**The Myth of Romantic Love and Other Essays** Michael Novak, 2017-07-28 Written by noted Catholic philosopher Michael Novak the selections in The Myth of Romantic Love and

Other Essays highlight the arc of his intellectual career Collectively demonstrating the fundamental unity of Novak s work the sixteen essays in this book span a broad range of political economic and social topics The selections offer clarity of thinking for the sake of concrete ends For example The Myth of Romantic Love the chapter from which the title of this work is drawn sharply distinguishes the love that popular culture portrays from the true Christian vision of love And The Family out of Favor argues if things go well with the family life is worth living when the family falters life falls apart Thus true Christian love manifest in marriage and family life is a greater resource for civilized society than any other institution Although this collection shows that Novak s viewpoints did evolve over time he remains a thinker that is clearly rooted in the ancient and medieval Catholic tradition From his discussions of gender relations to economics culture and politics his perspective honors the primacy of man and his immediate experience and thereby ultimately glorifies the Creator Novak s writing will infuriate some readers and inspire many others but both comrades in arms and intellectual opponents will find the clarity and intensity of his writings undeniable

**Defiant Ecstasy** Janelle Taylor, 2011-10-24 An imprisoned Englishwoman awaits to be rescued by a sexy Sioux warrior in this romance novel by the New York Times bestselling author of *Savage Ecstasy* The longer Alisha Williams remained at Fort Pierre the more she hoped her lover would rescue her from the taunts and tirades of the white pioneers They would never let her forget she had been the mistress of the infamous fierce warrior Gray Eagle As if the auburn haired beauty could forget Each night Alisha sweetly remembered Gray Eagle s bold caresses burning kisses his blazing passion Each day she scanned the vast horizon in hopes her Oglala brave would recapture her Then one day Alisha saw hundreds of Indian warriors riding to the gates of Fort Pierre and at their head was the fierce Gray Eagle Though her most fervent prayers had been answered Alisha s heart skipped a beat Would Gray Eagle destroy her or make her destiny his own Praise for *Defiant Ecstasy* I thought Taylor s ability to keep the conflict action and mystery going into this second book was brilliant And very difficult to do An adventure you will not want to miss This is a compelling story I could not put down Regan Walker author of *The Donet Trilogy*

**Radical Passion** Andrew Harvey, 2012-10-23 This culmination of award winning author Andrew Harvey s life s work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey s concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic s passion for God with the activist s passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn

tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books Radical Passion does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future     *Existential-Phenomenological Perspectives in Psychology* Ronald S. Valle, Steen Halling, 2013-03-08 When I began to study psychology a half century ago it was defined as the study of behavior and experience By the time I completed my doctorate shortly after the end of World War II the last two words were fading rapidly In one of my first graduate classes a course in statistics the professor announced on the first day Whatever exists exists in some number We dutifully wrote that into our notes and did not pause to recognize that thereby all that makes life meaningful was being consigned to oblivion This bland restructuring perhaps more accurately destruction of the world was typical of its time 1940 The influence of a narrow scientific attitude was already spreading throughout the learned disciplines In the next two decades it would invade and tyrannize the social sciences education and even philosophy To be sure quantification is a powerful tool selectively employed but too often it has been made into an executioner s axe to deny actuality to all that does not yield to its procrustean demands
