aspects of contemporary family life from biological reproduction to marriage from child rearing to care of the elderly take place against a backdrop of intensified movement across a range of spatial scales from the global to the local This insightful book analyzes the opportunities and challenges this poses for families and for academic empirical and policy understandings of the family on a global level including case studies from Europe India the Philippines South Korea the United States and Australia With chapters on international reproductive tourism transnational parenting mail order brides and sunset migration it examines the implications of migration and mobility for families at different stages of the life course Moreover it brings together leading international scholars to connect a fragmented field of research and in so doing enables an interdisciplinary exchange generating new insights for theory policy and empirical analysis

**Lessons from Problem-based Learning** H. J. M. van Berkel, 2010 Problem based learning PBL has excited interest among educators around the world for several decades Among the most notable applications of PBL is the approach taken at the Faculty of Health Medicine and Life sciences FHML at Maastricht University the Netherlands Starting in 1974 as a medical school the faculty embarked on the innovative pathway of problem based learning trying to establish a medical training program which applied recent insights of education which would be better adapted to the needs of the modern physician The medical school currently part of the FHML can be considered as an established school where original innovations and educational changes have become part of a routine The first book to bring this wealth of information together *Lessons from Problem based Learning* documents those findings and shares the experiences of those involved to encourage further debate and refinement of problem based learning in specific applications elsewhere and in general educational discussion and thought Each chapter provides a description of why and what has been done in the Maastricht program followed by reflection on the benefits and issues that have arisen for these developments The final section of the book examines the application of PBL in the future and how it is likely to develop further

***Interdisciplinarity in the Scholarly Life Cycle*** Karin Bijsterveld, Aagje Swinnen, 2023-01-01 This open access book illustrates how interdisciplinary research develops over the lifetime of a scholar not in a single project but as an attitude that trickles down or spirals up into research This book presents how interdisciplinary work has inspired shifts in how the contributors read value concepts critically combine methods cope with knowledge hierarchies write in style and collaborate Drawing on extensive examples from the humanities and social sciences the editors and chapter authors show how they started tried to open up dealt with inconsistencies had to adapt and ultimately learned and grew as researchers The book offers valuable insights into the conditions and complexities present for interdisciplinary research to be successful in an academic setting This is an open access book

***The Tragic Sense of Life*** Robert J. Richards, 2024-05-31 Prior to the First World War more people learned of evolutionary theory from the voluminous writings of Charles Darwin's foremost champion in Germany Ernst Haeckel 1834 1919 than from any other source including the writings of Darwin himself But with detractors ranging from paleontologist Stephen Jay Gould to modern day creationists and advocates of intelligent design

Haeckel is better known as a divisive figure than as a pioneering biologist Robert J Richards's intellectual biography rehabilitates Haeckel providing the most accurate measure of his science and art yet written as well as a moving account of Haeckel's eventful life

*Life in Stone* Rolf Ludvigsen, 1996 *Life in Stone* is the first book to focus on British Columbia's fossils Each of its chapters is written by a specialist for a general audience and each is devoted to a separate fossil group that is particularly well represented in the province British Columbia is a vast storehouse of fossils many of which date back a billion years Thousands of exposures of sedimentary rocks throughout the province contain fossil shells scales bones teeth and leaves Some of the fossils are large and striking among them the bones of mammals and reptiles entire ammonoids and complete fishes and fern fronds But even a small fossil such as a common shell a plant fragment or a bit of bone becomes a unique icon once its nature and age are made clear

*The Course of My Life* Edward Heath, 2011-09-28 *The Course of My Life* is not only the autobiography of one of the most distinguished figures of modern times but a revealing panoply of twentieth century political international and social history Born in 1916 Edward Heath became a Conservative Member of Parliament in 1950 following a glittering Oxford and military career and was at the heart of political life for a long time as Chief Whip notably during the Suez Crisis Minister of Labour Lord Privy Seal at the Foreign Office Leader of the Conservative Party from 1965-75 and Prime Minister from 1970 to 1974 Since relinquishing the leadership in 1975 he has maintained a central role in world affairs as well as pursuing his wide musical and sailing interests Edward Heath writes his autobiography with complete and often very amusing candour offering us valuable and entertaining insights into the events of the past sixty years He describes the importance of a united Europe one of the driving influences in his life since he observed a Nuremberg Rally as an undergraduate and his continuing thoughts on the subject after he took us into the European Community in the 1970s He discusses the changes in the Conservative Party in his period as an MP and his modernisation of it as its leader and the major issues of domestic policy not least the economy the trade unions and the Troubles in Northern Ireland these are set against his range of activities on the international stage including his negotiations with China and Saddam Hussein shortly before the outbreak of the Gulf War in 1991 Both as a record of a momentous and unequalled career and as an important and frank document of personalities and events *The Course of My Life* is as entertaining as it is revealing

A History of Life in 100 Fossils Paul D. Taylor, Aaron O'Dea, 2014-10-14 A History of Life in 100

Fossils showcases 100 key fossils that together illustrate the evolution of life on earth. Iconic specimens have been selected from the renowned collections of the two premier natural history museums in the world: the Smithsonian Institution, Washington, and the Natural History Museum, London. The fossils have been chosen not only for their importance in the history of life but also because of the visual story they tell. This stunning book is perfect for all readers because its clear explanations and beautiful photographs illuminate the significance of these amazing pieces, including 500 million year old Burgess Shale fossils that provide a window into early animal life in the sea, insects encapsulated by amber, the first fossil bird, Archaeopteryx, and the remains of our own ancestors.

**The European House of Cards** Louise B. van Tartwijk-Novey, 2016-07-27. Thoughtful, well researched and intellectually stimulating. Martin Holmes, Financial Times. The European House of Cards examines how the fall of communism in 1989 and the signing of the Maastricht Treaty in 1991 are affecting the present day development of the European Union. The book argues that with the end of communism, the decades long discussion of furthering the levels of European integration has moved from the realm of grand idea to absolute necessity. The Treaty's adoption has marked the period within which Europe will move from nation states to a United States of Europe.
