Günther Gassmann,Mark W. Oldenburg,2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological

forces the Lutheran reform movement was the most important and influential one. It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483-1546 that profoundly changed and shaped the face of Europe and beyond. Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia, Papua New Guinea, Madagascar, and Surinam. The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues, historical developments of Lutheranism worldwide, Lutheran ecumenical and missionary involvement, and activities, worship, and liturgy, spirituality, social ethics, inter-religious and Jewish relations, Lutheranism and the arts, theology, and important representatives of Lutheranism. This is done through a detailed chronology, an introductory essay, an appendix of Lutheran Churches, a bibliography, and hundreds of cross-referenced dictionary entries. This book is an excellent access point for students, researchers, and anyone wanting to know more about Lutheranism.

Encyclopedia of Martin Luther and the Reformation Mark A. Lamport, 2017-08-31. The Encyclopedia of Martin Luther and the Reformation is a comprehensive global study of the life and work of Martin Luther and the movements that followed him in history and through today. Organized by a stellar advisory board of Luther and Reformation scholars, the encyclopedia features nearly five hundred entries that examine Luther's life and impact worldwide. The two-volume set provides overviews of basics such as the 95 Theses as well as more complex topics such as reformational distinctions. Entries explore Luther's contributions to theology, sacraments, his influence on the church, and contemporaries, his character, and more. The work also discusses Luther's controversies and topics such as gender, sexuality, and race. Publishing at the five hundredth anniversary of the Reformation, this is an essential reference work for understanding the Reformation and its legacy today. **Luther** Scott H. Hendrix, 2009. Examines Martin Luther not as a reformer of the Catholic church or even the founder of the Protestant church but as a reformer of Christendom itself. **Luther in English** Michael S. Whiting, 2010-06-01. Recent studies have increasingly downplayed and in a few cases even wholly denied the influence of Martin Luther's theology of Law and Gospel on early English evangelicals such as William Tyndale. The impact of a late medieval Augustinian renaissance, Erasmian Humanism, the Reformed tradition, and Lollardy have all but eclipsed the more central role once attributed to Luther. Whiting reexamines these claims with a thorough reevaluation of Luther's theology of Law and Gospel in its historical context, spanning twenty-five years, something entirely lacking in all previous studies. Based on extensive research in the primary sources with acute attention to the larger historical narrative and in dialogue with secondary scholarship, Whiting argues that scholars have often oversimplified Luther's theology of Law and Gospel and have thus wrongly diminished his very significant, even principal, influence upon first-generation evangelicals William Tyndale, John Frith, and Robert Barnes during the English Reformation of the 1520s and 30s. First Things ,2002-06 Two Reformers Caryn D. Riswold,2007-07-15 By them we have been carried away out of our own land as into a Babylonian captivity and despoiled of all our precious possessions Martin Luther 1520 Their goal is our deracination which is detachment from one s background as from homeland customs traditions Thus women and other Elemental creatures on this planet are rendered homeless cut off from knowledge of our Race s customs and traditions Mary Daly 1984 What is this land this world of which these two theologians are speaking Why do the two statements above sound similar in the authors longing for a true home for our own land And who is this them who carries us away and cuts us off Could it be possible that Martin Luther and Mary Daly different in almost every way are saying something similar Why do these key figures in the Christian theological tradition who come from different times places and politics engage in such a parallel task How is this possible This book examines a series of surprising parallels between two key reforming figures in the Christian theological tradition and suggests that the two are in fact engaged in the same task political theology Applying a new label to familiar theologians enables readers to see both of them as well as their reformations in a new light The sixteenth century Reformation and second wave feminism are viewed through the pioneering work of Luther and Daly here to further establish the political content and consequence of these theologians *Martin Luther: Oxford Bibliographies Online Research Guide* Oxford University Press,2010-06-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Renaissance and Reformation a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

Berlin: 1932-1933 Dietrich Bonhoeffer,2009-09-30 Then came the crisis of 1933 This is Bonhoeffer s own phrase in

a letter that documents a turning point in his own life as well as that of the nation Of Bonhoeffer s own life at this time his biographer writes The period of learning and roaming from 1928 until 1931 had come to an end as the young lecturer age 26 began to teach on a faculty whose theology he did not share and to preach in a church whose self confidence he regarded as unfounded Bonhoeffer was becoming part of a society that was moving toward political social and economic chaos

Conspiracy and Imprisonment, 1940-1945 Dietrich Bonhoeffer, 2006-06-12 This volume published in the year of the one hundredth anniversary of Bonhoeffer s birth documents Bonhoeffer s life under the increasing restraints and fateful events of World War II Germany In hundreds of letters including ten never before published letters to his fiancée Maria von Wedemeyer as well as official documents short original pieces and a few final sermons the volume sheds light on Bonhoeffer s active resistance to and increasing involvement in the conspiracy against the Hitler regime his arrest and his long imprisonment Finally Bonhoeffer s many exchanges with his family fiancée and closest friends demonstrate the affection and solidarity that accompanied Bonhoeffer to his prison cell concentration camp and eventual death

Theological Education Underground Victoria J. Barnett, Claudia D. Bergmann, Dietrich Bonhoeffer, Scott A. Moore, 2011-11-01 Nearly all in translation for the first time these documents shed special light on Dietrich Bonhoeffer s work from the time of his underground seminary teaching through his sojourn at New York City and his return to the church struggle in Germany

Letters and Papers from Prison Dietrich Bonhoeffer, Isabel Best, John W. de Gruchy, Lisa E. Dahill, 2010-06-01 Despite Dietrich Bonhoeffer s earlier theological achievements and writings it was his correspondence and notes from prison that electrified the postwar world six years after his death in 1945 The materials gathered and selected by his friend Eberhard Bethge in Letters and Papers from Prison not only brought Bonhoeffer to a wide and appreciative readership especially in North America they also introduced to a broad readership his novel and exciting ideas of religionless Christianity his open and honest theological appraisal of Christian doctrines and his sturdy if sorely tried faith in face of uncertainty and doubt This splendid volume in many ways the capstone of the Dietrich Bonhoeffer Works is the first unabridged collection of Bonhoeffer s 1943 1945 prison letters and theological writings Here are over 200 documents that include extensive correspondence with his family and Eberhard Bethge much of it in English for the first time as well as his theological notes and his prison poems The volume offers an illuminating introduction by editor John de Gruchy and an historical Afterword by the editors of the original German volume Christian Gremmels Eberhard Bethge and Renate Bethge
