Help Me Help My Teen Maggie Dent, 2024-07-30. I love Maggie's style. Quite simply, when she talks, we should listen. Hamish Blake: A masterpiece, this book is the answer we've been waiting for. Dr Vanessa Lapointe: Australia's favourite parenting expert on how to understand and help our teens so they can thrive. Adolescence has always been a time of huge transformation, but today's teens deal with challenges that parents may never have imagined. An increasingly digital world, filled with social media, gaming and harmful content, along with changing cultural norms, has intensified the pressure to excel and fit in, leading to heightened levels of stress, anxiety and depression. Maggie Dent, Australia's queen of common sense parenting, believes that teens can handle these pressures with resilience and strength when they are supported by stable, loving connections with family, teachers and other caring adults. Drawing on up-to-date research, a survey of modern teens and her own experiences as a teacher, counsellor and mother, and her memories of being a teen, Maggie provides clear and compassionate advice for some of the most difficult, sensitive topics such as technology use, sex, drugs and alcohol, dropped school grades, mental health and identity, and shows us how we can provide a safe and supportive environment for all our teens. *Help Me Help My Teen* is a reassuring, practical guide for parents to help teenagers navigate adolescence and grow into confident, capable adults.

Parenting Right From the Start Vanessa Lapointe, 2019-10-08. In this book, her follow-up to the bestseller *Discipline Without Damage*, Dr Lapointe advises new parents how to put their child on a path to optimal development during the crucial early years. The baby and toddler years are the most important period for any child's emotional and psychological development. Parents naturally want to do what's best for their kids, but they often struggle to know what that is, especially when dealing with the big battlegrounds of sleep, feeding and managing aggression. The latest scientific research indicates that it is through a strong and stable sense of connection to their parents that children learn how to regulate their emotions, master social skills and develop a sense of identity. Unfortunately, many of the currently accepted parenting practices and traditional attitudes disrupt healthy connection rather than foster it, leading to behavioral issues and emotional problems that can last into adulthood. Dr Lapointe helps parents to understand how mindful and conscious
