Prepared under the auspices of Hofstra University

# Lyndon Baines Johnson And The Uses Of Power Contributions In Political Science S

**Dan Caldwell**

## **Lyndon Baines Johnson And The Uses Of Power Contributions In Political Science S:**

Alexander L. George: A Pioneer in Political and Social Sciences Dan Caldwell, 2018-07-20 Alexander L. George was one of the most productive and respected political scientists of the late twentieth century. He and his wife Juliette George wrote one of the first psychobiographies, and Professor George went on to write seminal articles and books focusing on political psychology, the operational code, foreign policy decisionmaking, case study methodology, deterrence, coercive diplomacy, policy legitimacy, and bridging the gap between the academic and policymaking communities. This book is the first and only one to contain examples of the works across these fields written by Alexander George and several of his collaborators. This is a collection of Alexander L. George's works from the major fields to which he contributed. There are biographical essays by his wife and co-author Juliette L. George, daughter Mary George Douglass, former student Dan Caldwell, and professional colleague Janice Gross Stein. There are 25 photographs of Alexander L. George and his family, which have not previously been published. *Lyndon Baines Johnson and the Uses of Power* Bernard J. Firestone, Robert C. Vogt, 1988-12-08 The papers were by and large of good quality, but two are worthy of particular attention: Michael Riccards's *Failure of Nerve: How the Liberals Killed Liberalism* and Robert D. Loevy's *To Write It in the Books* of 1964 are outstanding and fresh contributions to often debated topics. Bill Moyers's epilogue is superb, rich with personal observations on the man he served for many years. Two decades after his presidency, Lyndon Baines Johnson continues to be remembered for the brilliance of his political skills, the sweep of his social vision, and the turbulence produced by his Vietnam policy. This collection of essays offers a variety of interpretations of the Johnson presidency and its legacy. The collection blends scholarly analysis with the insights of people who were once either at the heart of the Johnson administration policy-making system or well known for their political activism. Lyndon Johnson managed to translate a vision of New Deal liberalism into a domestic program of immense and far-reaching proportions. At the same time, his steadfast support in Vietnam of traditional Cold War assumptions, such as the domino theory, though predictable, brought about the unraveling of his presidency. These essays examine the establishment of the Great Society and its programs, the Johnson administration civil rights program, and Supreme Court appointments, and the impact of the Vietnam War on the Great Society and the nation's economic health. Introductory and concluding remarks are provided by Tom Wicker and Bill Moyers to complete a unique and fascinating compilation. **The UN Secretary-General and the Security Council** Manuel Fröhlich, Abiodun Williams, 2018-03-09 The United Nations Secretary-General and the United Nations Security Council spend significant amounts of time on their relationship with each other. They rely on each other for such important activities as peacekeeping, international mediation, and the formulation and application of normative standards in defense of international peace and security. In other words, the executive aspects of the UN's work. The UN Secretary-General and the Security Council fills an important lacuna in the scholarship on the UN system. Although there exists today an impressive body of literature on the development and significance of the Secretariat and the

Security Council as separate organs an important gap remains in our understanding of the interactions between them Bringing together some of the most prominent authorities on the subject this volume is the first book length treatment of this topic It studies the UN from an innovative angle creating new insights on the autonomous policy making of international organizations and adds to our understanding of the dynamics of intra organizational relationships Within the book the contributors examine how each Secretary General interacted with the Security Council touching upon such issues as the role of personality the formal and informal infrastructure of the relationship the selection and appointment processes as well as the Secretary General s threefold role as a crisis manager administrative manager and manager of ideas **A London**

**Bibliography of the Social Sciences** ,1931 Vols 1 4 include material to June 1 1929 Political Science Today Wendy N. Whitman Cobb,2023-06-20 The Second Edition offers a holistic view of political science by dedicating one chapter to each area of study within the discipline allowing students to sample what the major has to offer and come away with a basic understanding of how politics affects their everyday lives American Presidents of the 20th Century N. O. Kura,2000 A bibliography that lists by president books journals reports and films of all American presidents of the 20th century **Policy Studies** Stuart S. Nagel,1988-11-22 Less fragmented than the author s earlier work this book synthesizes Nagel s perspective on the field of policy analysis As the field s principal organizer and leading promoter one is indebted to Nagel for his energy enthusiasm and resourcefulness This volume is itself imbued with such qualities It covers vast territory insistently counters the skeptics and develops original schema for evaluating the work of the field Furthermore as vintage Nagel the book is highly structured with many definitions lists and prenamed series of ideas The author provides numerous hypothetical examples of his points worked out in succinct formulas and terse explanations Nagel is unswervingly convinced of the correctness of the rationalist perspective and anchors himself firmly in behavioralist political science while accepting the contributions from other social sciences Not one to qualify a statement or beat around the bush the author enunciates many guiding principles and values such as effectiveness efficiency and equity Nagel discusses software options for those interested in conducting analysis with microcomputers He also gives advice on teaching with computers Important for graduate students and university libraries Choice The purpose of this work is twofold First it attempts to integrate the basic ideas that relate to policy studies These include the definition of concepts the establishment of criteria for judging policy studies research and the clarification of policy goals Second the volume proposes to evaluate the methods of policy evaluation themselves and to assess the field as a whole Designed to serve as a definitive analysis of policy studies this volume covers basic concepts research criteria societal goals and policy alternatives It also examines analytic methods optimizing statistics quasi experimentation behaviorism multicriteria decision making evaluation research legal analysis and conflicting critiques of the field It was written for researchers and instructors of public policy studies and will also assist public policy specialists and others interested in the application of social science and other fields of knowledge to important

