Transit □ 'Norden' och 'Europa' Petra Broomans, Ester Jiresch, Janke Klok Klok, Anja Schüppert, 2019-04-30 The IASS International Association for Scandinavian Studies is the international organization for the research of Nordic literature culture and linguistics Since 1956 the IASS conference has been organized every other year In 2016 the 31th IASS conference took place in Groningen Netherlands This 2016 conference revolved around the 21st century as an era characterized by dynamics with different implications These ongoing global transitions are reflected in the humanities the dichotomy between centre and periphery has invaded the literary discourse In many small language areas more translated literature is being published than literature written in the national language This implies that cultural mediators play a major role in the production of literature Their efforts are made visible in a transnational approach to the history of literature

Poetic Critique Michel Chaouli, Jan Lietz, Jutta Müller-Tamm, Simon Schleusener, 2021-03-22 Poetic critique is that not an oxymoron Do these two forms of behavior the poetic and the critical not pull in different even opposite directions For many scholars working in the humanities today they largely do but that has not always been the case Friedrich Schlegel for one believed that critique worthy of its name must itself be poetic Only then would it stand a chance of responding adequately to the work of art Taking Schlegel's idea of poetische Kritik as a starting point this volume reflects on the possibility of drawing these alleged opposites closer together In light of current debates

about the legacy of critique it investigates whether a concept such as poetic critique or poetic criticism lends itself to enriching our intellectual practice by engaging with the poetic potential of criticism and the critical value of art and literature Artbibliographies Modern ,1999 **Bibliographic Guide to Art and Architecture** New York Public Library.
