Nunneries And The Anglo Saxon Royal Houses:

Nunneries and the Anglo-Saxon Royal Houses Barbara Yorke, 2003-06-16 By the late Anglo Saxon period almost all newly founded nunneries were founded by royal patronage This detailed study which traces the histories of royal nunneries in the 7th and 8th centuries examines how they differed from other types of religious communities in terms of their organisation status special secular and ecclesiastical features and the authority and power which the abbess and other women held Barbara Yorke reveals how the royal nunneries were not only subject to the changing fortunes of the Church and state but also to the successes and failures of the royal houses that patronised them This particular group of nunneries is also compared and contrasted with the variety of other arrangements available to religious women both within and outside of convents and male religious establishments and with gender and societal norms

The Cartulary of Chatteris Abbey Chatteris Abbey, 1999 Takes its place as perhaps the finest available study of a house for women religious

ENGLISH HISTORICAL REVIEW The fifteenth century cartulary of the Benedictine nunnery of Chatteris Abbey in Cambridgeshire founded in the early eleventh century has important implications for the study of women religious especially in the light of the small number of surviving cartularies from English nunneries yet until now it has received little attention perhaps due to its damage in the Cotton Library fire of 1731 This critical edition of the manuscript which contains documents copied into it from the mid twelfth to the fifteenth centuries offers a full transcription together with historical notes and apparatus The introduction draws on the cartulary itself as well as manorial and episcopal records to analyse the nunnery's relationship with its patron the bishop of Ely and the development and management of its estates it also examines the location and layout of the abbey the social and geographical origins of the nuns and the production and organisation of the cartulary The edition is accompanied by an annotated list of all known abbesses prioresses and nuns

mountain plain coast downs fen and heath lie close By weaving history family stories travelogue and ecology Richard Morris reveals how Yorkshire took shape as a landscape and in literature legend and popular regard The result is a fascinating and wide ranging meditation on Yorkshire and Yorkshiriness told through the prism of the region s most extraordinary people and places *The Care of Nuns* Katie Ann-Marie Bugyis,2019-04-01 In her ground breaking new study Katie Bugyis offers a new history of communities of Benedictine nuns in England from 900 to 1225 By applying innovative paleographical codicological and textual analyses to their surviving liturgical books Bugyis recovers a treasure trove of unexamined evidence for understanding these women s lives and the liturgical and pastoral ministries they performed She examines the duties and responsibilities of their chief monastic officers abbesses prioresses cantors and sacristans highlighting three of the ministries vital to their practice liturgically reading the gospel hearing confessions and offering intercessory prayers for others Where previous scholarship has argued that the various reforms of the central Middle Ages effectively relegated nuns to complete dependency on the sacramental ministrations of priests Bugyis shows that in fact these women continued to exercise primary control over their spiritual care Essential to this argument is the discovery that the production of the liturgical books used in these communities was carried out by female scribes copyists correctors and creators of texts attesting to the agency and creativity that nuns exercised in the care they extended to themselves and those who sought their hospitality counsel instruction healing forgiveness and intercession **Dunstan** Douglas Dales,2023-01-01 St Dunstan of Canterbury 909 88 was the central figure in the development of English church and society after the death of King Alfred The author traces Dunstan s life beginning with his education at the great monastery of Glastonbury of which he became abbot He was a central figure at the court of the kings of Wessex but was banished partly because of his hostility to King Edwy s mistresses and went into exile in Flanders On the succession of Edgar to the throne Dunstan was called back to England and appointed Archbishop of Canterbury During the twenty eight years of his primacy he carried out one of the major developments of the century the reformation of the monasteries The author examines him not merely as a prelate and royal advisor but considers other aspects of his life his skill as a craftsman which caused him to be adopted as the patron saint of goldsmiths his works as calligrapher and artist some of which survive to this day the coronation service which he drew up which still lies at the heart of this service for English monarchs his celebrated musical skills and above all the sanctity of his name and the fame of his miracles which have kept Dunstan s memory alive This study of the life and legacy of Dunstan sheds light on the background and significance of the English Coronation Service Its fundamental shape and theology was established during the tenth century and used to potent effect by Dunstan and those associated with him in the government of Church and society This special edition marks the Coronation of King Charles III in 2023 *Medieval Women Religious, C. 800-c. 1500* Kimm Curran,Janet Burton,2023 This book addresses varied aspects of the lives and communities of medieval women religious in wester Europe Introduction *Women in England in the Middle Ages* Jennifer Ward,2006-10-12 Medieval women faced

many of the problems of their modern counterparts in bringing up their families balancing family and work and responding to the demands of their communities Of many women in the period of a thousand years before 1500 we know little or nothing though their typical ways of life on farms or in the towns can be reconstructed with accuracy from a variety of sources We know more about a far smaller number of elite women including queens such as Eleanor of Aquitaine and Margaret of Anjou noblewomen whose characters and attitudes can be sensed directly or indirectly and a variety of religious women Literary sources help flesh out real attitudes such as those of Chaucer's Wife of Bath Jennifer Ward shows the life cycle of medieval women from birth via marriage and child rearing to widowhood and death She also brings out the slow changes in the position of women over a millennium

Æthelflæd, Lady of the Mercians, and Women in Tenth-Century England Rebecca Hardie, 2023-11-06

thelflæd c 870-918 political leader military strategist and administrator of law is one of the most important ruling women in English history Despite her multifaceted roles and family legacy however her reign and relationship with other women in tenth century England have never been the subject of a book length study This interdisciplinary collection of essays redresses a notable hiatus in scholarship of early medieval England

thelflæd Lady of the Mercians and Women in Tenth Century England argues for a reassessment of women's political military literary and domestic agency It invites deeper reflection on the female kinships networks and communities that give meaning to thelflæd's life and through this shows how medieval history can invite new engagements with the past

Monasteries and Society in the British Isles in the Later Middle Ages Janet E. Burton, Karen Stöber, 2008

New essays on the monastic life in the later middle ages show that far from being in decline it remained rich and vibrant In recent years there has been an increasing interest in the history of the numerous houses of monks canons and nuns which existed in the medieval British Isles considering them in their wider socio-cultural economic context historians are now questioning some of the older assumptions about monastic life in the later Middle Ages and setting new approaches and new

agenda The present volume reflects these new trends Its fifteen chapters assess diverse aspects of monastic history focusing on the wide range of contacts which existed between religious communities and the laity in the later medieval British Isles covering a range of different religious orders and houses This period has often been considered to represent a general decline of the regular life but on the contrary the essays here demonstrate that there remained a rich monastic culture which although different from that of earlier centuries remained vibrant CONTRIBUTORS KAREN STOBBER JULIE KERR EMILIA JAMROZIAK MARTIN HEALE COLMAN O CLABAIGH ANDREW ABRAM MICHAEL HICKS JANET BURTON KIMM PERKINS CURRAN JAMES CLARK GLYN COPPACK JENS ROHRKASTEN SHEILA SWEETINBURGH NICHOLAS ORME CLAIRE CROSS
