Imagery of Lynching Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In *Imagery of Lynching* Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put

Lynchings in Kansas, 1850s-1932 Harriet C. Frazier, 2015-01-28 In 1933 Genevieve Yost Kansas State Historical Society cataloger published a *History of Lynching in Kansas* The present book is a development of that work researched with the benefit of modern technology The author locates 58 lynchings Yost missed and removes 19 from her list that for various reasons are not lynchings in Kansas Yost apparently catalogued her 123 entries some containing up to six names based on her newspaper sources headlines not the actual stories on the lynchings Her catalog places some events in counties that did not exist at the time of the lynching In this book errors in her data are corrected misspelled names incorrect places and dates and the number of victims per incident In agreement with Yost the author finds that most of the
