From Yakima, Washington to the Chicago Symphony Orchestra, Donald Peck's journey as a flutist has been extraordinary. Here, Peck offers an insider's view of the inner workings of one of the most prestigious orchestras in the country. Peck, like many artists, did not select his path voluntarily but rather let fate lead him to a career in music. In 1957, he secured a seat with the orchestra as a flutist. Beginning in 1958, Peck garnered the title of principal, which he kept until his retirement in 1999. A memoir filled with stories about life on the road, making recordings, and working with the best musicians and singers in the business, The Right Place, The Right Time! is a joy for anyone interested in the life of a dedicated, devoted, and talented artist. **Historical Dictionary of Modern and Contemporary Classical**

Music Nicole V. Gagné, 2019-07-17. The contemporary music scene thus embodies a uniquely broad spectrum of activity which has grown and changed down to the present hour. With new talents emerging and different technologies developing as we move further into the 21st century, no one can predict what paths music will take next. All we can be certain of is that the inspiration and originality that make music live will continue to bring awe, delight, fascination, and beauty to the people who listen to it. This book covers modernist and postmodern concert music worldwide from the years 1888 to 2018. This second edition of Historical Dictionary of Modern and Contemporary Classical Music contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on the most important composers, musicians, methods, styles, and media in modernist and postmodern classical music worldwide from 1888 to 2018. Marc Blitzstein was one of the 20th century's most important American composers, lyricists, and critics, often credited with having virtually invented opera in the American vernacular. Called the father of American opera in the vernacular by luminaries Aaron Copland and Leonard Bernstein, Blitzstein was a masterful pianist, coach, and accompanist, though ironically he made

more money on the lyrics to one song Mack the Knife than on everything else he ever did Blitzstein's brilliant career was cut short in 1964 when he died at the age of 58 This book catalogs Blitzstein's own writings and writings about him followed by detailed listings chronological alphabetical and genre analysis a comprehensive performance history and summaries of all known critiques of his 128 original musical works and 18 texts set to the music of others Shown in detail are the ways in which Blitzstein took music from his earlier works and developed it in later works a process that Lehrman utilized in completing with Bernstein's and the Estate's approval 20 Blitzstein works for performance including The Cradle Will Rock I've Got the Tune No for an Answer Idiots First and Sacco and Vanzetti which Blitzstein believed would be his magnum opus The book provides a unique and full perspective on the works of one of America's greatest composers one who deserves to be better known

Nationalist and Populist Composers Steve Schwartz, 2017-12-22 Populism and nationalism in classical music held a significant place between the world wars with composers such as George Gershwin Aaron Copland and Leonard Bernstein creating a soundtrack to the lives of everyday Americans While biographies of these individual composers exist no single book has taken on this period as a direct contradiction to the modernist dichotomy between the music of Stravinsky and Schoenberg In *Nationalist and Populist Composers: Voices of the American People* Steve Schwartz offers an overdue correction to this distortion of the American classical music tradition by showing that not all composers of this era fall into either the Stravinsky or Schoenberg camps Exploring the rise and decline of musical populism in the United States Schwartz examines the major works of George Gershwin Randall Thompson Virgil Thomson Aaron Copland Roy Harris Kurt Weill Morton Gould and Leonard Bernstein Organized chronologically chapters cover each composer's life and career and then reveal how key works participated in populist and nationalist themes Written for the both the scholar and amateur enthusiast interested in modern classical music and American social history *Nationalist and Populist Composers* creates a contextual frame through which all audiences can better understand such works as *Rhapsody in Blue* *Appalachian Spring* and *West Side Story*
