MacArthur Strikes Back Decision At Buna New Guinea 1942-1943:

MacArthur's Papua New Guinea Offensive, 1942-1943 Jon Diamond, 2020-05-27 A compelling chronicle of the Battle of Papua New Guinea with rarely viewed images from World War II an excellent book Naval Historical Foundation The Japanese seizure of Rabaul on New Britain in January 1942 directly threatened Northern Australia and as a result General Douglas MacArthur took command of the Southwest Pacific Area In July 1942 the Japanese attacked south across the Owen Stanley mountain range Thanks to the hasty deployment of Australian militiamen and veteran Imperial Force troops the Japanese were halted at Ioribaiwa Ridge just 27 miles from Port Moresby MacArthur's priority was to regain Northeast New Guinea and New Britain The capture of airfields at Buna and reoccupation of Gona and Sanananda Point were prerequisites The Allied offensive opened on 16 November 1942 with Australian infantrymen and light tanks alongside the US 32nd Infantry Division Overcoming the Japanese and the inhospitable terrain in tropical conditions proved the toughest of challenges It remains an achievement of the highest order that the campaign ended successfully on 22 January 1943 This account with its clear text and superb imagery is a worthy tribute to those who fought and all too often died there Covers a seriously neglected key campaign of WWII Most Highly Recommended Firetrench A fascinating look at real jungle warfare and the images only accentuate how miserable troops must have been during the fighting ModelingMadness.com **MacArthur's Victory** Harry Gailey, 2007-12-18 A GREAT WARRIOR AT THE PEAK OF HIS POWERS In March 1942 General Douglas MacArthur faced an enemy who in the space of a few months captured Malaya Burma the Philippines the Dutch East Indies and from their base at Rabaul in New Britain threaten Australia Upon his retreat to Australia MacArthur hoped to find enough men and material for a quick offensive against the Japanese Instead he had available to him only a small and shattered air force inadequate naval support and an army made up almost entirely of untried reservists Here is one of history's most controversial commanders battling his own superiors for enough supplies since President Roosevelt favored the European Theater butting heads with the Navy which opposed his initiatives and on his way to making good his promise of liberating the Philippines In the battles for Buna Lae and Port Moresby the capture of Finschhafen and other major actions he would prove his critics wrong and burnish an image of greatness that would last through the Korean War This was the other Pacific War the one MacArthur fought in New Guinea and against all odds and most predictions decisively won The Allied Neutralisation of Rabaul Jon Diamond, 2025-01-30 Details the 1943-1944 Allied strategy to neutralize Japan's Rabaul stronghold through fierce aerial sieges and targeted landings in the Pacific Fierce Pacific ground sea and aerial combat raged between the Allies and Imperial Japan to halt the latter's inexorable advance in 1942-1943 After the American victory at Guadalcanal in February 1943 Admiral Halsey's South Pacific Area SPA naval and amphibious forces battled through the Solomon Islands building new and acquiring extant Japanese airfields Simultaneously General Douglas MacArthur's Southwest Pacific Area SWPA Australian American ground forces supported by General George Kenney's US Fifth Air Force

and other Allied air squadrons captured Japanese installations in Papua New Guinea before campaigning along Northeast New Guinea's northern coast ousting or bypassing enemy installations there. Using newly built Papuan airfields, the Allies gained air superiority over New Guinea and also interdicted Japanese maritime supply lines. Yet the main Japanese southwest Pacific bastion at Rabaul on the northeastern tip of New Britain, the largest island of the Bismarck Archipelago, remained. In March 1943, realizing an amphibious assault and ground campaign against Rabaul's naval and army bases would be too costly, the US Joint Chiefs of Staff decided to neutralise Rabaul with a joint SPA and SWPA aerial siege rather than capture it. This IOW volume recounts this strategy during 1943 and 1944 and the December 1943 amphibious landings by the US 1st Marine Division and US Sixth Army units at Cape Gloucester and Arawe respectively, which successfully isolated the Japanese fortress and satellite bases.

MacArthur Strikes Back Harry A. Gailey, 2000. The Japanese defense of the Buna area of the northeastern coast of New Guinea was organized around major strongpoints. Taken together, they formed a well-designed complex of mutually supporting bunkers concealed by dense tropical vegetation and sited in such a manner as to cover every possible avenue of approach. It was hot and humid, a mixture of jungle and swamp infested with insects and leeches. Scrub typhus, malaria, dengue fever, and dysentery were epidemic.

