**Henry Winkler**

## **Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government:**

*MacDonald versus Henderson* David Carlton, 1970-06-18      **British Labour Seeks a Foreign Policy, 1900-1940**

Henry Winkler, 2017-10-24 Since World War II the British Labour Party has played a central role in dealing with complex international issues. Achieving real power in parliament for the first time, Labour governments have acted responsibly and are usually in accord with the views of a substantial majority of the British people. Such was not always the case. In *British Labour Seeks a Foreign Policy 1900-1940*, Henry R. Winkler synthesizes twenty years' study of the subject to offer the first full-scale treatment of the Labour Party's evolution in foreign affairs. The Labour Party came into existence at the beginning of the twentieth century to deal with the domestic problems of the working class and it showed relatively little interest in foreign policy issues. In the aftermath of World War I, however, small groups of moderates made the case against the bitter rejection of the Versailles Treaty by many in the Labour Party and the trade union movement. Most of these argued that the League of Nations could be used to remedy some of the deficiencies of the settlement and that such a League must have the sanction of force if it was to be effective. During the 1930s, the failures of the League in the Far East, Abyssinia, Spain, and Central Europe compelled some of its advocates to conclude that, with or without a League, the threat from Nazi Germany mandated support for a program of preparedness and rearmament even under the aegis of a hated National Government. The result by 1937 was the final formal abandonment of many of the radical illusions of the twenties and thirties as Labour reluctantly but formally assumed a posture that enabled it to share in the governance of wartime Britain and to take a key role in dealing with the international issues that emerged in the aftermath of the Second World War. This volume contains valuable lessons on the responsibilities of political parties as well as the pros and cons of specific policies. It is essential reading for understanding Britain's later stands as its leaders tried to adjust to Britain's diminished power in the post-World War II world.      [Britain and the Problem of International Disarmament](#) Carolyn J. Kitching, 2003-05-20 In the aftermath of the Great War, multilateral disarmament was placed at the top of the international agenda by the Treaty of Versailles and the Covenant of the League of Nations. This book analyzes the naval, air, and land disarmament policies of successive British governments from 1919 to 1934, articulating their dilemma: either to fulfil their obligations or to avoid them. Daring and controversial, the present study challenges the hitherto accepted view that Britain occupied the high moral ground by drastically reducing its armaments and argues that during this period British disarmament policy was reactive and generally failed to provide the leadership that this extremely sensitive time in international politics demanded.      [The Labour Party and the world, volume 1](#) Rhiannon Vickers, 2013-07-19 This electronic version has been made available under a Creative Commons BY-NC-ND open access license. This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy. It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism. The first volume outlines and assesses the

early development and evolution of Labour's world view. It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War, the Russian Revolution, the Spanish Civil War, the build up to and violent reality of the Second World War and the start of the Cold War. This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time.

**The Longman Companion to the Labour Party, 1900-1998** Harry Harmer, 2014-09-25 A timely reference guide to the Labour Party which brings together the essential facts and figures about the Party since its foundation through to the New Labour of the 1990s. It is the essential reference book for anyone wanting reliable information on the Labour Party.

Politicians, Diplomacy and War in Modern British History Keith Robbins, 1994-07-01 The aspirations of democracy and the requirements of diplomacy have always coexisted uneasily. The politicians discussed in this book, in particular the appreciation of the careers of John Bright and James Bryce, reflect obliquely or directly on the problems of politicians who seek the high moral ground either in domestic or international politics. There is also a discussion of the relationship between politicians and the press as well as of the difficult link between cultural and political assumptions on the one hand and the facts of economic performance on the other.

*The Washington Conference, 1921-22* Erik Goldstein, John Maurer, 2012-12-06 The Washington Conference regulated the inter-war naval race between the world powers. In the era when it was still believed that battleships were the epitome of naval power and a sign of a country's strength, this conference led to limitations on the building of such weapons by the naval powers of Britain, the USA and Japan. This collection of essays deals with many aspects of the conference: the factors that caused it, the interests of the participating nations, both present and future, and the results.

