Beckett, 2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists books wordless picturebooks and celebrity picturebooks that appeal to readers of all ages Focusing on contemporary picturebooks Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre but in the eyes of many authors illustrators and publishers it is a narrative form that can address any and all age groups Innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre Crossover picturebooks are often very complex texts that are challenging for adults as well as children Many are characterized by difficult adult themes genre blending metafictional discourse intertextuality sophisticated graphics and complex text image interplay Exciting experiments with new formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative

contemporary literary genres one that seems to know no boundaries Crossover Picturebooks is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children's literature as a whole

Post-design Giorgio Bersano, 2019-10-03T00:00:00+02:00 Negli ultimi anni il design ha messo a punto eclettici scenari governati da una frammentazione delle pratiche e da una moltiplicazione delle aree lontane da ogni consolidata tradizione del progetto dando così origine a un contraddittorio contesto che Post design si propone di esaminare Non c'è dubbio che il design sia ormai onnipotente perché strumento di definizione di ogni aspetto della vita quotidiana in apparenza coerentemente con i presupposti di quella società estetica teorizzata dalle avanguardie del Novecento ma in realtà in funzione delle strategie dello sviluppo economico Da dimensione minoritaria della cultura e della produzione seriale il progetto si trasformato in componente strategica di una economia post fordista che ne ha progressivamente sfruttato la capacità di innovazione utilizzata dal marketing come strumento utile alla costruzione del valore economico di prodotti messi in circolo dagli attori dell'economia globale

La bellezza oltre lo specchio Rossana Lo Monaco, Manuela Lehnus, 2019-11-21 Da sempre siamo attratti da ciò che consideriamo bello anche se non esiste e non mai esistito un ideale universalmente condiviso in tal senso La ricerca della bellezza può renderci dipendenti e capaci di sottoporci ai trattamenti meno adatti per noi pur di farci respirare un po' del suo profumo Focalizzarsi e intervenire solo sull'inettesimo non sempre la soluzione migliore ogni persona va osservata con attenzione e ogni trattamento va calibrato sapientemente per portare armonia nel suo insieme Il problema estetico può addirittura essere la punta dell'iceberg di cause fisiologiche più profonde o della necessità di ritrovare una propria identità Questo libro scritto a quattro mani e narrato in prima persona parla di bellezza vista dagli occhi di un medico estetico e raccontata dalla penna di sua figlia scrittrice Nel volume le rughe diventano emozioni cristallizzate sul volto e la longevità uno stile di vita Il libro racconta anche delle più recenti tecniche di medicina estetica e delle terapie naturali più diffuse capaci di ottimizzare la durata dei risultati ottenuti in ambulatorio Ma più di tutto il volume stimola una riflessione il nostro aspetto non può e non deve

dipendere solo da interventi esterni La bellezza nelle nostre mani
