person's WIIFM what's in it for me as a dominant factor motivating the behavior of people both the patients and the hospital staff I do not spare myself when addressing WIIFM as a behavior motivator There is caring for wounded hearts and how to manage those whose hearts are beyond either wounding or caring The legalities as well as the realities of how the mental health system works and the protections for those who are a danger to themselves or others or unable to care for themselves are presented here and I deal with the realities of psychiatric hospitalization and dispel the nonsense of a seventy-two hour psychiatric hold There is triumph and tragedy presented here in a uniquely engaging style by a true storyteller **From Hogs to Heaven** Tory C. Anderson, 2011-08-18 Laurel Rae Dickinson started her life during the Great Depression on an Iowa farm The third daughter of a farmer who needed boys she was expected to command mules drive tractors milk the cows and keep the old sow in line While she did her best in the end she didn't prove as manly as her two older sisters and may have been a disappointment to her father This changed after her accidental entry into the nursing profession She started out as assistant to a neurosurgeon and eventually found the high adrenaline life as an emergency room nurse where eventually she rose to be the director Just as her career and family life should have been peaking everything started falling apart as she found herself divorced and lying in her own emergency room with a broken neck looking up at her co-workers For many life would have ended here or at least been dimmed For Laurel it turned out to be just a new beginning in her journey from a hog farm in Iowa to finding a bit of Heaven on Earth Follow Laurel on her journey where through the decisions and deeds in her life she gives great insights into opportunity courage priorities perseverance and love *Essentials of Basic Nursing Procedures* Mr. Rohit Manglik, 2024-07-24 A practical manual on basic nursing procedures including hygiene vital signs and patient handling designed for nursing students and early clinical practice [The Spirit of Nursing](#) The Spirit of Nursing Project, 2019-01-28 The Spirit of Nursing is filled with stories from more than 40 authors who have been inspired by their choice of career Collectively they boast 1 091 years of practice diverse certifications and numerous degrees Some have just begun their practice and others have worked as nurses for half a century or more Read how we have earned the true credentials needed to provide care for strangers family members and each other Learn how we have earned the academic and honorary titles required to lead each other in our profession The stories we have collected here cover the moment each contributor knew he or she was to become a nurse what was learned and what was not in nursing school and unforgettable patients and colleagues But this book is about more than the sum of all of the parts that make up our nursing trajectories It is about the process of becoming and being a nursing colleague Filled with professionals who have earned their distinction as leaders in practice and healers in their communities it is rumination on what it means to care It is also a thank you to a line of work that has given us so much
