsthand accounts of the enigmatic man behind her father's refined screen presence and genteel public persona. As Skal shows, numerous contradictions informed the life and career of Claude Rains. He possessed an air of nobility and became an emblem of sophistication, but he never shed the insecurities that traced back to his upbringing in an abusive and poverty-stricken family. Though deeply self-conscious about his short stature, Rains drew notorious ardor from female fans and was married six times. His public displays of dry wit and good humor masked inner demons that drove Rains to alcoholism and its devastating consequences. Skal's layered depiction of Claude Rains reveals a complex, almost inscrutable man whose nuanced characterizations were in no small way based on the more shadowy parts of his psyche. With unprecedented access to episodes from Rains's private life, Skal tells the full story of the consummate character actor of his generation. This highly readable biography, written with the help of his daughter Jessica, reveals the witty, talented man behind this universally respected Hollywood legend.

Tucson Citizen **Gothic Things** Jeffrey Andrew Weinstock, 2023-07-04 SHORTLISTED THE ALLAN LLOYD SMITH PRIZE FOR BEST MONOGRAPH

Offering an innovative approach to the Gothic, *Gothic Things: Dark Enchantment and Anthropocene Anxiety* breaks ground with a new materialist analysis of the genre, highlighting the ways that since its origins in the eighteenth century, the Gothic has been intensely focused on ominous matter and thing power. In chapters attending to gothic bodies, spaces, books, and other objects, *Gothic Things* argues that the Gothic has always been about what happens when objects assume mysterious animacy or potency and when human beings are reduced to the status of just one thing among many more powerful others. In exploring how the Gothic insistently decenters the human, Jeffrey Andrew Weinstock reveals human beings to be enmeshed in networks of human and nonhuman forces, mostly outside of their control. *Gothic Things* thus resituates the Gothic as the uncanny doppelgänger of twenty-first-century critical and cultural theory, lurking just beneath the surface and sometimes explicitly surfacing as it haunts considerations of how human beings interact with objects and their environment. In these pages, the Gothic offers a dark reflection of the contemporary nonhuman turn, expressing a twenty-first-century structure of feeling undergirded by anxiety over the fate of the human, spectrality, monstrosity, and apocalypse. Substituting horror for hope, the Gothic, Weinstock explains, has been a philosophical meditation on human relations to the nonhuman since its inception, raising significant questions about how we can counter anthropocentric thought in our quest to live more harmoniously with the world around us.
