Thinking and Learning through Children's Literature Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is

focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning. But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers: literate people with awareness of and concern for the diversity of human beings around them and in different times and places. Fortunately, guiding both students' personal engagement with literature and their close reading to appreciate the author's message and craft are not incompatible goals. This book enthusiastically and intelligently addresses both imperatives: first surveying what is gained when students are immersed in literature, then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards, then presenting a host of active methods for exploring all major genres of children's books and finally presenting suggestions for interdisciplinary teaching units grounded in literature. Created by noted leaders in the fields of children's literature and literacy, the book is enlivened by recurring features such as suggested reading lists, issues for discussion, links to technology, and annotations of exemplary books.

Of Kings and Fools Michael Parent, 1996 Gathers traditional French American stories featuring other worlds, brash heroes, scoundrels, princesses, and tall tales.

Bright Ribbons: Weaving Culturally Responsive Teaching Into the Elementary Classroom Lotus Linton Howard, 2016-12-28 Weave culturally responsive teaching into every lesson and activity. With an array of practical tips, model lessons, and resources, this book will inspire you to weave a holistic tapestry of teaching and learning that lets every child shine. You'll learn how to use culturally responsive teaching (CRT) not as an add-on but as a philosophy that infuses every aspect of the school day. Simple strategies for weaving the seven principles of CRT into all lessons and activities, including morning greetings, transition times, and group work. How to be more self-reflective to better appreciate and unlock students' unique gifts.

Noodleheads: Fortress of Doom Tedd Arnold, Martha Hamilton, Mitch Weiss, 2019-09-03 Mac and Mac may be noodles with empty heads, but they have big ideas building a fortress. This vibrantly colorful graphic novel for easy readers hits the nail on the head with comedy. The Noodlehead brothers are back from the library with a joke book, a fantasy novel, and a dream to build their very own Fortress of Doom. If they can stop bickering for long enough. And if they can defend it from their wily friend Meatball. Jump right in with this fourth title in an easy-to-read graphic novel series about more than two hollow pastas trying to have fun. Award-winning storytellers Mitch Weiss and Martha Hamilton join Tedd Arnold, author of the Fly Guy series, to create a masterpiece of hilarity. This easy-to-read series, including the Geisel Honor book *Noodleheads See the Future*, is an accessible introduction to stories of fools and a great next read for fans of the Fly Guy books. With short, funny chapters full of wordplay, jokes, and slapstick humor, the Noodleheads series is sure to delight. Based on traditional world folktales and stories of fools, the Noodleheads also encourage critical thinking, inviting kids to use their noodles spotting the holes in the brothers' grand plans and anticipating how things will go awry. An ILA/CBC Children's Choice.

The Jewish Story Finder Sharon Barcan Elswit, 2012-08-10 Storytelling as oral

tradition and in writing has long played a central role in Jewish society. Family educators and clergy employ stories to transmit Jewish culture, traditions, and values. This comprehensive bibliography identifies 668 Jewish folktales by title and subject, summarizing plot lines for easy access to the right story for any occasion. Some centuries old and others freshly imagined, the tales include animal fables, supernatural yarns, and anecdotes for festivals and holidays. Themes include justice, community, cause and effect, and mitzvahs or good deeds. This second edition nearly doubles the number of stories and expands the guide's global reach with new pieces from Turkey, Morocco, Libya, Tunisia, and Chile. Subject cross-references and a glossary complete the volume, a living tool for understanding the ever-evolving world of Jewish folklore.
