Peter Beinart

Lyndon Johnsons War Americas Cold War Crusade In Vietnam 1945 1968:

Lyndon Johnson's War Michael H. Hunt, 1997-08-30 The Vietnam War perhaps the most controversial war Americans have ever fought remains a source of pain and perplexity Why did Lyndon Johnson commit the United States to fight Why did he fail to act more decisively once he resolved on war And why didn't he take the American public into his confidence These questions have troubled historians since the end of the war but the answers have been buried in inaccessible documents Now Michael H Hunt uses newly available sources from both American and Vietnamese archives to reevaluate how and why the war started and then escalated He examines the ideological strategic political and institutional pressures that in the 1950s propelled the Truman and Eisenhower administrations toward intervention in Indochina the reasons why Kennedy's and Johnson's policymakers believed that a limited war could be fought there Johnson's early position on Vietnam and his decision to intensify U S involvement in the war and finally the tragic consequences of the Vietnam War both at home and abroad Throughout he discusses the values choices misconceptions and miscalculations that shaped the long process of American intervention thus rendering more comprehensible if no less troubling the tangled origins of the Vietnam War

Silent Film and the Triumph of the American Myth Paula Marantz Cohen, 2001-05-03 Silent Film and the Triumph of the American Myth is a broad cultural study that connects the rise of film to the rise of America as a cultural center and world power in the twentieth century. Cohen argues that through the medium of silent film America was able to sever its literary and linguistic ties to Europe, assert its cultural independence and forge a unique form of cultural expression. Silent films drew on elements developed in popular forms of representation like photography, landscape panoramas and vaudeville performance to create a medium that more accurately represented the American experience.

American Justice in Taiwan Stephen G. Craft, 2016-01-29 On May 23 1957 US Army Sergeant Robert Reynolds was acquitted of murdering Chinese officer Liu Ziran in Taiwan. Reynolds did not deny shooting Liu but claimed self defense and like all members of US military assistance and advisory groups was protected under diplomatic immunity. Reynolds's acquittal sparked a series of riots across Taiwan that became an international crisis for the Eisenhower administration and raised serious questions about the legal status of US military forces positioned around the world. In *American Justice in Taiwan* author Stephen G. Craft provides the first comprehensive study of the causes and consequences of the Reynolds trial and the ensuing protests. After more than a century of what they perceived as unfair treaties imposed by Western nations the Taiwanese regarded the special legal status of resident American personnel with extreme distrust. While Eisenhower and his advisers considered Taiwan to be a vital ally against Chinese communism the US believed that the Taiwanese government had instigated the unrest in order to protest the verdict and demand legal jurisdiction over GIs. Regardless the events that transpired in 1957 exposed the enormous difficulty of applying the US's Uniform Code of Military Justice (UCMJ) across cultures. Employing meticulous research from both Western and Chinese archives Craft demonstrates that the riots were only anti-American in that the Taiwanese rejected the UCMJ, the affording of diplomatic immunity to occupying US forces and the military courts' interpretation of self defense. His compelling study provides a new lens through which to examine US-Taiwan relations in the 1950s, US policy in Asia and the incredibly charged and complex question of the legal status of US troops on foreign soil.

Dobbs, 2010 In his five plus years as president of the United States Lyndon Johnson witnessed dramatic power struggles within and between the Soviet Union the People s Republic of China and the United States of America New Soviet leaders were determined to build Soviet power and extend Soviet influence Mao s revolutionary ideology so dominated China that there were few levers to move Sino American relations ahead Johnson wanted to ease Cold War tensions by reaching a range of agreements with the Soviet Union on nuclear weapons and establishing relations with the People s Republic of China in order to end its isolation in the world community However multiple events frustrated Johnson s good intentions The Soviet leadership that overthrew Nikita Khrushchev was committed to expanding its military might before negotiating with Washington it also began focusing more and more on the worsening Sino Soviet split Mao Zedong entered into the Great Proletarian Cultural Revolution and China seemed to devour itself Meanwhile the Vietnam War made negotiations among all three great powers more difficult limiting room to maneuver But Johnson persevered and by 1968 the apparent American retreat symbolized by the North Korean seizure of the USS Pueblo and the Communist Tet Offensive in Vietnam along with the Soviet invasion of Czechoslovakia seemed to change the construct between the great powers Beijing emerging from the worst of the Cultural Revolution increasingly feared Soviet intentions and Moscow wanted to prevent a Sino American rapprochement Although Johnson did not achieve his lofty goals he created the pre conditions that Richard Nixon later harvested for the d tente with Moscow and rapprochement with Beijing Johnson s best intentions fell prey to triangles symbols and constraints **The Last Brahmin** Luke A. Nichter, 2020-09-22 The first biography of a man who was at the center of American foreign policy for a generation Few have ever enjoyed the degree of foreign policy influence and versatility that Henry Cabot Lodge Jr did in the postwar era perhaps only George Marshall Henry Kissinger and James Baker Lodge however had the distinction of