**Peace And Disarmament** Richard Fanning, 2014-10-17 Arms control remains a major international issue as the twentieth century closes, but it is hardly a new concern. The effort to limit military power has enjoyed recurring support since shortly after World War I when the United States, Britain and Japan sought naval arms control as a means to insure stability in the Far East, contain naval expenditure and prevent another world cataclysm. Richard Fanning examines the efforts of American, British and Japanese leaders, political, military and social, to reach agreement on naval limitation between 1922 and the mid 1930s, with focus on the years 1927-30 when political leaders, statesmen, naval officers and various civilian pressure groups were especially active in considering naval limits. The civilian and even some military actors believed the Great War had been an aberration and that international stability would reign in the near future. But the coming of the Great Depression brought a dramatic drop in concern for disarmament. This study, based on a wide variety of unpublished sources, compares the cultural underpinnings of the disarmament movement in the three countries, especially the effects of public opinion, through examination of the many peace groups that played an important role in the disarmament process. The decision to strive for arms control, he finds, usually resulted from peace group pressure and political expediency. For anyone interested in naval history, this book illuminates the beginnings of the arms limitation effort and the

growth of the peace movement      **Arthur Henderson** F. M. Leventhal, 1989      **The Longman Companion to Britain in the Era of the Two World Wars 1914-45** Andrew Thorpe, 2014-09-19 In the momentous period barely 30 years covered by this systematic reference guide the Edwardian world was transformed unrecognisably through war technological progress and social change into the Nuclear Age It saw the coming of mass democracy the apogee of empire the Depression the threat of fascism the development of suburban society and as yet scarcely understood the end of Britain's international hegemony Andrew Thorpe's superb contribution to the Companions series illuminates all this and much else It will be indispensable to anyone interested in the history and politics of modern Britain      **Lord Robert Cecil** Gaynor Johnson, 2016-04-22 Lawyer politician diplomat and leading architect of the League of Nations Robert Cecil 1st Viscount Cecil of Chelwood was one of Britain's most significant statesmen of the twentieth century His views on international diplomacy cover the most important aspects of British European and American foreign policy concerns of the century including the origins and consequences of the two world wars the disarmament movement the origins and early course of the Cold War and the first steps towards European integration His experience of the First World War and the huge loss of life it entailed provoked Cecil to spend his life championing the ethos behind and work of the League of Nations a role for which he was awarded the Nobel Peace Prize in 1937 Yet despite his prominence in the international peace movement Cecil has never been the focus of an academic biography Cecil has perhaps been judged unfairly due to his association with the League of Nations which has since been generally regarded as a failure However recent academic research has highlighted the contribution of the League to the creation of many of the institutions and precepts that have since the Second World War become accepted parts of the international system not least the United Nations In particular Cecil and his work on arms control lay the basis for understanding this new area of international activity which would bear fruit during the Cold War and after Through an evaluation of Cecil's political career the book also assesses his reputation as an idealist and the extent to which he had a coherent philosophy of international relations This book suggests that in reality Cecil was a Realpolitiker pragmatist whose attitudes evolved during two key periods the interwar period and the Cold War It also proposes that where a coherent philosophy was in evidence it owed as much to the moral and political code of the Cecil family as to his own experiences in politics Cecil's social and familial world is therefore considered alongside his more public life      **The Illusion of Peace** Sally Marks, 2017-03-14 Sally Marks provides a compelling analysis of European diplomacy between the First World War and Hitler's advent She explores in clear and lively prose the reasons why successive efforts failed to create a lasting peace in the interwar era Building on the theories of the first edition many of which have become widely accepted since its publication in 1976 Marks reassesses Europe's leaders of the period and the policies of the powers between 1918 and 1933 and beyond Strongly interpretative and archivally based The Illusion of Peace examines the emotional ethnic and economic factors responsible for international instability as well as the distortion of the balance of power the abnormal position of the Soviet

Union the weakness of France and the uncertainty of her relationship with Britain and the inadequacy of the League of Nations In so doing the study clarifies the complex topics of reparations and war debts and challenges traditional assumptions concluding that widespread western devotion to disarmament and dedication to peace were two of several reasons why democratic statesmen could not respond decisively to Hitler s threat In this new edition Marks also argues that the Allied failure to bring defeat home to the German people in 1918 19 generated a resentment which contributed to interwar instability and Hitler s rise This highly successful study has been thoroughly revised and updated to reflect the latest scholarship Now in its second edition it remains the essential introduction to the tense political and diplomatic situation in Europe during the interwar years

