**Transfiguration** Dorothy Lee, 2004-11-18 Dorothy Lee argues passionately for restoring the study of The Transfiguration

to the centre of the theological stage and she succeeds triumphantly Whereas a theology of transfiguration has long been an essential part of the Eastern theological tradition it has often seemed strange to our Western rational minds The book argues that the transfiguration functions as an epiphany revealing Jesus true identity and also an apocalyptic vision depicting God's transforming future A chapter is devoted to each of the four New Testament narratives of the transfiguration setting the story within the wider literary and theological framework of the text Traces of the transfiguration are examined in other parts of the New Testament particularly in The Gospel of John where the symbolism is close to that of the transfiguration Finally the author draws out the symbolism and theological implications of the transfiguration for an understanding of Christ God's radical future and the transformation of all creation drawing on the icons of Eastern Christianity and Western theologies of beauty This book is a small masterpiece and a model of clarity and lucid exposition

*The Tax Collector and the Pharisee* Peter Tan-Gatue, 2022-02-04 The idea of justification by faith is noticeably illustrated in narrative form in the parable of the tax collector and the Pharisee Luke 18:9-14 Did Luke the evangelist copy or import this idea from the apostle Paul Or is there a better likelihood that Luke derived the theme from the teachings of Jesus himself The answers to these questions have implications on the likely origin of this central Christian theme and the connection between Jesus and Paul In *The Tax Collector and the Pharisee* Peter Tan Gatue builds a plausible case that this notion of justification by faith comes from material sources that already exist in the Jesus tradition Through biblical exegesis critical use of authenticity criteria and contributions in ancient and current historical cultural studies this work challenges the idea that justification is a Pauline innovation and also affirms the intrinsic authenticity of the Lukan parable

**The Path to Salvation in Luke's Gospel** MiJa Wi, 2019-05-23 This book investigates Luke's message of salvation in relation to socio economic issues and thus concerns salvation of the rich as well as the poor With a narrative reading of Luke's Gospel built on careful examination of its socio economic context it demonstrates that Luke's message of salvation is best understood as 1 Divine mercy which champions the cause of the poor and redresses the injustice of the world 2 Its human embodiment and 3 Divine reward promised to those who enact mercy Wi argues that Luke's question of what must we do juxtaposes salvation with doing posing interesting questions with respect to the salvation of the rich This volume highlights good news to the poor in terms of divine mercy and justice shows that the reception of divine mercy calls

for practices which embody it and above all clarifies Luke's notion of salvation of the rich which will happen as participation in the salvation of the poor. Wi's conclusion challenges its readers by asking the question along with Luke's audience: What must we do?

**Jesus and YHWH-Texts in the Synoptic Gospels** Scott Brazil, 2024-02-21 Scott Brazil examines the frequent practice of applying Old Testament YHWH texts to Jesus in the Synoptic Gospels. He argues that this YHWH text phenomenon evidences a high Christology in the primitive church that traces back to Jesus himself. He thus finds in this Synoptic practice a stinging contradiction against the modern critical theory that a high Christology took many decades to develop in the early church and exists only in John among the canonical Gospels. Brazil surveys the Synoptic Gospels in canonical order, exegesis dozens of passages in which OT texts originally referring to YHWH are either clearly or most probably applied to Jesus. He observes the frequency, diversity and ubiquity of the practice as well as its wide range of OT source material and its parallel to the NT practice of applying OT messianic texts to Jesus. And from the data he offers several ramifications including the early deliberate employment of YHWH texts to Jesus, the likelihood that Jesus is the source of the practice, the high Christology of the Synoptics and the redemptive historical metanarrative that Jesus is the divine interpreter and central figure of the Jewish Scriptures. Ultimately Brazil argues that understanding the prolific application of OT YHWH texts to Jesus in the Synoptic Gospels cannot be neglected without truncating genuine NT Christology.

*Cruciform Scripture* Christopher W. Skinner, Nijay K. Gupta, Andy Johnson, Drew J. Strait, 2021-01-05 What does it mean to participate in the cruciform Lord Jesus Christ so that our life together becomes a living exegesis of the gospel? Michael Gorman has been tremendously influential in exploring this question within the New Testament, particularly in the letters of Paul, the Gospel of John and the book of Revelation. His 2001 book *Cruciformity: Paul's Narrative Spirituality of the Cross* inspired a generation of scholars and was the first in a trilogy of New Testament theology devoted to exploring the role of the cross, participation in Christ and becoming the gospel in mission. Here an assemblage of some of the best and brightest current New Testament exegetes honor Gorman's work with contributions of their own, each of which further explores these three critical themes in various passages of the New Testament. *Cruciform Scripture* is more than a tribute to a giant of biblical scholarship. Its contributors, including N. T. Wright, Sylvia Keesmaat and Richard Hays, are masters in their own right who offer incisive interpretations of essential themes of New Testament theology and the core concerns of Christian life in community. As they reason together in this volume, they amplify one another's voices as well as Gorman's modeling a way that careful reflection on Paul's determination to know nothing except Jesus Christ and him crucified can engender fruitful insights on the nature of discipleship.
