**Imagining the Heartland** Britt E. Halvorson, 2022-06-21 An overdue examination of the Midwest's long influence on nationalism and white supremacy Though many associate racism with the regional legacy of the South it is the Midwest that has upheld some of the nation's most deep seated convictions about the value of whiteness From Jefferson's noble farmer to The Wizard of Oz imagining the Midwest has quietly gone hand in hand with imagining whiteness as desirable and virtuous Since at least the U S Civil War the imagined Midwest has served as a screen or canvas projecting and absorbing tropes and values of virtuous whiteness and its opposite white deplorability with national and global significance Imagining the Heartland provides a poignant and timely answer to how and why the Midwest has played this role in the American imagination In Imagining the Heartland anthropologists Britt Halvorson and Josh Reno argue that there is an unexamined affinity between whiteness Midwestness and Americanness anchored in their shared ordinary and homogenized qualities These seemingly unremarkable qualities of the Midwest take work they do not happen by default Instead creating successful representations of ordinary Midwestness in both positive and negative senses has required cultural expression through media ranging from Henry Ford's assembly line to Grant Wood's famous American Gothic Far from being just another region among others the Midwest is a political and affective logic in racial projects of global white supremacy Neglecting the Midwest means neglecting the production of white supremacist imaginings at their most banal and at their most influential their most locally situated and their most globally dispersed

**Not Just Child's Play** Felicia R. McMahon, 2009-10-20 Winner of the 2008 Chicago Folklore Prize Felicia R McMahon breaks new ground in the presentation and analysis of emerging traditions of the Lost Boys a group of parentless youths who fled Sudan under tragic circumstances in the 1990s With compelling insight McMahon analyzes the oral traditions of the DiDinga Lost Boys about whom very little is known Her vibrant ethnography provides intriguing details about the

performances and conversations of the young DiDinga in Syracuse New York It also offers important insights to scholars and others who work with refugee groups The author argues that the playful traditions she describes constitute a strategy by which these young men proudly position themselves as preservers of DiDinga culture and as harbingers of social change rather than as victims of war Drawing ideas from folklore linguistics drama and play theory the author documents the danced songs of this unique group Her inclusion of original song lyrics translated by the singers and descriptions of conversations convey the voices of the young men Well researched and carefully developed this book makes an original contribution to our understanding of refugee populations and tells a compelling story at the same time The Road to the Two Sudans Souad Ali, Richard Lobban, 2014-03-17 Parallel with the previous volume of conference papers in 2008 Sudan's Wars and Peace Agreements most of these selected and thematic articles were originally presented as papers at the 31st meeting of the Sudan Studies Association SSA at Arizona State University in 2012 Since that time the Comprehensive Peace Agreement of 2005 provided for the self determination referendum of 2011 that resulted in the independence of the new Republic of South Sudan The previous book presaged this present volume as the perhaps inevitable outcome of endless conflicts with no serious effort to make unity attractive As this book goes to press the new Republic of South Sudan is itself wracked with violent conflict The hopes to build a new democratic and civil society in the south from the many inherited problems have now devolved to dysfunction itself Reading this book will realistically help in understanding these Roads taken The editors and authors have created a multi faceted account which reveals the complex foundations of these conflicts between north and south and recently within the south itself While Khartoum struggles onward with the Islamist project regional conflicts and grave economic problems Juba stumbles with corruption armed rebellion and a grave humanitarian crisis The half full glass of dreams of social and economic development supported by oil revenue has been replaced by a glass half empty with new varieties of political dysfunction in which both nations have grave problems in security and economic stability in a generally troubled regional neighborhood **Dancing Skeletons** Katherine A. Dettwyler, 2013-09-26 One of the most widely used ethnographies published in the last twenty years this Margaret Mead Award winner has been used as required reading at more than 600 colleges and universities This personal account by a biocultural anthropologist illuminates not soon forgotten messages involving the sobering aspects of fieldwork among malnourished children in West Africa With nutritional anthropology at its core Dancing Skeletons presents informal engaging and oftentimes dramatic stories that relate the author's experiences conducting research on infant feeding and health in Mali Through fascinating vignettes and honest vivid descriptions Dettwyler explores such diverse topics as ethnocentrism culture shock population control breastfeeding child care the meaning of disability and child death in different cultures female circumcision women's roles in patrilineal societies the dangers of fieldwork and facing emotionally draining realities Readers will laugh and cry as they meet the author's friends and informants follow her through a series of encounters with both peri urban and rural Bambara culture and

struggle with her as she attempts to reconcile her very different roles as objective ethnographer subjective friend and mother in the field The 20th Anniversary Edition includes a 13 page Q A with the Author in which Dettwyler responds to typical questions she has received individually from students who have been assigned *Dancing Skeletons* as well as audience questions at lectures on various campuses The new 23 page Update on Mali 2013 chapter is a factual update about economic and health conditions in Mali as well as a brief summary of the recent political unrest
