Cosmic Ships Samael Aun Weor, 2025-02-01 In 1950 while discussing flying saucers with three other physicists at Los Alamos Scientific Laboratory Enrico Fermi asked Where is everybody as if to say if there is intelligent life elsewhere in the universe why do we have no proof For sixty years scientists and the public have debated the answer to this question yet none have considered what Samael Aun Weor explains in Cosmic Ships We are absolutely sure that the cannibals from Africa and the Amazon also felt very annoyed when they could not capture an explorer Regarding concrete facts about flying saucers people want to proceed like cannibals however it is clear that the crews of those cosmic ships who know human savagery very well are not willing to let themselves be ensnared since they know very well the fortune that awaits them that is the intellectual loafers would make them prisoners the ships would be seized and used for war etc Logical analysis of the facts demonstrates not only the existence of advanced humanities but their presence on our planet There are thousands of documented cases of unexplained ships hundreds of cases of governments hiding what they know and decades of an attempt to encourage the populace to discard the facts as fantasy or foolishness Through stories from his own experience and analysis of well known events Samael Aun Weor shows that much of what we believe about extraterrestrials is false based on fear stubborn skepticism and outright lies He explains how easy it is for advanced humanities to hide from us and why they must because we are so consumed by psychological defects like pride greed and envy that we are a danger to ourselves and the universe That is why they are here to understand why we are such savages and how to help us change for the better It is time for us to stop trying to capture or destroy them and welcome their assistance Based on clear logic facts and documented events Shatters myths about UFOs and alien visitors Grounded in both solid science and spiritual tradition One God One

**Beloved, We Are One** Lee McEachern, 2013-06 In 1996 during a period of questioning and evaluating his life up to that date Lee McEachern took to heart spiritual writings he had read which emphasized the fastest way to lasting love real peace and happiness and maybe even God was through the eternal flame of love and something happened Lee felt like he was just a regular guy but he had experienced something extraordinary that was out of this world and absolutely beyond words Trusting in the Beloved with a capital B he made a connection to a Oneness of Love then he spent three years creating his own spiritual writings something that he had never done before trying to describe the peace love and joy that he had glimpsed He felt he knew that it resided at the center of our being at the center of the being of everyone and everything He knew the Beloved was in all of us What if I can get them to see a spark of that infinitely loving Oneness he thought But after three years of teaching Oneness poetry he stopped or at least tried to because the normal regular real world needed his attention His wife and son needed his attention In early 2013 Lee read Dr Eben Alexander's book Proof of Heaven His fascinating and strong message of an infinitely loving Oneness that is here now and more real than anything we can perceive with our physical senses made Lee think of his own teaching Oneness poetry In his book Dr Alexander wrote We are connected as One through our divine link with God Lee thought His whole book resonates with what I experienced and what I was trying to describe back in the 90's If a well educated well respected neurosurgeon and scientist can stick his neck out and share his unorthodox oneness of love experience then I will too So Lee dusted off the old poems added a few newer ones remember he said he tried to stop and here you have Beloved we are One Thank you Dr Alexander for giving me the nudge I needed to move forward Lee
