the faith of their spouse In each profile close observers such as clergy family members friends and advisors recall churchgoing habits notable displays of faith or lack of it and the influence of their faiths on policies concerning abortion the death penalty Israel and other controversial issues Whether discussing John F Kennedy s philandering and secularity or Richard Nixon s betrayal of Billy Graham s naive trust during Watergate Holmes includes telling and often colorful details not widely known or long forgotten We are reminded for instance how Dwight Eisenhower tried to conceal the background of his parents in the Jehovah s Witnesses and how the Reverend Cotesworth Lewis s sermonizing to Lyndon Johnson on the Vietnam War was actually not a left but a right wing critique An admirable and colorful yet balanced look at our recent Presidents and their religious beliefs It will have wide appeal for all readers and particularly for those interested in presidential history Library Journal **Air Force One** Von Hardesty,2005-09 New in Paperback In the 1940s FDR was the first airborne president flying several times in a C 54 nicknamed the Sacred Cow In the 1950s it was aircraft known as Independence Columbine II and Columbine III that transported Harry Truman and Dwight Eisenhower on occasion But it was not until after the Korean War with the United States becoming the leader of the free world that presidential air travel entered the modern age The jet age mobility of the American presidency beginning in the 1960s corresponds directly to the nation s emergence as a super power Air Force One The Aircraft that Shaped the Modern Presidency is the story of the planes the Presidents their staff and their many trips across the nation and around the globe But it s also more than that it is a vehicle for better understanding the activities and dealings of each presidential administration in the second half of the twentieth century Through vibrant photography this book communicates the story of a unique set of planes and the presidents who made them a vital national asset Now all of these planes and their famous passengers have been captured Written by Smithsonian National Air and Space Museum curator Von Hardesty and featuring over 200 illustrations including new photos of the airplane s interiors this book takes you on a memorable flight through history Through insider accounts and from a unique vantage point on well known political events Hardesty shows how the presidency was transformed by the remarkable advances in aviation technology The White House Looks South William Edward Leuchtenburg,2005 At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers Jacket
