Enough for Everyone Steven H. Propp, 2018-02-03 Robert Schaeffer and Douglas West are best friends living in Oklahoma in 1963 when they discover that they both sense a calling to become ministers in a mainline Christian denomination. But from seminary and their early years in ministry to their golden years looking back on what it takes to lead a congregation, a stimulating, sometimes puzzling yet often inspirational world of theological controversies and congregational concerns would unfold for these two men of God. *A Church Wide Enough for Everyone* follows these two men on their journey to demonstrate the continuing relevance of the Christian faith in a postmodern world. After moving to Berkeley, California, to attend college and seminary, they have little time to ponder the vast social changes taking place before they immediately enter into intensive critical study of the Bible and Christian theology. And as Robert is then thrust into the ordained ministry with his wife Faye, both men must in their own ways face the political, cultural, and ideological pressures of each passing decade, responding to challenges from both within the church and from outsiders. Are mainline churches and Christian theology dead? Or might they be revitalized in the current century? *A Church Wide Enough for Everyone* and the inspired journeys of two ministers offers a window into how this revitalization and new understanding is possible.

The Ideal of Kingship in the Writings of Charles Williams, C.S. Lewis and J.R.R. Tolkien Christopher Scarf, 2013-06-27 In his distinctive work, Christopher Scarf explores the writings of the three most prominent Oxford Inklings: Charles Williams (1886-1945), C.S. Lewis (1898-1963), and J.R.R. Tolkien (1892-1973) to reveal and contrast their conceptions of the ideal of kingship, divine, human, and mythological. As practising Christians, the faith of all three writers was central to their literary and personal visions of kingship, society, love, beauty, justice, and power. Scarf investigates their beliefs in God as Creator and heavenly King, opinions on the nature of His very being, and the way in which all believed the Creator to be unique rather than one among many. The relationship between the earthly and heavenly King is considered as well as the extent to which the writers contend that earthly kings are God's viceregents, act with His authority, and are duty-bound to establish and sustain just and joyous societies. Examining the writings of all three men in detail, Scarf also highlights the covert evidence of their lives and personalities which may be discovered in their texts. An understanding of the authors' individual but overlapping views of the essential meaning of kingship and their personalities and early lives will enrich the reader's appreciation of their created worlds. This volume provides a unique focus on kingship and the Christian beliefs of three well-loved writers and will be of interest to any reader seeking a fuller understanding of the individuals and their works.

A.B. Simpson and the Making of Modern Evangelicalism Daryn Henry, 2019-12-26 A shrewd synthesizer, gifted popularizer, and inspiring founder of the Christian and Missionary Alliance movement, A.B. Simpson (1843-1919) was enmeshed in the most crucial threads of evangelical Christianity at the turn of the twentieth century. Daryn Henry presents Simpson's life and ministry as a vivid, fascinating, and paradigmatic study in evangelical religious culture during a time when the conservative wing of the movement has often been overlooked. Simpson's ministry, Henry explains, fused the classic evangelical emphasis on revivalist conversion with the intensification of that

sensibility in the quest for the deeper Christian life of holiness Recovering the practice of divine healing Simpson emphasized a dynamically empowered and supernaturally animated Christianity that would spill over into nascent Pentecostalism His encouragement of cross cultural missions was part of a trend that unleashed the dramatic rise of world Christianity across the Global South All the while his Biblical literalism antagonism to modernist theology campaigns against evolution and views on premillennialism Biblical prophecy and the role of Israel in the end times made Simpson a precursor of the fundamentalist melees of subsequent decades From his upbringing in rural Canada and confessional Scottish Presbyterianism Simpson journeyed into the heart of American evangelicalism revolving around his base in New York City Against most previous writing on Simpson Henry s biography presents both continuities and discontinuities in the development of modern interdenominational evangelicalism out of the denominational evangelicalism of the nineteenth century **The Welsh Outlook** ,1926
