Lyn A Story Of Prostitution:

Lyn June Levine, Lyn Madden, 1988 **The Field Day Anthology of Irish Writing** Seamus Deane, Andrew Carpenter, Angela Bourke, Jonathan Williams, 1991 Lyn's Escape Lyn Madden, 2007 Lyn Madden worked for twenty years as a prostitute until one night she watched her lover and pimp throw a firebomb through the window of a house killing three women That shocking murder enabled her to summon up the courage to denounce her lover to the police Here in Lyn's own voice she begins her story with a police escort up the gangplank of a ferry fleeing Ireland in the hope of a safer future Lyn struggles against the ex-lovers abusers and demons that continue to haunt her and her children But through therapy and education Lyn undergoes an impressive evolution from prostitution to a contributing member of society This is a wonderful story of a woman who got a chance later in life to try to put herself on a better course away from the world of crime and exploitation *A History of Modern Irish Women's Literature* Heather Ingman, Cliona Ó Gallchoir, 2018-07-26 This book offers the first comprehensive survey of writing by women in Ireland from the seventeenth century to the present day It covers literature in all genres including poetry drama and fiction as well as life writing and unpublished writing and addresses work in both English and Irish The chapters are authored by leading experts in their field giving readers an introduction to cutting edge research on each period and topic Survey chapters give an essential historical overview and are complemented by a focus on selected topics such as the short story and key figures whose relationship to the narrative of Irish literary history is analysed and reconsidered Demonstrating the pioneering achievements of a huge number of many hitherto neglected writers *A History of Modern Irish Women's Literature* makes a critical intervention in Irish literary history *Reading the Prostitute* Lorna Ryan, 2018-12-20 First published in 1997 this study aims to forge new connections between debates on prostitution media processes and everyday life in its exploration of depictions of female prostitution in British and Irish broadsheet newspapers between 1987 and 1991 Lorna Ryan first examines a range of discourses on prostitution before proceeding to areas including signals of prostitution and images in the press Encompassing both textual and visual analyses Ryan demonstrates that these newspapers relied on appearance place time motive and intent in categorising women as prostitutes Prostitution and Feminism Maggie O'Neill, 2013-06-25 Feminists have long differed in their view of prostitution While some regard it as a classic form of exploitation and degradation others offer a more sympathetic interpretation of women's involvement in the sex industry In this important new book Maggie O'Neill seeks to explore the theoretical debates on prostitution and the relevance of these to the everyday lived experiences of women working on the streets Based upon her own ethnographic research defined as ethno mimesis the author seeks to undermine and demystify stereotypical images of prostitutes She explores the narratives offered by prostitutes themselves as well as other forms of their representation in film art and photography and shows how these various mediums may be used to shed light on the socio economic processes and structures which lead women into prostitution These personal accounts produce what O'Neill

refers to as a politics of feeling which she argues may be used to transform attitudes policy and practice in relation to female prostitution By relating these individual experiences to critical feminist theory the book deepens our understanding of the phenomenon of prostitution in contemporary society The book will be of particular interest to students and scholars in gender studies feminist theory and sociology

Assessing Prostitution Policies in Europe Synnøve Jahnsen, Hendrik Wagenaar, 2019-07-30 Once again prostitution occupies a prominent position on public and political agendas both nationally and internationally A topic of concern and interest within social and academic realms it is a highly moralised contested issue that is at the centre of heated and drawn out debates With each chapter dedicated to a separate country and written by a national authority on the subject *Assessing European Prostitution Policies* seeks to explore how prostitution is regulated in 21 European countries thus drawing out important implications for an effective and humane prostitution policy Indeed this innovative volume brings together systematic accounts of how national and local forms of governance influence the commercial market for sex as well as the lives of sex workers and third parties All chapters cover the history of prostitution policy national laws regulating prostitution policy formulation and implementation the national discourse on prostitution the gap between national and local regulation the impact of policy on the lives and rights of sex workers and sex worker advocacy organizations In addition to this the authors examine and highlight how immigration labour fiscal and welfare law have as much impact on the sex trade as designated prostitution law A unique interdisciplinary title that is comprehensive in its coverage *Assessing European Prostitution Policies* will appeal to undergraduate and postgraduate students postdoctoral researchers sex worker advocacy organisations and policy makers interested in fields such as Sexuality and Prostitution Public Policy Criminology and Gender Studies

Sex Work Teela Sanders, 2013-01-11 This is a richly detailed account of the way the sex industry works and one of the few empirical studies that investigates the off street industry in Britain The book seeks to advance a greater knowledge of the social organisation of the sex industry by uncovering the day to day activities of women involved in the indoor markets What types of