**Britain in Egypt** Jayne Gifford,2019-12-12 Egypt under the British tends to be looked at now through a post Suez lens an inevitable disaster and the last puncturing of a doomed empire But in fact Egypt for many years was the cornerstone of British success across the Middle East and North Africa This image of empire was shattered after the First World War by the development of nationalism in Egypt the foundation and growth of the nationalist Wafd party led by Saad Zaghlul and the creation of the Muslim Brotherhood in 1928 Throughout this period Britain continued to control the Nile Valley under Field Marshal Allenby and then George Lloyd through a policy of deliberate containment of nationalism and a slow relinquishing of powers culminating in the Anglo Egypt Treaty of 1936 This book will be the first to study that process in the Nile Valley in any great detail and contains previously unpublished primary sources

*The Permanent Under-Secretary for Foreign Affairs, 1854-1946* Keith Neilson,T.G. Otte,2008-11-19 Chief among the personnel at the Foreign Office is the Permanent Under secretary the senior civil servant who oversees the department and advises the Foreign Secretary This book is a study of the twelve men who held this Office from 1854 1946

**Liberal Internationalism** M. Pugh,2012-09-28 The book investigates the role of popular liberal internationalism as a social movement in Britain using Gramscian and Foucauldian ideas of civil society It addresses the use of force for peace through an examination of the impact of civil society actors in popular liberal internationalism between the world wars

British Foreign Secretaries in an Uncertain World, 1919-1939 Michael Hughes,2006 This book examines the careers of the men who served as British Foreign Secretary between 1919 and 1939 focusing in particular on the ways in which they sought to mould foreign policy

**East Wind** Tom Buchanan,2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the British left in relations with the People s Republic of China after 1949 He shows how this relationship was placed under stress by the growing unpredictability of Communist China above all by the Sino Soviet dispute and the Cultural Revolution which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts The impact of the suppression of the student protests in

Tiananmen Square June 1989 is addressed as an epilogue East Wind argues that the significance of the left's relationship with China has been unjustly overlooked There were many occasions such as the mid 1920s the late 1930s and the early 1950s when China demanded the full attention of the British left It also argues that there is nothing new in the current fascination with China's emergence as an economic power Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China's economic growth could transform the world In addition to analysing the role of the political parties and pressure groups of the left Buchanan sheds new light on the activities of many well known figures in support of China including intellectuals such as Bertrand Russell R H Tawney and Joseph Needham Many other interesting stories emerge concerning less well known figures which show the complexity of personal links between Britain and China during the twentieth century A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Churchill's Man of Mystery** Gill Bennett, 2006-10-05 Based on full access to official records this text exposes the mysterious life and career of Desmond Morton intelligence officer and personal adviser to Winston Churchill during the Second World War **The Peace That Never Was** Ruth Henig, 2019-10-15 Ninety years ago the League of Nations convened for the first time hoping to create a safeguard against destructive world wide war by settling disputes through diplomacy This book looks at how the League was conceptualized and explores the multifaceted body that emerged This new form for diplomacy was used in ensuing years to counter territorial ambitions and restrict armaments as well as to discuss human rights and refugee issues The League's failure to prevent World War II however would lead to its dissolution and the subsequent creation of the United Nations As we face new forms of global crisis this timely book asks if the UN's fate could be ascertained by reading the history of its predecessor

Yeah, reviewing a ebook **Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government** could add your close associates listings. This is just one of the solutions for you to be successful. As understood, talent does not suggest that you have wonderful points.

explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government books or magazines might include. Look for these in online stores or libraries. Remember that while Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government eBooks, including some popular titles.

### **FAQs About Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government is one of the best book in our library for free trial. We provide copy of Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Macdonald Versus Henderson The Foreign Policy Of The Second Labour Government. Where to download Macdonald Versus Henderson The Foreign Policy Of The Second Labour
