Australia in the Age of International Development, 1945-1975 Nicholas Ferns,2020-07-18 This book examines Australian colonial and foreign aid policy towards Papua New Guinea and Southeast Asia in the age of international development 1945 1975 During this period the academic and political understandings of development consolidated and informed Australian attempts to provide economic assistance to the poorer regions to its north Development was central to the Australian colonial administration of PNG as well as its Colombo Plan aid in Asia In addition to examining Australia s

perception of international development this book also demonstrates how these debates and policies informed Australia's understanding of its own development. This manifested itself most clearly in Australia's behavior at the 1964 United Nations Conference on Trade and Development (UNCTAD). The book concludes with a discussion of development and Australian foreign aid in the decade leading up to Papua New Guinea's independence achieved in 1975.

Indigenous Australia For Dummies Larissa Behrendt, 2021-02-17 A comprehensive relevant and accessible look at all aspects of Indigenous Australian history and culture. What is The Dreaming? How many different Indigenous tribes and languages once existed in Australia? What is the purpose of a corroboree? What effect do the events of the past have on Indigenous peoples today? Indigenous Australia For Dummies 2nd Edition answers these questions and countless others about the oldest race on Earth. It explores Indigenous life in Australia before 1770, the impact of white settlement, the ongoing struggle by Aboriginal and Torres Strait Islander peoples to secure their human rights and equal treatment under the law, and much more. Celebrating the contributions of Indigenous people to contemporary Australian culture, the book explores Indigenous art, music, dance, literature, film, sport, and spirituality. It discusses the concept of modern Indigenous identity and examines the ongoing challenges facing Indigenous communities today, from health and housing to employment and education, land rights, and self-determination. Explores significant political moments such as Paul Keating's Redfern Speech, Kevin Rudd's apology, and more. Profiles celebrated people and organisations in a variety of fields, from Cathy Freeman to Albert Namatjira to the Bangarra Dance Theatre and the National Aboriginal Radio Service. Challenges common stereotypes about Indigenous people and discusses current debates such as land rights and inequalities in health and education. Now in its second edition, Indigenous Australia For Dummies will enlighten readers of all backgrounds about the history, struggles, and triumphs of the diverse, proud, and fascinating peoples that make up Australia's Indigenous communities. With a foreword by Stan Grant, it's a must-read account of Australia's first people.

International Law and Indigenous Peoples Joshua Castellino, Niamh Walsh, 2005-03-01 This volume, a collection of essays by a variety of scholars in the field of indigenous rights, originates from the Irish Centre for Human Rights at the National University of Ireland in Galway. It highlights those instances in the work of international organizations where advances have been made concerning indigenous rights. It also devotes attention to the Permanent Forum on Indigenous Issues, to the Committee on the Elimination of Racial Discrimination, and to a number of thematic issues in the field. The human rights situations facing indigenous peoples in Australia, Bangladesh, Canada, India, Kenya, Mexico, Nicaragua, Nigeria, and South Africa are dealt with in separate chapters. These surveys show a range of reactions to the multiple problems of discrimination or lack of proper responses, as far as domestic legislation, national implementation of the laws, and national compliance with the applicable international standards are concerned.

Central Banks, Democratic States and Financial Power Jocelyn Pixley, 2018-10-11 Assesses central bank policies towards capitalist money creation and war finance against inflationary and deflationary class strengths in specific democracies.

Between

Consenting Peoples Jeremy H. A. Webber, Colin Murray Macleod, 2010 Consent has long been used to establish the legitimacy of society But when one asks who consented how to what type of community consent becomes very elusive more myth than reality In *Between Consenting Peoples* leading scholars in legal and political theory examine the different ways in which consent has been used to justify political communities and the authority of law especially in indigenous nonindigenous relations They explore the kind of consent the kind of attachment that might ground political community and establish a fair relationship between indigenous and nonindigenous peoples *A Decent Provision* John Murphy, 2016-03-16 A Decent Provision is a narrative history of how and why Australia built a distinctive welfare regime in the period from the 1870s to 1949 At the beginning of this period the Australian colonies were belligerently insisting they must not have a Poor Law yet had reproduced many of the systems of charitable provision in Britain By the start of the twentieth century a combination of extended suffrage basic wage regulation and the aged pension had led to a reputation as a social laboratory And yet half a century later Australia was a welfare laggard and the Labor Party's welfare state of the mid 1940s was a relatively modest and parsimonious construction Models of welfare based on social insurance had been vigorously rejected and the Australian system continued on a path of highly residual targeted welfare payments The book explains this curious and halting trajectory showing how choices made in earlier decades constrained what could be done and what could be imagined Based on extensive new research from a variety of primary sources it makes a significant contribution to general historical debates as well as to the field of comparative social policy **The Backroom Boys** Graeme Sligo, 2013-10-05 The Backroom Boys is the remarkable but little known story of how a varied group of talented intellectuals drafted into the Australian Army in the dark days of 1942 provided high level policy advice to Australia's most senior soldier General Blamey and through him to the Government for the remainder of the war and beyond This band of academics lawyers and New Guinea patrol officers formed a unique military unit the Directorate of Research and Civil Affairs under the command of an eccentric and masterful string puller Alf Conlon The Directorate has been depicted as a haven for underemployed poets or meddlesome soldier politicians Based on wide ranging research this book reveals a fuller and more fascinating picture The fierce conflicts in the wartime bureaucracy between public servants and soldiers in which the Directorate provided critical support to Blamey went to the heart of military command accountability and the profession of arms The Directorate was a pioneer in developing approaches to military government in areas liberated by the combat troops as demonstrated by the Australian Army in New Guinea and Borneo in 1945-46 It is an issue of enduring importance The Directorate established the Australian School of Pacific Administration and had an important role in founding the Australian National University Its influence extended into post war Australia The Backroom Boys emphasises the personality of Colonel Alf Conlon as well as the talented men and women he recruited Above all this book shows how unexpectedly the Australian Army fostered a group of men and women who made a lasting contribution to the development of Australia in the decades after the war *Central Banking in the Twentieth*

Century John Singleton, 2010-11-25 Central banks are powerful but poorly understood organisations In 1900 the Bank of Japan was the only central bank to exist outside Europe but over the past century central banking has proliferated John Singleton here explains how central banks and the profession of central banking have evolved and spread across the globe during this period He shows that the central banking world has experienced two revolutions in thinking and practice the first after the depression of the early 1930s and the second in response to the high inflation of the 1970s and 1980s In addition the central banking profession has changed radically In 1900 the professional central banker was a specialised type of banker whereas today he or she must also be a sophisticated economist and a public official Understanding these changes is essential to explaining the role of central banks during the recent global financial crisis *Seeking Racial Justice* Jack Horner, 2004 The author's personal account of his developing consciousness as a white player in the black theatre of Indigenous Australian affairs and in particular his work with FCAATSI The book is also a tribute to the diverse Aboriginal and non Aboriginal individuals and groups who dedicated themselves to the cause from 1938 to 1978 **From Moree to Mabo** Pamela Burton, 2010 This is the remarkable story of Mary Gaudron AC QC the first female Justice of the High Court of Australia With wit astonishing intellect and the tool of the law Gaudron exposed inequality and discrimination in the workforce and campaigned vigorously for women to be accorded equal pay and equal opportunities
