Psychoanalysis in Britain, 1893-1913 Philip Kuhn,2017-01-03 Historians and biographers of psychoanalysis psychotherapy psychology medicine and culture even Wikipedia believe Ernest Jones discovered Freud in 1904 and had become the first English speaking practitioner of psychoanalysis by 1906 Psychoanalysis in Britain 1893 1913 offers radically different versions to that monolithic Account propagated by Jones over 70 years ago Detailed readings of the contemporaneous literature expose the absurdities of Jones s claim arguing that he could not have been using psychoanalysis until after he exiled himself to Canada in September 1908 Removing Jones reveals vibrant British cultures of Mind Healing which serve as backdrops for widespread interest in Freud First the London Psychotherapeutic Society whose volunteer staff of mesmerists magnetists hypnotists and spiritualists offered free psycho therapeutic treatments Then the wondrous Walford Bodie who wrought his free miraculous cures on and off the music hall stage to adoring and hostile audiences alike Then the competing religious and spiritual groups actively promoting their own faith healings often in reaction to fears of Christian Science but often cow towing to orthodox medical and clerical orthodoxies From this strange milieu emerged medically qualified practitioners like Edwin Ash Betts Taplin and Douglas Bryan who embraced hypnotism and psychotherapy From 1904 British Medical Journals began discussing Freud s work and by 1908 psychiatrists working in lunatic asylums were already testing and applying his theories in the treatment of patients The medically qualified psychotherapists who formed the Medical Society for the Study of Suggestive Therapeutics soon joined with medical members from the Society for Psychical Research in discussing proselytizing and practising psychoanalysis Thus when Jones returned to London in late summer 1913 there were thriving psychotherapeutic cultures with talk of Freud and psychoanalysis occupying medical journals and conferences Psychoanalysis in Britain 1893 1913 with its meticulous research wide sweep of vision and detailed understanding of the subtle inter connections between the orthodox and the unorthodox the lay and the medical the social and the biographical as well as the byzantine complexities of British medical politics will radically alter your understanding of how those early twentieth century Mind Healing debates helped shape the ways in which the talking cure first started infiltrating our lives

Christine Ferguson,Andrew Radford,2017-12-15 Between 1875 and 1947 a period bookended respectively by the founding of the Theosophical Society and the death of notorious occultist celebrity Aleister Crowley Britain experienced an unparalleled efflorescence of engagement with unusual occult schema and supernatural phenomena such as astral travel ritual magic and

reincarnationism Reflecting the signal array of responses by authors artists actors impresarios and popular entertainers to questions of esoteric spirituality and belief this interdisciplinary collection demonstrates the enormous interest in the occult during a time typically associated with the rise of secularization and scientific innovation The contributors describe how the occult realm functions as a turbulent conceptual and affective space shifting between poles of faith and doubt the sacrosanct and the profane the endemic and the exotic the forensic and the fetishistic Here occultism emerges as a practice and epistemology that decisively shapes the literary enterprises of writers such as Dion Fortune and Arthur Machen artists such as Pamela Colman Smith and revivalists such as Rolf Gardiner

The Sacred Life of Modernist Literature Allan

Kilner-Johnson,2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book s principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation

[Neo-Paganism: Historical Inspiration & Contemporary Creativity](#) John Halstead, 2019-08-29 A living relationship with the

wild natural world is our birthright as human beings But centuries of civilization patriarchy transcendental monotheism reductionist science and capitalism have broken the connection between humankind and nature To be Neo Pagan today is to reclaim our original relation with the world It is nothing more and nothing less than to be fully human again To re learn what this means we need to strip away the layers of estrangement that have accreted to our collective soul over the centuries So we look back to our pagan ancestors Though separated by time there is a connection between us and them We carry it in our flesh and blood At our most fundamental we are still the same human beings we were then We can be pagan again today because we live under the same Sun and on the same Earth we feel the same wind blowing through our hair and the same rain falling on our skin

Modernist Women Writers and Spirituality Elizabeth Anderson, Andrew Radford, Heather Walton, 2016-12-22 Concentrating on female modernists specifically this volume examines spiritual issues and their connections to gender during the modernist period Scholarly inquiry surrounding women writers and their relation to what Wassily Kandinsky famously hoped would be an Epoch of the Great Spiritual has generated myriad contexts for closer analysis including feminist theology literary and religious history psychoanalysis queer and trauma theory This book considers canonical authors such as Virginia Woolf while also attending to critically overlooked or poorly understood figures such as H D Mary Butts Rose Macaulay Evelyn Underhill Christopher St John and Dion Fortune With wide ranging topics such as the formally innovative poetry of Stevie Smith and Hope Mirrlees to Evelyn Underhill's mystical treatises and correspondence this collection of essays aims to grant voices to the mostly forgotten female voices of the modernist period showing how spirituality played a vital role in their lives and writing