occupational risks do women experience in work of this kind How do these hazards affect their personal lives A key concern throughout the book is to assess whether women are passive victims of the circumstances of prostitution or whether they understand and calculate their responses to danger Drawing upon both sociological and criminological theories and on detailed research in the city of Birmingham the author addresses these questions by estimating the rationality of those responses and by providing a measure of how women make sense of different risks Sex Work a risky business describes how women create complex psychological and emotional techniques to maintain their sanity while selling sex and goes on to argue that the indoor sex markets in Britain have a distinct occupational culture with a set of social norms code of conduct and moral hierarchies that make it a high regulated workplace despite its illicit and sometimes illegal nature **Paying for Pleasure** Teela Sanders,2013-05-13 This book offers insights into why engagement in commercial sex is prolific as sexual culture is transformed in late modernity Drawing on original empirical data with men who buy sex the book explores not only why men buy sex but also the sociological and psychological processes that men encounter in order to enter an assumed deviant sexual behaviour as part of their everyday lives **The Little Book of Ranelagh** Maurice Curtis,2017-08-01 The Little Book of Ranelagh is a compendium of fascinating obscure strange and entertaining facts about this Dublin suburb Here you will find out about Ranelagh s rural past its sporting heritage its arts and culture its schools and churches shops and industries and its famous and occasionally infamous men and women Through main thoroughfares and twisting back streets this book takes the reader on a journey through Ranelagh and its vibrant past A reliable reference book and a quirky guide this can be dipped into time and time again to reveal something new about the people the heritage and the secrets of this south Dublin suburb *Sexualities and Irish Society* Máire Leane,Elizabeth Kiely,2014-01-13 In Ireland recent social cultural and political changes combined with globalisation commercialisation and new technologies have re shaped how we understand and think about sexuality There is now a multiplicity of ways in which individuals can experience their sexuality negotiate their sexual identities and advocate for sexual rights Meanwhile sexualities continue to be denied problematised and subjected to regulation The ongoing exchanges between real life sexualities and the social contexts in which they are forged provides the core focus of this book Sexualities and Irish Society explores the construction and management of sexualities across a number of different sites including the family the legal and education systems medical and therapeutic settings and cultural and commercial arenas Engaging with both theoretical and empirical material the authors analyse the power relations within which sexualities are constructed resisted and reconstructed Written by academics researchers advocates and practitioners this is the first comprehensive academic text on sexualities in Irish society It showcases the best of recent scholarship from a range of disciplinary perspectives Sexualities and Irish Society is a valuable resource for undergraduate and postgraduate students in social policy social care social work sociology women s studies cultural studies history politics and studies of the body It should also appeal to activists campaigners and professional practitioners The

Shamroques Niall Spratt, Patrick Meehan, 2012-07-06 The Shamroques series of children's books four titles was first published in the early nineties and was a sensation Orpen Press are pleased to announce the publication of new updated editions of the first two books in this much loved series The Shamroques First Challenge and The Shamroques Second Challenge The Shamroques are five magical creatures who were entrusted with the power of the high druids of Ireland when magic became forbidden in Ireland Disguised as stones they are awakened from their sleep by a little girl called Niamh Together with Niamh and her brother Conor and sister Sinead and with many other creatures they meet along the way the Shamroques set about on a quest to save the local environment from its enemies Having sold over 40 000 copies in its first edition this series will delight a new generation of children Trouble and Strife, 1988 **Gone Shopping** Lorraine Gamman, 2012-07-31 Voted one of The Guardian's top 10 best crime books of all time and one of the best true crime books ever written according to Stylist Shirley Pitts the eldest of six children was born upside down on 24 November 1934 Her career began by thieving bread off doorsteps and coal from coal carts Her father's bungled attempts at black marketeering and her dipsomaniac mother's inadequacies made Shirley resolve not only to be a first class thief but also the best mother her six children could wish for Before she died Shirley told her story to Lorraine the story of a generous brave and beautiful woman with a huge sense of fun and a love of life **Occasions of Sin** Diarmaid Ferriter, 2010-07-09 Ferriter covers such subjects as abortion pregnancy celibacy contraception censorship infanticide homosexuality prostitution marriage popular culture social life and the various hidden Irelands associated with sexual abuse all in the context of a conservative official morality backed by the Catholic Church and by legislation The book energetically and originally engages with subjects omitted from the mainstream historical narrative The breadth of this book and the richness of the source material uncovered make it definitive in its field and a most remarkable work of social history Changing Ireland Christine St. Peter, 2000-03-17 During the past twenty five years Ireland has seen an explosion of women's fiction hundreds of published works that reimagine the inherited literary traditions and the social contexts of women's lives Changing Ireland examines women's use of historical fiction exile literature Northern war narratives speculative fiction and classic realism and looks at the local Irish forms of international women's genres like the romance novel and feminist fiction **Two Irelands** Rebecca Pelan, 2005-06-27 The very different histories of the North and South are reflected in their literature While women in the Republic of Ireland have tended to write about social issues sexism crime unemployment and domestic violence women in Northern Ireland focused on their society's historical tension and primarily nationalist and unionist politics However Pelan maintains that feminist ideology has provided contemporary Irish women with an alternate political stance that incorporates gender and nationality ethnicity and allows them to move beyond the usual binaries of politics history and language Irish and English In an analysis enriched by a sophisticated but accessible engagement with contemporary feminist and gender theory Pelan concludes that Irish women's writing whether at the community or mainstream level North or South consistently

articulates political issues of direct relevance to the lives of Irish women today As a result such work retains close links with the initial impetus of the second wave of feminism as a political movement and questions the legitimacy of long standing social religious and political conventions From within the framework provided by this second wave argues Pelan Irish women can critique certain masculine ideologiesnationalist unionist imperialist and capitalistwithout forfeiting their own sense of gender and national or ethnic identity The book s significance lies in its placement of women s writing in the center of contemporary political discourse in Ireland and in ensuring that the writing from this periodmuch of it long out of printcontinues to exist as sociological as well as literary records It will be of interest to a general and scholarly audience especially those in the fields of contemporary Irish writing feminism and literary history **Journal of Women's History**,1995