public policy issues     *Dependence, Development, and State Repression* George Lopez, Michael Stohl, 1989-06-26 By Lester Edwin J Ruiz     **Choice** ,2006     **The British National Bibliography** Arthur James Wells, 1968     **A Staff for the President** Alfred D. Sander, 1989-01-18 Sander chronicles changes in the Executive Office of the President EOP paralleling change and expansion in the federal government the executive branch and the office of the president from its inception to the end of the Truman administration In his intriguing analysis of the historical dialectic surrounding theoretical questions about EOP Sander shines showing the multi colored underwear of a gray flannel organization The EOP becomes the playing field of a dynamic contest among differing constitutional and theoretical views Sander has written a book about what could be a dull and lifeless topic and made it enjoyable **Choice** The creation of a staff to aid the chief executive in his immense management task was a crucial element in the development of the modern presidency Focusing on the period that witnessed the most extensive changes in the executive branch this book traces the evolution of the executive office of the President and looks at the complex ways in which this organization has affected both the president s role and the operation of the federal government Sander explores the political and administrative issues raised by the creation of a separate corps of careerists serving the president and independent of the departments and concludes with an assessment of various proposals aimed at reorganizing and controlling the appointment and functions of the presidential staff Following a historical overview of major shifts in the presidential role the author discusses the gradual increase in presidential staff and institutional support that occurred in the 1920s Sander next examines the evolution of Roosevelt s executive office and the important precedents that were set during his administration The primary focus of the book is on the major expansion of the presidential staff that occurred during Truman s tenure When Truman left office the basic staff services that enable the president to carry out his duties were in place These were the Bureau of the Budget the Council of Economic Advisors the National Security Resources Board and the National Security Council Providing new insights on the forces and events that have shaped the institution of the presidency this book will be of particular interest to those in the fields of political science American political history American public policy and public administration     *Trotsky and Djilas* Michael M. Lustig, 1989     **Dilemmas of Social Democracy** Donald Share, 1989-01-10 This incisive volume examines the rise to power of the Spanish Socialist Workers Party and the dilemmas it faced once in power Unlike any other work in print it deals with the Spanish Socialist Party exclusively and focuses on some of the problems facing all socialist parties in advanced capitalist democracies Share s introduction discusses the combined crises of advanced capitalism and social democracy and provides an informative overview of the complex dilemmas facing sound democratic future in the 1980s *Dilemmas of Social Democracy* examines in depth how the economic electoral ideological and internal organizational crises have compounded each other how the European social democratic parties have responded to those crises and focuses extensively on Spain in the 1980s This important work investigates the historical emergence of socialism in Spain the transition to democracy the reemergence of the Spanish

Socialist Workers Party the ideological crisis and the socialist experience in government There are chapters explaining the Socialists behavior in government and evaluating the past and prospects for the future A selected bibliography is included This exhaustive study will be of great importance to scholars of socialism and social democracy political science and Spanish government and will be read with interest by those engaged in graduate programs in comparative European politics and political economy

**Orchestrating the Instruments of Power** D. Robert Worley, 2012 In *Orchestrating the Instruments of Power* Worley presents the theories underlying choices in grand strategy the instruments of power spread across the departments and agencies of government the mechanisms for orchestrating the instruments the major reforms proposed and the political instabilities that make the reforms either necessary or unwise

**Hungary and the USSR, 1956-1988** Andrew Felkay, 1989-01-10 An examination of Kadar's role in the development of post war Hungary Felkay argues that after the 1956 uprising despite his lack of domestic support Kadar was able to lead his country effectively for a number of years until mounting economic problems and glasnost caused his removal

**Government Response to Financial Constraints** Larry R. Jones, Jerry McCaffery, 1989-05-23 Authors Jones and McCaffery provide perspectives on Canadian government actions to manage financial contingency and restraint Although the primary focus is on provincial government attention is also paid to the actions of the federal government The authors begin by presenting a theoretical framework through which government financial restraint management may be evaluated In the following chapters criteria derived from this framework are then applied to provincial government financial stress and restraint management actions They examine the provincial economic base revenue and expenditure trends and financial condition In particular annual and cumulative budget deficits and debt loads are reviewed as indicators of the degree of financial stress faced by provincial governments Actions taken by provinces to increase revenues and productivity and to control expenditures are reviewed from the early 1970s to 1987 with emphasis on the period 1983-1987 A comparison of financial stress management in the Province of Ontario and the State of California is also presented and this comparative approach is continued in a chapter on Canadian federal government financial stress management Finally Canadian federal efforts to institute budget control under the Policy and Expenditure Management system are compared to budget control approaches utilized by the U S federal government This unique study will improve our understanding of how the Canadian provincial and federal governments manage budgeting and financial stress Both for the increased knowledge it offers of Canadian fiscal practices and for the insight into our own government's fiscal difficulties scholars and students of Canadian studies political science public policy and administration and economics will want to read

**Government Response to Financial Constraints** **Political Science Quarterly**, 1987 Offers timely analysis of both domestic and foreign policy issues as well as of political institutions and processes