wielding that influence under presidents of both parties For three decades he was at the center of American foreign policy serving as advisor to five presidents from Dwight Eisenhower to Gerald Ford and as ambassador to the United Nations Vietnam West Germany and the Vatican Lodge s political influence was immense He was the first person in 1943 to see Eisenhower as a potential president he entered Eisenhower in the 1952 New Hampshire primary without the candidate s knowledge crafted his political positions and managed his campaign As UN ambassador in the 1950s Lodge was effectively a second secretary of state In the 1960s he was called twice by John F Kennedy and by Lyndon Johnson to serve in the toughest position in the State Department s portfolio as ambassador to Vietnam In the 1970s he paved the way for permanent American ties with the Holy See Over his career beginning with his arrival in the U S Senate at age thirty four in 1937 when there were just seventeen Republican senators he did more than anyone else to transform the Republican Party from a regional isolationist party into the nation s dominant force in foreign policy a position it held from Eisenhower s time until the twenty first century In this book historian Luke A Nichter gives us a compelling narrative of Lodge s extraordinary and consequential life Lodge was among the last of the well heeled Eastern Establishment Republicans who put duty over partisanship and saw themselves as the hereditary captains of the American state Unlike many who reach his position Lodge took his secrets to the grave including some that revealed here for the first time will force historians to rethink their understanding of America s involvement in the Vietnam War

China and the Vietnam Wars, 1950-1975 Qiang Zhai, 2005-10-21 In the quarter century after the founding of the People's Republic of China in 1949 Beijing assisted Vietnam in its struggle against two formidable foes France and the United States Indeed the rise and fall of

this alliance is one of the most crucial developments in the history of the Cold War in Asia Drawing on newly released Chinese archival sources memoirs and diaries and documentary collections Qiang Zhai offers the first comprehensive exploration of Beijing's Indochina policy and the historical domestic and international contexts within which it developed In examining China's conduct toward Vietnam Zhai provides important insights into Mao Zedong's foreign policy and the ideological and geopolitical motives behind it Throughout the 1950s and 1960s he shows Mao considered the United States the primary threat to the security of the recent Communist victory in China and therefore saw support for Ho Chi Minh as a good way to weaken American influence in Southeast Asia In the late 1960s and 1970s however when Mao perceived a greater threat from the Soviet Union he began to adjust his policies and encourage the North Vietnamese to accept a peace agreement with the United States Infantry, 1997 **The Icarus Syndrome** Peter Beinart, 2010 In *The Icarus Syndrome* Peter Beinart tells a tale as old as the Greeks a story about the seductions of success Beinart describes Washington on the eve of three wars World War I Vietnam and Iraq three moments when American leaders decided they could remake the world in their image Each time leading intellectuals declared that history was over and the spread of democracy was inevitable Each time a president held the nation in the palm of his hand And each time a war conceived in arrogance brought untold tragedy In dazzling colour Beinart portrays three extraordinary generations the progressives who took America into World War I led by Woodrow Wilson the lonely preacher's son who became the closest thing to a political messiah the world had ever seen The Camelot intellectuals who took America into Vietnam led by Lyndon Johnson who lay awake night after night shaking with fear that his countrymen considered him weak And George W Bush and the post cold war neoconservatives the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time Like Icarus each of these generations crafted wings a theory about America's relationship to the world They flapped carefully at first but gradually lost their inhibitions until giddy with success they flew into the sun But every era also brought new leaders and thinkers who found wisdom in pain They reconciled American optimism our belief that anything is possible with the realities of a world that will never fully bend to our will In their struggles lie the seeds of American renewal today Based on years of research *The Icarus Syndrome* is a provocative and strikingly original account of hubris in the American century and how we learn from the tragedies that result **The United States and Decolonization** D. Pungong, 2000-05-15 At the international level the twentieth century was characterized by the rise in national self determination in the Third World and by the rise of US power This book analyzes the dynamics of the changing relationships between the United States and states seeking decolonization within the contexts of the US relationship with the European colonial powers the Cold War and the economic system Its scope is broad in both space and time This collection of articles brings together leading scholars as well as recently qualified authors on a subject that was confined in the Cold War paradigm but ultimately needs to transcend it