Fire and Fortitude John C. McManus, 2020-08-04. WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY. An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead and Those About to Die*. This eloquent and powerful narrative is military history written the way it should be. James M. McPherson, Pulitzer Prize-winning historian. Out here, mention is seldom seen of the achievements of the Army ground troops. One officer in the fall of 1943 wrote, "whereas the Marines are blown up to the skies. Even today the Marines are celebrated as the victors of the Pacific, a reflection of a well-deserved reputation for valor. Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers." John C. McManus, one of our most highly acclaimed historians of World War II, takes readers from Pearl Harbor, a rude awakening for a military woefully unprepared for war, to Makin, a sliver of coral reef where the Army was tested against the increasingly desperate Japanese. In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut, and America evolved from an inward-looking nation into a global superpower. At the pinnacle of this richly told story are the generals Douglas MacArthur, a military autocrat driven by his dysfunctional lust for fame and power; Robert Eichelberger, perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur's jealousy; Vinegar Joe Stillwell, a prickly soldier miscast in a diplomat's role; and Walter Krueger, a German-born officer who came to lead the largest American ground force in the Pacific. Enriching the narrative are the voices of men otherwise lost to history: the uncelebrated Army grunts who endured stifling temperatures, apocalyptic tropical storms, rampant malaria, and other diseases, as well as a fanatical enemy bent on total destruction. This is an essential, ambitious book, the first of three volumes, a compellingly written and boldly revisionist account of a war that reshaped the American military.

The Liberation of the Philippines Jon Diamond,2021-08-04 General Douglas A MacArthur Commander of the Southwest Pacific Area saw the liberation of the Philippines Archipelago as the launching board for the invasion of the Japanese Home Islands By late 1944 with the capture of New Guinea and surrounding islands the US Sixth and Eighth Armies were poised for the challenge American forces landed on Leyte on 20 October 1944 with the Leyte Gulf naval battle quickly following By 25 December the island was cleared opening the way for Lieutenant General Walter Krueger s Sixth Army to invade Luzon on 9 January 1945 Bitter Japanese resistance required Eichelberger s Eighth Army as reinforcements Manila finally fell on 4 March In the meantime Bataan was captured on 16 February and Corregidor on 2 March after a US airborne assault Fighting continued and MacArthur finally declared the liberation of the Archipelago on 5 July just a month before the Atom bombs fell on Hiroshima and Nagasaki This superbly illustrated work in the Pacific War Images of War series leaves the reader in no doubt as to the intensity of the land sea and air operations required by the Allies to defeat the Japanese **South Pacific**

There are currently two contradictory schools of thought in the historiography of General Robert L Eichelberger s

generalship One group of authors John Shortal and Jay Luvaas consider Eichelberger a brilliant World War II commander Another author Paul Chwialkowski believes Eichelberger to be good but not distinguished This study attempts to develop a concise judgment of Eichelberger s leadership The research analyzed Eichelberger s generalship using Clausewitz s theory of military genius as a model The first step was to define military genius and to determine its components and subcomponents Next Eichelberger s pre World War II education mentorship and training experiences were evaluated The third step was to analyze Eichelberger s generalship during the Papua New Guinea Netherlands New Guinea and Philippines Campaigns of World War II to determine if he consistently demonstrated the qualities of military genius This study concluded that Eichelberger definitively displayed the components of courage and determination but a judgment on his coup d il required a more detailed examination and warranted further research Eichelberger s leadership is relevant to today s military officer because he successfully defeated an enemy who employed many asymmetrical tactics of potential enemies in the contemporary operating environment anti access denial defense in complex terrain and fanatical fighting abilities

U.S. Army Doctrine Walter E. Kretchik, 2021-06-01 From the American Revolution to the global war on terror U S Army doctrine has evolved to regulate the chaos of armed conflict by providing an intellectual basis for organizing training equipping and operating the military Walter E Kretchik analyzes the service s keystone doctrine over three centuries to reveal that the army s leadership is more forward thinking and adaptive than has been generally believed The first comprehensive history of Army doctrine Kretchik s book fully explores the principles that have shaped the Army s approach to warfare From Regulations For the Order and Discipline of the Troops of the United States in 1779 to modern day field manuals it reflects the fashioning of doctrine to incorporate the lessons of past wars and minimize the uncertainty and dangers of battle Kretchik traces Army doctrine through four distinct eras 1779 1904 when guidelines were compiled by single authors or a board of officers in tactical drill manuals 1905 1944 when the Root Reforms fixed doctrinal responsibility with the General Staff 1944 1962 the era of multiservice doctrine and beginning in 1962 coalition warfare with its emphasis on interagency cooperation He reveals that doctrine has played a significant role in the Army s performance throughout its history although not always to its advantage as it has often failed to anticipate accurately the nature of the next war and still continues to be locked in a debate between advocates of conventional warfare and those who emphasize counterinsurgency approaches Each chapter presents individuals who helped define and articulate Army

doctrine during each period of its history including George Washington and Baron von Steuben in the eighteenth century Emory Upton and Arthur Wagner in the nineteenth and Elihu Root and William DePuy in the twentieth Each identifies the first principles set down in manuals covering such topics as tactics operations and strategy size organization and distribution of forces and the promise and challenges of technological innovation Each also presents specific cases that analyze how effectively the Army actually applied a particular era s doctrine Doctrine remains the basis of instruction in the Army school system ensuring that all officers and enlisted soldiers share a common intellectual framework This book elucidates that framework for the first time
